PROPOSED ORDER

An order of the Psychology Examining Board to amend Psy 4.017 (2) (b), relating to the renewal and reinstatement of licenses.

Analysis prepared by the Department of Safety and Professional Services.

ANALYSIS

Statutes interpreted: ss. 440.035 (2) and 440.08 (3) (b), Stats.

Statutory authority: ss. 15.08 (5) (b) and 440.08 (3) (b), Stats.

Explanation of agency authority:

Each examining board shall promulgate rules for its own guidance and for the guidance of the trade or profession to which it pertains and define and enforce professional conduct and unethical practices not inconsistent with the law relating to the particular trade or profession. [s. 15.08 (5) (b), Stats.]

The department or the interested examining board or affiliated credentialing board, as appropriate, may promulgate rules requiring the holder of a credential who fails to renew the credential within 5 years after its renewal date to complete requirements to restore the credential, in addition to the applicable requirements for renewal established under chs. 440 to 480, that the department, examining board or affiliated credentialing board determines are necessary to protect the public health, safety, or welfare. The rules may not require the holder to complete educational requirements or pass examinations that are more extensive than the educational or examination requirements that must be completed to obtain an initial credential from the department, the examining board or the affiliated credentialing board. [s. 440.08 (3) (b), Stats.]

Related statute or rule: Psy 4

Plain language analysis:

The objective of the proposed rule is to correct a drafting error in Psy 4 in CR 19-117, relating to renewal and reinstatement of licenses. CR 19-117 erroneously reduces the number of continuing education hours for late licensure renewal from 40 hours to 30 hours. The result is that licensees who renew their licenses late must report only 30 continuing education credits. Those who renew at the proper time must report 40 continuing education hours. The proposed rule will correct the error and restore equity between those who renew in a timely fashion and those who renew late.

Summary of, and comparison with, existing or proposed federal regulation:

None.

Comparison with rules in adjacent states:

Illinois:

The Illinois Department of Financial and Professional Regulation licenses clinical psychologists, prescribing psychologists, prescribing psychologists controlled substance, and prescribing psychologists clinical rotation program. Random audits of continuing education are performed. Additionally, Illinois offers “restoration” of an inactive license requiring verification of active practice is another jurisdiction, one year in an approved education program, six months in a supervised experience, or passing the examination.

Iowa:

The Iowa Board of Psychology is in the Bureau of Professional Licensure in the Department of Public Health. Random audits of continuing education are performed each renewal cycle. Additionally, Iowa offers “reactivation” of an inactive license, requiring an application, fee, verification of competence through a current license in another jurisdiction, and evidence of having completed 40 hours of continuing education, or, if the license has been inactive for more than five years, evidence of having completed 80 hours of continuing education.

Michigan:

The Michigan Board of Psychology is in the Department of Licensing and Regulatory Affairs. Continuing education is required for renewal starting in September 2019, and the department may audit licensees. Additionally, Michigan offers “relicensure.” If a license expired less than three years ago, the licensee is required to complete 40 hours of continuing education. If it has been more than three years, complete 40 hours of continuing education and provide evidence of a current license in another jurisdiction or, if no current license, complete the examination.

Minnesota:

The Minnesota Board of Psychology is a stand-alone agency. Random audits of continuing education are performed each month. Additionally, the Board offers “relicensure” after a voluntary or board termination if the licensee has not practiced without a license and complied with the requirements for examination and licensure in effect at the time of application for relicensure.

Summary of factual data and analytical methodologies:

The Board reviewed CR 19-117 finding that it erroneously reduces the number of continuing education hours for late licensure renewal from 40 hours to 30 hours.
