

Notice of Hearing

The Department of Natural Resources announces that it will hold a public hearing on an emergency rule to revise ch. NR 20, relating to Minocqua Chain walleye harvest regulations, at the time and place shown below.

NOTE: An identical hearing was held on June 1, 2020, but due to a technical malfunction, attendees may not have been able to access the hearing by phone.

Hearing Information

Date: July 16, 2020

Time: 2 p.m.

Location: Online via [Skype link](#); call-in at 1-866-715-6499, passcode 756 080 2998#

Rule Information:

This emergency rule will extend the existing walleye harvest regulation on the Minocqua Chain of Lakes (consisting of Kawaguesaga, Minocqua, Mid, Little Tomahawk and Tomahawk lakes) to May 2021. The current regulation is slated to sunset in April 2020. Extending this regulation by one additional year will allow walleye stocked into these waters to continue to replenish populations on the Minocqua Chain. The department anticipates that by 2021, adult walleye numbers will reach established goals and natural reproduction will occur.

This rule extends the zero bag limit and defines the size limit as “none” until May 2021.

Initial Regulatory Flexibility Analysis:

The department anticipates a minimal economic impact, if any, as a result of these rules. Because this rule will extend an existing regulation, local anglers and businesses are not anticipated to experience any new economic impacts. The department will solicit public input on potential economic impacts during development of the permanent rule.
