The Wisconsin Department of Public Instruction (WDPI) is seeking to revise the state-determined levels of performance for core indicators of performance as part of the Strengthening Career and Technical Education for the 21st Century Act (Perkins V). Pursuant to Sec. Sec. 113(b)(3)(A)(i)(III) of the Act, states are to set the next four years (2025- 2028) of state determined levels of performance.

Further pursuant to the Act, the WDPI is required to provide an opportunity for the public to comment on the proposed performance levels.
