Wisconsin Clean Sweep: Qualification Form Agricultural Pesticide Disposal Subsidy

Small businesses or Very Small Quantity Generators (VSQGs) disposing of **agricultural pesticides** at Wisconsin Agricultural Clean Sweep events are eligible for a 50 percent disposal cost subsidy from the Department of Agriculture, Trade and Consumer Protection.

The VSQG pays for half the disposal cost and DATCP will pay the other half as a reimbursement to the Clean Sweep project. Disposal subsidies are in addition to your grant funds. Abandoned businesses and governmental units (e.g. cities, counties, towns, schools) are also eligible for this subsidy. Businesses must pay all disposal costs for **non-agricultural pesticides**.

Complete the form below in order to receive this subsidy. If you capture information in another form such as a spreadsheet, you may submit that instead. Return completed form(s) with final the final report. Direct questions to Jane Larson, Clean Sweep program, (608) 224-4545, DATCPcswp@wisconsin.gov.
