(e) To submit periodically to the secretary a report of actual expenditures with relation to the administration of merit system operations.

(a) To develop and put into effect the merit system rule and regulations related thereto and be responsible for their application;

(b) To develop general policies in the administration of the merit system;

**History:** Cr. Register, December, 1968, No. 156, eff. 1-1-69.

**PW-PA 10.03 Classification plan.** (1) **PREPARATION AND ADOPTION OF PLAN.** (a) The division, in cooperation with the bureau, shall ascertain and record the duties and responsibilities of all positions to which this rule applies, and prepare a comprehensive classification plan. The classification plan shall include for each class of

position an appropriate title, a description of the duties and responsibilities, and the requirements of education, experience, and other qualifications.

(b) The classification plan as adopted shall be binding upon all agencies. The class title contained therein shall be used in all personnel and financial records of the agencies, as well as in all examination procedures.

(2) ALLOCATION OF POSITIONS. Every position in the agencies shall be allocated by the division, after consultation with the bureau, to one of the classes established by the classification plan. No person shall be appointed or promoted to any position until it has been properly classified as herein provided. As additional classes are established or existing classes are abolished or changed, such necessary allocation or re-allocation shall be made to new or existing classes as is necessitated thereby.

(3) REVISION OF PLAN. Existing classes of positions may be abolished or changed, or new classes added, in the same manner as the classification plan was originally adopted.

(4) INCUMBENTS OF RE-ALLOCATED OR RECLASSIFIED POSITIONS.

(a) When a position is re-allocated to a different class, not because of a change in duties and responsibilities but because of a re-appraisal of the position in terms of the total classification plan, no examination is necessary for the permanent employee who has been occupying the position and who qualified for it through an examination on the basis of its former classification.

(b) When a position is reclassified to a different class because of a change in duties and responsibilities or because of a subsequent re-survey, an examination may or may not be necessary for the permanent employee who has been occupying the position throughout the change and who originally qualified for it through an examination on the basis of its former classification. Decision as to the need for examination shall then be determined by the bureau on the basis of whether the reclassification represents a transfer, promotion, or demotion in relation to the former classification of the position.

**History:** Cr. Register, December, 1968, No. 156, eff. 1-1-69.

**PW-PA 10.04 Compensation plan.** (1) PREPARATION AND ADOPTION OF PLAN. (a) The division, in cooperation with the bureau, shall assemble data and develop a comprehensive compensation plan for all classes of positions. The plan shall include salary schedules for the various classes, with the salary of each class consistent with the functions outlined in the class specifications. Initial, intervening, and maximum rates of pay for each class shall be established to provide for steps in salary advancement without change of duty in recognition of meritorious service. In arriving at such salary schedules, prevailing rates in the counties of the state, conditions affecting the supply of competent persons, and other relevant factors shall be taken into consideration. The plan shall also include regulations covering salary increases and adjustments.

(b) The compensation plan as adopted shall be binding upon all the agencies.

(2) ADMINISTRATION OF PLAN. (a) The approved compensation plan shall constitute the official schedules of salaries for all classes of

positions in the agencies. No salaries shall be recognized for reimbursement by the division unless they conform to the approved compensation plan. The entrance salary for an employee shall be at the minimum salary for the class to which he is appointed, or as otherwise provided in the plan. Necessary salary adjustments affecting employees at the time of adoption or amendments of the compensation plan, or resulting from promotions, demotions, or transfers, shall be administered in accordance with the requirements of the plan.

(b) Salary advancements shall not be automatic, but shall be based upon quality and length of service, and shall be controlled by the provisions of the compensation plan, providing for fixed times for consideration of increases that an individual employee may receive.

(3) REVISION OF PLAN. Salary ranges for classes of positions shall be amended in the same manner as originally adopted.

**History:** Cr. Register, December, 1968, No. 156, eff. 1-1-69.

**PW-PA 10.05 Application and examinations.** (1) CHARACTER OF EXAMINATIONS (a) Examinations for entrance to the service shall be conducted on an open-competitive basis. Examinations shall be practical in nature, shall be constructed to reveal the capacity of the applicant for the particular position for which he is competing as well as his general background and related knowledge, and shall be rated objectively. A practical written test shall be included, except that where competition through an assembled examination is impracticable, an unassembled examination may be held. The bureau shall determine when competition through an assembled examination is impracticable.

(b) Examinations may also include:

1. A competitive performance test for stenographic and typing positions and other positions involving the operation of office machines;

2. A rating of education and experience for some professional, technical, supervisory, administrative, or other positions for which a written examination is impracticable;

3. An oral examination when practicable for positions requiring frequent contact with the public, or which involve important supervisory or administrative duties.

(2) NOTICE OF EXAMINATIONS. Public announcement of all entrance examinations shall be made reasonably in advance of the closing date. The bureau and the division shall make every reasonable effort to attract qualified persons to compete in these examinations. Public announcement of examinations shall specify the title and salary range of the class of position, the duties to be performed, the qualifications required, the final date on which applications will be received, except that for those classes for which there is to be continuous recruitment as provided in subsection (3) (b), a closing date need not be specified.

