11. Policy Problem Addressed by the Rule Wisconsin Administrative Code Chapter SPS 130 currently outlines requirements for registered interior designers. The authority for the rules in SPS 130 was removed and transferred to the newly created Registered Interior Designers Section of the Examining board of architects, landscape architects, professional engineers, designers, professional land surveyors, and registered interior designers with the enactment of 2021 Wisconsin Act 195. The objective of this rule project is to implement the statutory changes from the act by creating chapters A-E 14 and 15 as a new part of the Wisconsin Administrative Code and by amending chapters A-E 1, 2, and 8 to add registered interior designers to the general provisions of the board. The new chapters cover the registration and continuing education requirements for registered interior designers.

14. Summary of Rule's Economic and Fiscal Impact on Specific Businesses, Business Sectors, Public Utility Rate Payers, Local Governmental Units and the State's Economy as a Whole (Include Implementation and Compliance Costs Expected to be Incurred) DSPS estimates a total of \$14,400 in one-time costs and \$4,600 in annual costs for staffing and an indeterminate one-time IT impact to implement the rule. The estimated need for 0.3 limited term employees (LTE) is attributed rule promulgation, staff training, and website and forms updates. The estimated annual staffing need for 0.1 full time employee (FTE) accounts for staff tasks such as responding to inquiries, processing applications, and issuing licenses. The one-time estimated costs cannot be absorbed in the currently appropriated agency budget.	
15. Benefits of Implementing the Rule and Alternative(s) to Implementing the Rule	

ADMINISTRATIVE RULES

Fiscal Estimate & Economic Impact Analysis

If new rules are not implemented as a result of this statute change, the practice of Registered Interior Designers will remain out of compliance with current state statute and may adversely affect the ability of Registered Interior Designers to practice in Wisconsin.

16. Long Range Implications of Implementing the Rule

The long range implication of implementing the rule is ensuring that registered interior designers are compliant with standards of practice and applicable Wisconsin statutes.

17. Compare With Approaches Being Used by Federal Government

None.

18. Compare With Approaches Being Used by Neighboring States (Illinois, Iowa, Michigan and Minnesota)

Illinois:

Interior Designers in Illinois are registered through the Illinois Department of Financial and Professional Regulation. The Registered Interior Designer Act empowers the Board of Registered Interior Design Professionals, governs the practice of interior designers in Illinois, and includes statutory direction regarding interior designer practice, examination, registration and renewal, continuing education, and penalty for unregistered practice [225 Illinois Compiled Statutes ch. 310].

Interior Designers in Illinois are required to complete 10 hours of continuing education per biennium, including one hour in sexual harassment prevention training and one hour pertaining to the subjects of professional conduct or interior design professional ethics. Finally, "All CE programs, activities or courses shall emphasize health, safety and welfare subjects" and meet certain other requirements. [Illinois Administrative Code Title 68 Part 1255 s. 1255.61]. Part 1255 of the Illinois Administrative Code further details rules for interior designers in the areas of registration, examination, seal and signature requirements, endorsement, continuing education, and granting variances. [Illinois Administrative Code Title 68 Part 1255 s. 1255.10 to 1255.90].

Iowa:

Interior Designers in Iowa are registered through the Iowa Department of Inspections, Appeals, and Licensing. The Iowa Interior Design Examining Board regulates the practice of registered interior designers. Chapter 544C of the Iowa Code includes statutes on registration, reciprocal registration, continuing education, penalty for violations of unlawful use of title, and grants administrative rulemaking authority to the board [Iowa Code ch. 544C.1 to 544C.13].

Section 193G of the Iowa Administrative Code for the Interior Design Examining Board further details rules for interior designers in the areas of registration, continuing education, professional conduct, and discipline. Interior designers are required to complete at least 10 hours of continuing education "in acceptable health, safety, and welfare subjects" per biennium. Carryover hours are not permitted. [193G Iowa Administrative Code ch. 3].

Michigan:

Michigan does not register, certify, nor license interior designers.

Minnesota:

Interior designers in Minnesota are certified through the Minnesota Board of Architecture, Engineering, Land Surveying, Landscape Architecture, Geoscience, and Interior Design. Chapter 326 of the Minnesota Statutes includes requirements for all professions within the board in regard to their scope of practice, certification requirements, grounds for disciplinary action, and continuing education.

Interior designers in Minnesota must complete at least 24 hours of approved continuing education, of which two must be in professional ethics, within the two years preceding renewal. Interior designers are allowed to carry over up to 50 percent of the biennial requirement of hours towards the next renewal period [Minnesota Statutes 326.107].

The Minnesota Administrative Rules have two chapters that include interior designers. Chapter 1800 is dedicated to licensing and operation for all professions on the board. Subsections 1800.2100 and 1800.2200 detail the provisions for
