## Wisconsin Department of Transportation

May 5 at 9:28 AM · 🌐

Starting May 11, families of teens who have successfully completed driver training requirements can choose to waive their road test. The waiver applies only to 16-17-year-olds that have completed classroom training, behind the wheel training with a licensed instructor and 30 hours of driving with a parent or guardian. The teen will then be issued a probationary license.

98-percent of the 16-17-year-olds who take the road test pass on their first or second attempt. During the COVID-19 response, more than 10,000 teen drivers in Wisconsin have not been able to take their road tests. Wisconsin DMV normally conducts about 2,000 road tests every week.

For those 18-years or older needing a road test, DMV has reopened the ability to schedule tests online. In-person road tests will resume by appointment-only on May 26 with added safety precautions to protect the driver and examiner. For those needing permit testing, DMV customer service centers will open to more in-person visits and have expanded hours starting May 11, Monday through Friday, from 7 a.m. to 5 p.m. [https://bit.ly/DMV\\_Pilots](https://bit.ly/DMV_Pilots)