(3) FILING APPLICATIONS. (a) All applications shall be made on forms prescribed by the bureau and must be filed with the bureau or with the division prior to the examination. Such applications shall include a statement from the applicant of all pertinent information regarding his education, experience and any other information which the bureau may deem necessary. All applications shall be signed,

and the truth of all statements contained therein certified by such signature.

(b) In those classes of positions in which there is difficulty in securing qualified applicants, the bureau, with the approval of the division, may establish a recruitment program which is both positive and continuous. Under such a plan, applications may be accepted at any time and examinations held whenever applicants have filed in sufficient numbers to assure adequate competition.

(4) **DISQUALIFICATION OF APPLICANTS.** (a) The bureau may refuse to examine an applicant, or, after examination, to certify any eligible on a register if:

1. He is found to lack any of the preliminary requirements established for the examination for the class of position;

2. He is so disabled as to be rendered unfit for the performance of the duties of the class;

3. He is addicted to the use of narcotics or the habitual use of intoxicating liquors to excess;

4. He has made a false statement of material fact in his application;

5. He has previously been dismissed from any public service for delinquency, misconduct, or other similar cause;

6. He has used or attempted to use political pressure or bribery to secure an advantage in the examination or appointment;

7. He has directly or indirectly obtained information regarding examinations to which as an applicant he was not entitled;

8. He has failed to submit his application correctly or within the prescribed time limits;

9. He has been convicted of any infamous crime or other crime involving moral turpitude;

10. He has taken part in the compilation, administration, or correction of the examination;

11. He has been proven disloyal to the government of the United States of America;

12. He has otherwise violated provisions of this rule.

(b) A disqualified applicant shall be promptly notified of such action, and an applicant who is not admitted to an examination because of failure to meet the preliminary requirements shall be notified in writing to his last known address sufficiently in advance of the examination to allow for an appeal from rejection as provided for in section PW-PA 10.13 (1).

(5) **CONDUCT OF WRITTEN EXAMINATIONS.** (a) Written tests for the same class of position shall be conducted simultaneously in as many places as are necessary for the convenience of the applicants and as are practicable for proper administration. The bureau may designate such local examiners as may be necessary to conduct examinations under instructions prescribed by it and may also arrange for the use of public buildings in which to conduct the examinations.

(b) Appropriate means shall be used to insure that the identity of the competitors in no way influences their score in the examination, and that unauthorized persons do not have access to the examination at any time.

(6) **RATING EXAMINATIONS.** (a) In all examinations, the minimum grade through which eligibility on a register may be earned shall be fixed by the bureau. The bureau shall determine the final score for each applicant's examination, computed in accordance with the weights for the several parts established by the bureau.

(b) The bureau shall utilize appropriate scientific techniques and procedures rating the results of examinations and in determining the final scores of the competitors. In determining the system for rating results on the examination, the bureau shall give due regard to the number of candidates and to the number of vacancies which may reasonably be expected to occur during the life of the register.

(c) All applicants for the same position shall be accorded uniform and equal treatment in all phases of the examination procedure, except that there shall be no restrictions as to age in the case of veterans and except that other conditions being equal, a preference shall be given in favor of veterans of any wars of the United States. Preference points for service and a compensable disability shall be added to final grade of a successful applicant in the same manner as applied by the bureau for state applicants under chapter 16, Wis. Stats. Proof of eligibility for such preference may be requested at any time during the selection process, at the time of appointment, or during the life of an eligible register.

(7) **RATING EDUCATION AND EXPERIENCE.** (a) If education and experience form a part of the total examination, the bureau shall determine a procedure for the evaluation of the education and experience qualifications of the various applicants. The formula used in appraisal shall give due regard to recency and quality as well as quantity of experience and to the pertinency of the education. This procedure may allow for the substitution of education for experience, and experience for education, within the limits stated in the class specifications.

(b) The bureau may investigate the applicant's education and experience to verify the statements contained in his application form and to adduce evidence regarding his character and fitness.

(8) **ORAL EXAMINATIONS.** When an oral examination forms part of a total examination for a position, the bureau shall appoint one or more oral examination boards as needed. An oral examination board shall consist of 2 or more impartial members who shall be known to be interested in the improvement of public administration and in the selection of efficient government personnel, and at least one of whom shall be technically familiar with the character of work in the position for which the applicant will be examined. If practicable, all applicants qualifying for the oral examinations for the same class shall be rated by the same oral examination board.

(9) **NOTICE OF EXAMINATION RESULTS.** Each applicant passing the examination shall be notified by mail of his final grade as soon as the grading of the examination has been completed and the register established. An eligible, upon request and presentation of proper identification, shall be entitled to information concerning his relative position on a register. An applicant who has not achieved a passing grade in the examination shall be notified of his ineligibility.

(10) **PHYSICAL EXAMINATIONS.** Before appointment, applicants may be required to pass a satisfactory physical examination.

(11) **EXAMINATION RECORDS** The bureau shall be responsible for the maintenance of all records pertinent to the examination program. Applications and other necessary examination records shall be kept during the life of the register.

