18. Compare With Approaches Being Used by Neighboring States (Illinois, Iowa, Michigan and Minnesota)

Illinois: Illinois states as one of the requirements for the funeral director and embalmer license that an applicant completes a twelve-month internship within the past 5 years, for which an intern license needs to be issued. The requirements for the intern license include proof of mortuary science education and a signed certification of acceptance for an internship by an actively licensed funeral director and embalmer in good standing. [IL Admin. Code 1250.120].

During the internship, the intern needs to submit 12 case reports every 3 months. Upon completion of the internship, the sponsor must complete a report stating that the intern has satisfactorily completed the requirements. The intern license may only be renewed twice. [IL Admin. Code 1250.130]

Illinois does not have a special criterion for regular license renewals. [IL Admin. Code 1250.200]

Iowa: In order to obtain a license to practice mortuary science in Iowa, an applicant must have completed a one-year internship under the direct supervision of a preceptor. If the internship is interrupted, it must be completed within 24 months of the date it commenced. Extension of an internship will be evaluated by the board depending on the length of time that has lapsed since the beginning of the internship and the experience attained by the intern. The preceptor must present two reports to the board: the first after six months of the start date of the internship, and the second at the end of the internship. Additionally, the intern must present to the board a report upon completion of the internship. [625 IAC 101.3 (1) and (2)]. Iowa only requires completion of continuing education to renew funeral director licenses. [645 IAC 101.7 (3)]

Michigan: Michigan requires completion of one year of resident training before conferring full licensure to practice mortuary science. Up to 6 months of resident training may be waived if the applicant has completed a bachelor's degree from an accredited college or university. [MI Admin. Code R 339.18921 (2)] A resident trainee must notify the department of any changes in supervisor or training location. The resident trainee license may only be renewed twice. [MI Admin. Code R 330.18923 (2) and (4)] In order to receive credit for the resident training, the trainee must submit a report to the department stating that a minimum of 5 embalmings must be performed during the previous 6 months. [MI Admin. Code R 339.18927 (1)]. Michigan does not have a special criterion for regular license renewals.

Minnesota: Minnesota requires applicants who are pursuing a license in mortuary science to complete a registered internship under the direct supervision of an individual who is currently licensed to practice mortuary science. The internship shall be a minimum of 2,080 hours within a three-year period unless 520 hours are waived upon completion of a practicum in mortuary science through the program of mortuary science of the University of Minnesota or an approved similar program. Any changes in the internship registration must be reported immediately to the commissioner. Registration must be renewed annually if the exceed one calendar year. [Minn. Stats. 149A.20 Sub. 6]

Minnesota does not have a special criterion for regular license renewals.
