**CHAPTER 32.**

AN ACT to create subsection (3) of section 29.31 of the statutes, relating to the use of dip nets to catch smelt in streams flowing into Lake Michigan or Green Bay.

*The people of the state of Wisconsin, represented in senate and assembly, do enact as follows:*

SECTION 1. A new subsection is added to section 29.31 of the statutes to read: (29.31) (3) Dip nets not exceeding eight feet in diameter with a mesh not less than one and one-half inches stretch measure while in use may be used for the taking, catching or killing of smelt in all the streams and rivers flowing into Lake Michigan and the northern and southern parts of Green Bay from March first to April fifteenth, both dates inclusive, of each year, in that part of such streams beginning at the mouth and extending ten miles inland.

SECTION 2. This act shall take effect upon passage and publication.

**CHAPTER 33.**

AN ACT relating to the Wisconsin Chicago Centennial of Progress Committee, and making an appropriation.

*The people of the state of Wisconsin, represented in senate and assembly, do enact as follows:*

SECTION 1. The Wisconsin Chicago Centennial of Progress Committee is increased from eight to fifteen members. As soon as possible after passage of this act the governor shall appoint three additional members, the lieutenant governor two additional senators, and the speaker of the assembly two additional assemblymen. Vacancies in the membership of the committee now existing or which may occur hereafter shall be filled, during or subsequent to the legislative session, by the governor if the vacancy occurs among the public representatives on the committee, by the lieutenant governor if it occurs among the representatives from the senate, and by the speaker if among the representatives from the assembly.

SECTION 2. The Wisconsin Chicago Centennial of Progress Committee shall have complete charge of all matters related to the Wisconsin exhibit at A Century of Progress Exposition to be held at Chicago this year. In the discharge of its duties the committee is authorized to receive and assume custody of any products and other exhibits of Wisconsin citizens, corporations or associations and to act as their agents in the disposition of such products when no longer suitable for exhibit purposes. The mention of any specific line of activity herein shall in no manner limit the powers of the committee, but it shall have authority to do all things necessary for an adequate presentation of the progress of the state agriculturally, educationally, industrially, and recreationally; provided, that it shall not incur any obligations beyond the amounts appropriated to it by law and such additional amounts as may be raised by popular subscription by the committee.

SECTION 3. The committee shall have authority to employ such employes as may be necessary, prescribe their duties, and fix their compensation, which shall not exceed two hundred dollars per month to any employe. Such employes shall not be subject to the provisions of chapter 16 of the statutes.

SECTION 4. The committee may call upon any state department, board, commission or institution to assist in the preparation of any exhibit, and said department, board, commission or institution is hereby authorized to co-operate with the Wisconsin Chicago Centennial of Progress Committee and may expend from its appropriations such funds as are deemed necessary in connection with any such exhibit.

SECTION 5. There is appropriated from the general fund to the Wisconsin Chicago Centennial of Progress Committee as a non lapsible appropriation thirty-five thousand dollars, or so much thereof as may be necessary to carry out the purposes of this act. Of this there is allotted five thousand dollars as a contingent fund to be drawn upon for petty cash disbursements. Separate vouchers shall be drawn from such contingent fund properly signed by the chairman and treasurer of the committee. The allotment to the contingent fund may be increased from time to time with the approval in writing of the governor. Out of the appropriation made in this section the commission shall pay outstanding bills and obligations and all expense which it may be necessary to incur hereafter in the discharge of its duties.

SECTION 6. All amounts received by the committee from sales for Wisconsin exhibitors shall be accounted for to them as per agreement. Receipts from sales on the committee's own account shall be paid within one week after receipt into the general fund of the state treasury and are appropriated therefrom to the committee and added to the appropriation made in section 5.

SECTION 7. The provisions of section 15.14 of the statutes, relating to quarterly estimates of expenditures and releases of appropriations by the director of the budget, shall not apply to expenditures from appropriations made in this act to the Wisconsin Chicago Centennial of Progress Committee. Disbursements from these appropriations shall be made as determined by the committee. An itemized record shall be kept of all disbursements showing the date, amount and purpose thereof and the person to whom paid, with his address.

SECTION 8. Upon completion of the work the committee shall, after paying all obligations, make a complete and final report of all its proceedings, receipts and expenditures to the governor and to the legislature, and file its original accounts and vouchers with the secretary of state. It shall then go out of existence upon the approval of its final report, and unexpended balances in its appropriations shall revert to the general fund.

SECTION 9. The purpose of this act is to stimulate Wisconsin trade and to bring new capital into the state, it being the view of the legislature that an adequate presentation of Wisconsin's agricultural, educational, industrial, and recreational advantages at the "A Century of Progress Exposition" will aid materially in bringing about this much desired result.

SECTION 10. This act shall take effect upon passage and publication.

Approved March 21, 1933.
