(1) Submit to the commissioner the fees required under s. 601.31 (1).

(2) Annually within 120 days after the close of the provider's fiscal year, submit to the commissioner audited financial statements for the provider's most recent fiscal year, including an income statement, a balance sheet and accompanying notes, all prepared in accordance with generally accepted accounting principles on a basis consistent with prior years.

(6) Make available to any resident or prospective resident, upon request, a copy of audited financial statements for the provider's most recent fiscal year, any examination reports on the provider prepared by the commissioner in the previous 12 months and a 5-year summary of the facility's entrance and other fee increases. If the facility has not been in operation for 5 years, the provider shall make available a summary of the fee increases for the years in which the facility has been operating and a summary of projected entrance and other fee increases for the next years so that there is a summary available spanning a 5-year period.

(7) Establish and use an internal grievance procedure for grievances between the provider and residents of his or her facility. The provider shall submit a copy of the grievance procedure to the commissioner for approval and shall at least annually inform each resident of the grievance procedure. Each grievance procedure shall, at at minimum, provide for all of the following:

(a) The opportunity for any resident to submit a written grievance in any form.

(b) Prompt investigation of the grievance and its cause, and a hearing in situations in which one is needed.

(c) Participation in the procedure by one or more individuals who are authorized by the provider to take corrective action.

(d) Participation in the procedure by one or more residents in addition to the resident who submitted the grievance.

(e) Notification to the resident who submitted the grievance of the disposition of his or her grievance and any corrective action that was ordered.

(9) Comply with all applicable rules promulgated by the commissioner.

647.05 Continuing care contract provisions. A provider may not enter into a continuing care contract unless the contract:

(1) Is coherent, written in commonly understood language, legible, appropriately divided and captioned and presented in a meaningful manner. Each provider shall submit to the commissioner a copy of the form of the continuing care contract within 30 days after any change is made in that continuing care contract.

(2) Specifies what services are provided to the resident under the continuing care contract and what services are provided at an additional cost to the resident.

(3) Contains information about the status of a resident's claim against the facility's assets if the facility were to be liquidated.

(4) Includes a refund schedule.

(5) Specifies the circumstances and consequences of termination of the contract by either the provider or the resident.

(6) Provides that if a resident dies or the continuing care contract is terminated prior to occupancy or within the first 30 days after occupancy, the provider will refund at least the entrance fee less the cost of any reasonable refurbishing and less the cost of any care actually received by the resident that was not included in other charges by the provider.

(7) Provides that if a resident dies or the continuing care contract is terminated after the first 30 days of occupancy, but within the first 90 days of occupancy, the provider will refund at least 90% of the amount computed under sub. (6).

(8) Provides that if the resident terminates the continuing care contract after the first 90 days of occupancy, the provider will refund to the resident a portion of the resident's entrance fee that is no less than the amount of refund indicated on the refund schedule that is in effect under the terms of the resident's continuing care contract.

(9) Provides that if the provider terminates the continuing care contract after the first 90 days of occupancy for reasons other than wilful violation of the continuing care contract by the resident, the provider will refund to the resident a portion of the resident's entrance fee that is no less than the amount determined by subtracting the quotient of the resident's actual length of stay divided by the actual or projected average length of stay of residents in the facility from 1.0 and multiplying the result obtained by the resident's entrance fee, as those figures are specified in the resident's continuing care contract. This subsection does not apply if the provider terminates the continuing care contract because of the death of the resident.

647.06 Receivership or liquidation. (1) A petition for appointment of a receiver or liquidator for a facility may be filed by a resident, a resident's guardian or the commissioner in the circuit court for the county in which the facility is located. If the court determines, after notice to the provider and a hearing, that a provider is not able to meet the terms of its continuing care contracts and other obligations, the court may appoint a receiver or liquidator and may set forth the powers, duties, compensation and liabilities of the receiver or liquidator.

(2) Any provider who voluntarily seeks to liquidate a facility shall notify the commissioner in advance.

647.07 Penalties. Any provider who intentionally violates this chapter or rules promulgated under this chapter or who submits an application for a permit under s. 647.02 that intentionally contains a misstatement of fact is subject to a fine not to exceed \$10,000 or imprisonment not to exceed 9 months or both.

647.08 Inapplicable. This chapter does not apply to a provider that operates a facility that is created by and operated in accordance with a will and that is under the continuing supervision of a circuit court.
