In no case shall the payment made additional to the net salvage exceed twenty dollars for grade animals and forty-five dollars for pure bred animals. For animals reacting to the test and not coming under the joint co-operative agreement, the owner shall receive from the state a sum equal to the amount received for the carcass or live weight plus one-half the difference between the net amount of salvage and the amount at which the animal is appraised. When in the opinion of the state veterinarian, an animal is of sufficient value*

The net salvage obtained by the owner when submitted to the department on blanks and under regulations prescribed by it shall be used as a basis of payment as prescribed in this section, but in such instances no payment shall be made as salvage.*

SECTION 2. Subsection 3 of section 1492b of the statutes is amended to read: (Section 1492b) 3. In making the appraisement of diseased animals, the appraisers shall determine their value in the condition in which they are found at the time of the appraisement; but the appraised value of no single animal shall exceed the actual market value thereof at the time of such appraisement. * * * The appraisers shall immediately make a verified report to the justices of the peace, giving the number of animals appraised, and the amount each animal was valued at.
