CHAPTER 245, Laws of 1973

AN ACT to create 27.01 (2r) (d) of the statutes, relating to a reservation system for campgrounds and campsite fees.

The people of the state of Wisconsin, represented in senate and assembly, do enact as follows:

27.01 (2r) (d) of the statutes is created to read:

27.01 (2r) (d) The department may establish a campground reservation system at any of the state parks or state forest campgrounds, and may participate with owners of private campgrounds in a cooperative reservation system. Fifty percent of the total number of sites at every campground under a reservation system shall be excluded from reservation, for the benefit of the traveling public. A reservation fee sufficient to equal the estimated cost of administering the system shall be charged. Reservations may be given to Wisconsin residents not more than 2 months prior to the reservation date and to nonresidents not more than one month prior to the reservation date, except that the department shall give reservations not more than 2 months in advance to all applicants, regardless of residency, if necessary to preserve eligibility for federal aid funds.
