Medicaid Personal Care Reimbursement Increase Authorized by 2021 Wisconsin Act 58

The State of Wisconsin reimburses providers for services provided to Medical Assistance recipients under the authority of Title XIX of the Social Security Act and ss. 49.43 to 49.47, Wisconsin Statutes. This program, administered by the State's Department of Health Services (the Department), is called Medical Assistance (MA) or Medicaid. In addition, Wisconsin has expanded this program to create the BadgerCare Plus programs under the authority of Title XIX and Title XXI of the Social Security Act and s. 49.471 of the Wisconsin Statutes. Federal statutes and regulations require that a state plan be developed that provides the methods and standards for reimbursement of covered services. A plan that describes the reimbursement system for the services (methods and standards for reimbursement) is in effect.

The Department is proposing changes to the fee-for-service Medical Assistance (MA) maximum fee rates for personal care services pursuant to changes mandated in [2021 Wisconsin Act 58](#), the 2021–2023 biennial state budget. The changes would be effective January 1, 2023.

The impacted services and the changes being implemented are listed below:

- The hourly rate for personal care services (Healthcare Common Procedure Coding System code T1019: Personal care services, per 15 minutes, not for an inpatient or resident of a hospital, nursing facility, ICF/MR or IMD, part of the individualized plan of treatment [code may not be used to identify services provided by home health aide or certified nurse assistant]) will increase to \$5.86 per interval which equates to \$23.44 per hour.

The change to Medicaid, BadgerCare, and BadgerCare Plus is projected to result in increased annual expenditures of \$38,400,000 all funds (AF), composed of \$24,300,000 federal match (FED) and \$14,100,000 state funds/general purpose revenue (GPR), effective January 1, 2023 – December 31, 2023.
