SFP 1.01 Statement of policy and purpose. (1)

Wisconsin state fair park serves the citizens of Wisconsin by providing a permanent location for the annual state fair and other programs of civic interest. Development of this unique park is made possible through procedures enabling the park to be financially self-supporting. Its contractual involvement with private enterprise is consistent with its legislative purpose.

(2) Hundreds of thousands of citizens visit the park during the state fair each year to see exhibits of Wisconsin's abundant agricultural, industrial and social achievements. During other periods of the year, sports attractions and other exhibits are on display. The purpose of chs. SFP 1 to 7 is to give notice of the required standards of conduct that insure the safety, well-being, and enjoyment of all these persons using and visiting the facilities of the state fair park.
