**History:** Cr. Register, January, 1967, No. 133, eff. 2-1-67.

**S-L 24.03 Specimen Resolution for adoption of plan.** Any association that has determined to adopt the plan of paying earnings on specified qualifying amounts at a rate or rates higher than regular accounts, shall adopt a resolution in the following form:

**S-L 24.05 Initial qualifying period of issue.** Any association may elect to issue single payment certificates for the initial period of not less than 6 months nor more than 12 months. The necessity for this latitude in setting up the initial qualifying period is to enable the association to have the initial qualifying period terminate on a regular earnings distribution date. The automatic succeeding renewal qualifying periods should be for 6 months so as to have all qualifying periods end on regular earnings distribution dates.

**History:** Cr. Register, January, 1967, No. 133, eff. 2-1-67.

**S-L 24.06 Payment of earnings.** Earnings are distributable on single payment variable rate certificates as determined by the board of directors by the adoption of any one of the following options:

*Note:* If this option is used, then the form of single payment variable rate certificate as appearing in Wis. Adm. Code, section S-L 5.08 (1) (a) must be adopted by the directors.

(2) **OPTION NO. 2.** Regular earnings as determined by the board shall be distributable on the association's regular earnings distribution date. Extra earnings shall be distributable upon completion of the qualifying period. If the associations so elect, the total anticipated rate of earnings may be indicated in the certificate.

*Note:* If this option is used, then the form of single payment variable rate certificate, as appearing in Wis. Adm. Code, section S-L 5.08 (1) (b) must be adopted by the directors.

(3) **OPTION NO. 3.** On the qualified amount of this certificate at the expiration of the period ending (Date) \_\_\_\_\_, it is anticipated, subject to final determination of the board, that the holder will be paid earnings at the rate of \_\_\_\_\_ per cent per annum. Amounts withdrawn prior to such date shall receive earnings on the following basis, but in no event less than 50% of the regular rate of earnings: Unless the funds, represented by this certificate, have been outstanding for a period of not less than 6 months, as the result of an exchange of an existing savings account or the opening of a new account as of the date hereof, earnings shall be distributed at the rate equivalent to (1) \_\_\_\_\_ % of the regular announced rate.

(1) Insert the percentage of regular earnings to be paid on withdrawals prior to completion date.

*Note:* If this option is used, then the form of single payment variable rate certificate, as appearing in Wis. Adm. Code, section S-L 5.08 (1) (c), must be adopted by the board.

**History:** Cr. Register, January, 1967, No. 133, eff. 2-1-67.

**S-L 24.07 Earnings declared and unpaid.** So long as the association has any single payment variable rate certificates outstanding, prior

(2) Upon discontinuance of payment of extra earnings on single payment variable rate certificates, the association shall call in and cancel such certificates, and in lieu thereof, issue either a passbook savings account, as authorized by Wis. Adm. Code, section S-L 5.02 (1), or a certificate of earnings account as authorized by section S-L 5.03.

**History:** Cr. Register, January, 1967, No. 133, eff. 2-1-67.

**S-L 24.09 Use of passbooks prohibited.** The imprinting of or attaching of the single payment variable rate certificate in a passbook or an account book showing a record of payments and withdrawals is prohibited.

**History:** Cr. Register, January, 1967, No. 133, eff. 2-1-67.

**S-L 24.10 Certification by association's attorney.** If the association is one whose members' accounts are insured by the Federal Savings and Loan Insurance Corporation, the association's attorney must submit an opinion to the Federal Savings and Loan Insurance Corporation that:

Adm. Code, chapter S-L 10, including single payment savings account certificates participating in bonus earnings, exceed 50% of the association's total savings capital.

**History:** Cr. Register, January, 1967, No. 133, eff. 2-1-67.

S-L 24.13 General. Nothing in this chapter prohibits an association from issuing single payment variable rate certificates for an initial 6 month qualifying period, said initial qualifying period terminating between regular earnings distribution dates. In instances of this type, the association must make full provision for any unpaid earnings declared during such initial period as required under section S-L 24.07.
