Rule Information:

This rule incorporates technical corrections and clarifications in Wisconsin code. Corrections consist of missing words and text in the code, typos and spelling misprints, and citation errors. Clarifications of existing rules will align Wisconsin language with federal code.

Accessibility

For the hearing or visually impaired, non-English speakers, or those with other personal circumstances which might make communication at the meeting/hearing difficult, DNR will, to the maximum extent possible and with reasonable advance notice, provide aids including an interpreter, or a non-English, large-print, or recorded version of hearing documents. To access these resources, please contact the email address or phone number listed below as soon as possible.

Appearances at the Hearing and Submittal of Written Comments

The public has the opportunity to testify at the hearing. Pre-registration is strongly encouraged if you plan to provide spoken comments during the hearing. To pre-register, either use the Zoom link above prior to the day of the hearing or download and complete the fillable [hearing appearance form](#) and send it to Catherine.Baerwald@wisconsin.gov.

Comments on the proposed rule must be received on or before May 15, 2024. Written comments may be submitted by U.S. mail, E-mail, or through the internet and will have the same weight and effect as oral statements presented at the public hearing.

Written comments and any questions on the proposed rules should be submitted to:

Initial Regulatory Flexibility Analysis:

The economic impact is expected to be minimal (less than \$50,000). Most of the corrections are minor in nature and should not result in major changes to current practices. The adoption of the technical corrections and clarifications will likely affect all regulated classes of generators, transfer, storage and disposal facilities, and universal waste and used oil managers.
