Accy 3.01 Subjects. The subjects covered in the Wisconsin C. P. A. examination are such subjects affecting accountancy as the board may deem necessary.

Accy 3.02 Education, experience, training. Applicants are also examined as to their scholastic attainments under the title of *general education*, and as to their professional qualifications under the title of *experience* and *special training*. (1) The passing mark in *general education* is the requirement that the applicant must have completed at least a four year high school course of study or have received an equivalent education, the value of equivalents to be determined by the board.

(2) The passing mark in *experience* and *special training* is the requirement that the applicant has had at least three years accounting experience equivalent to that of a senior accountant in public practice, the efficiency of the experience to be judged by the board.

(3) In lieu of one and one-half years of public accounting experience or its equivalent, the board will accept educational training as an accounting major in a four year day course in business administration, in a school which has attained membership in the American Association of Collegiate Schools of Business Administration. Applicants who are graduates of such schools and who have completed the courses in accounting in such schools will be permitted to write the examinations, beginning with the first examination following their graduation, but no certificate will be issued until all other requirements of this paragraph are met.

Accy 3.03 Citizenship. Candidates for examination are limited to citizens of the United States or persons who have in good faith declared their intention of becoming citizens of the United States, and who are either residents of this state or are actually employed in this state.

Accy 3.04 Examination and re-examination. (1) A candidate who presents himself for the examination for the first time and who passes at least two subjects, and whose average of the grades of the remaining subjects is 50 or more, shall be credited with the subjects in which he has received a passing grade, and may upon application present himself for re-examination, in the subjects in which he failed, at any three of the six semi-annual examinations next following the examination at which he qualifies, provided, however, that if a candidate passes three subjects he shall be credited with the subjects passed, his grade in the remaining subject notwithstanding.

(2) If on his first examination the candidate passes all subjects, or on re-examination, the candidate passes the subjects in which he failed or did not receive credit, he shall be eligible for the C. P. A. certificate, provided, he has met the other requirements of the law and these regulations.

(3) A candidate who fails in the remaining three trials to receive passing grades in the remaining subjects, shall revert to the status of a new applicant, and will be required to write all subjects in the event he again is a candidate.

(4) A candidate who at his first examination or at any re-examination passes two subjects, but whose average of the grades of the remaining subjects, is less than 50, will not receive credit for the subjects passed, and he will be required to write all subjects as a new candidate.

(5) A candidate who has failed to receive a passing grade in at least one subject may not present himself for re-examination until at least one examination shall have intervened following his last examination or re-examination.

(6) A candidate's status ceases if he absents himself more than two successive examinations after writing his first examination. If he desires to become a candidate at some future date, it must be on the basis of a new application. Provided, however, that the absence of a candidate while serving in the armed forces of the United States government and for 6 months thereafter will not be regarded as an absence under this provision.
