

Chapter Hy 17

RAILROAD CROSSING ADVANCE WARNING SIGNS

Hy 17.01	General
Hy 17.02	Detailed design of railroad crossing advance warning sign

Hy 17.01 General. (1) **AUTHORITY FOR THESE REGULATIONS.** Pursuant to authority contained in section 192.48(2), Wis. Stats., the commission hereby specifies the details of the design of the standard railroad crossing advance warning sign.

(2) **GENERAL SPECIFICATIONS AND STANDARDS.** These signs shall conform substantially to the detailed design specifications given herein. Minor variations in size of sign and in dimensions of letters, border, and symbol will be permitted.

Hy 17.02 Detailed design of railroad crossing advance warning sign. (1) **SHAPE.** A circle.

(2) **SIZE.** Minimum diameter of sign shall be 30 inches.

(3) **COLORS.** Black letters, symbol, and border on a yellow background.

(4) **LETTERING.** "R-R," height 6 inches, stroke $1\frac{1}{2}$ inches on minimum diameter sign.

(5) **MESSAGE.** Diagonal cross consisting of two black bands each $2\frac{1}{2}$ inches in width at right angles to each other and 45 degrees to the vertical, with a letter "R" in each of the right and left quadrants.

(6) **SIGN LARGER THAN MINIMUM.** In signs larger than the 30-inch diameter minimum, the dimensions of the letters, symbol, and border shall be increased in proportion to the increase in sign diameter.
