

termine how the voter casts his vote, and that no person can so see or determine from the outside of the room. After the opening of the polls the inspectors shall not allow any person to pass within the railing to that part of the room where the machine is situated except for the purpose of voting and except as provided in the next succeeding section of this act; and they shall not permit more than one voter at a time to be in such part of the room. They shall not themselves remain or permit any person to remain in any position that would permit him or them to see or ascertain how the voter votes or how he has voted. No voter shall remain within the voting machine booth or compartment longer than one minute, and if he should refuse to leave it after that lapse of time, he shall at once be removed by the inspectors.

SECTION 2. There is added to the statutes a new section to read: Section 44—6a. 1. The polls of election in all cities where voting is done exclusively by the use of voting machines shall open at 6:00 o'clock in the forenoon and close at 8:00 o'clock in the afternoon.

2. Any voter in any polling place awaiting his turn to vote at the time of the closing of the polls shall be permitted to vote.

SECTION 3. This act shall take effect and be in force from and after its passage and publication.
