## ADMINISTRATIVE RULES Fiscal Estimate & Economic Impact Analysis

---

17. Compare With Approaches Being Used by Federal Government  
None.

---

18. Compare With Approaches Being Used by Neighboring States (Illinois, Iowa, Michigan and Minnesota)

Illinois:

Landscape architects are licensed by the Illinois Landscape Architect Registration Board under the Illinois Department of Financial and Professional Regulation. The Board does not have a process for preliminary determinations concerning whether any court judgments against the applicant would result in a denial of a license. If an applicant has a criminal history, the board must consider mitigating factors and evidence of rehabilitation. The board may not consider sealed or expunged records.

Iowa:

Landscape architects are licensed by the Landscape Architectural Examining Board, attached to the Iowa Professional Licensing Bureau. The Board does not have a process for preliminary determinations concerning whether any court judgments against the applicant would result in a denial of a license. The application requirements are substantially similar to Wisconsin's requirements.

Michigan:

Landscape architects are directly licensed by the Bureau of Professional Licensing of the Department of Licensing and Regulatory Affairs. Under s. 339.202a, MCL, the department shall provide preliminary determinations concerning whether any court judgments against an applicant would result in a denial of a license.

Minnesota:

Landscape architects are licensed by the Minnesota Board of Architecture, Engineering, Land Surveying, Landscape Architecture, Geoscience, and Interior Design. The Board does not have a process for preliminary determinations concerning whether any court judgments against the applicant would result in a denial of a license. If an applicant has a criminal history, the board must consider mitigating factors and evidence of rehabilitation.