**History:** Cr. Register, December, 1968, No. 156, eff. 1-1-69.

**PW-PA 10.06 Registers.** (1) **ESTABLISHMENT OF REGISTERS.** (a) *Register.* After each examination, the bureau shall prepare a register of persons with passing grades. The names of such persons shall be placed on the register in the order of their final grades, starting with the highest.

(b) *Vacancy.* If a vacancy exists in a class of position for which there is no appropriate register, the bureau may prepare an appropriate register for the class from one or more existing related registers. For this purpose the bureau shall select registers for classes for which the qualifications and examinations are similar to or higher than those required for the class in which the vacancy exists. The bureau may, if necessary, rerate education and experience in accordance with section PW-PA 10.05 (7), on the basis of the qualifications required for the class in which the vacancy exists.

(c) *Wisconsin career candidate.* The classification has been established whereby college seniors and graduates are recruited and examined to establish eligibility for certification from the "Wisconsin Career Candidate" register. Under the county merit system, Social Worker I Trainee-County positions may be filled from this register. The use of this procedure governing county merit system positions shall be subject to the following provisions:

1. The bureau shall establish and maintain a "Wisconsin Career Candidate" register. Eligibles for appointment to Social Worker I Trainee-County positions may be certified from this register.

2. Examinations shall be conducted at such times as required to meet the needs of the service.

3. The bureau shall establish ranking or category procedures.

4. The bureau shall first certify the names of the available eligibles from this register who are residents of the county in which the vacancy exists.

5. In addition to certification of county residents, category certification will be made. In all cases, at least the highest category shall be certified. Additional categories may be certified at the discretion of the bureau.

(2) **DURATION OF REGISTERS.** (a) The life of each register shall normally be 6 months from the date of its establishment, but this period may be extended by the bureau for a period not exceeding 3 years in accordance with procedures established by the bureau. A register may be deemed by the bureau to be exhausted if fewer than 3 available eligibles remain on the register.

(b) The division shall notify the bureau as far in advance as possible of vacancies which may occur in the agencies. The bureau shall be responsible for determining the adequacy of existing registers and for the establishment and maintenance of appropriate registers for all positions in the agencies, exclusive of exempt positions.

(c) The bureau may recognize an appropriate register for a class of position established for state service and may certify from such registers under section PW-PA 10.07 governing certification.

(3) REMOVAL OF NAMES FROM REGISTERS. (a) The bureau may remove the name of an eligible from a register:

1. For any of the causes stipulated in section PW-PA 10.05 (4);

2. On evidence that the eligible cannot be located by reasonable means;

3. On receipt of a statement from the eligible declining an appointment and stating that he no longer desires consideration for a position;

4. If 3 offers of a probationary appointment to the class for which the register was established have been declined by the eligible;

5. If 3 agencies pass over the name on a register as unsuitable, written request may be made to the bureau by the division that the name of such person be omitted from any subsequent certification from the same register. The name of such eligible shall not be certified thereafter from that register for future vacancies in that class of position unless specifically requested by an agency.

(b) The bureau shall notify the eligible by mail to his last known address of this action and the reasons therefore. An eligible's name shall be reinstated on the register upon showing of cause satisfactory to the bureau as provided in section PW-PA 10.13 (3).

**History:** Cr. Register, December, 1968, No. 156, eff. 1-1-69.

**PW-PA 10.07 Certification of eligibles.** (1) REQUEST FOR CERTIFICATION. If a vacancy is anticipated or occurs in any position in any agency, or if new positions are established and new employees are needed, requisition shall be submitted by the agency to the division upon a prescribed form. A requisition shall be submitted for each position to be filled containing all pertinent information. After approval by the division the requisition shall be forwarded to the bureau.

(2) CERTIFICATION METHODS. (a) The bureau shall certify and submit in writing to the agency, copies to the division, the names of the highest available eligibles from the state-wide register who are residents of the county in which the vacancy exists, provided that when there are no available eligibles or there are an insufficient number of available eligibles who are residents of the county, certification shall be made on a state-wide basis.

(b) Certification for positions filled from the "Wisconsin Career Candidate" register will be made as provided under section PW-PA 10.06 (1) (c), and certification for all other positions will be made in the manner deemed most appropriate by the bureau.

(c) If, in the exercise of its choice provided under section PW-PA 10.08 (1), the appointing authority passes over the name of an eligible on a register in connection with 3 separate appointments it has made from the register, written request with the reason therefor may be made to the bureau by the division that the name of such eligible be omitted from any subsequent certification from the same register. Upon approval of the bureau, the name of such eligible shall thereafter not be certified from that register for future vacancies in that agency in that class of position.

**History:** Cr. Register, December, 1968, No. 156, eff. 1-1-69.

**PW-PA 10.08 Appointments.** (1) ORIGINAL APPOINTMENTS. (a) All appointments to positions in the agency exclusive of exempt positions shall be made in accordance with section PW-PA 10.07.

(b) In selecting persons from among those certified, the agency shall be permitted to examine their applications and reports of investigations in the office of the bureau, or in accordance with such regulations as the bureau may establish, and to interview them. Final selection shall be reported to the division and the bureau on prescribed forms.

(c) If the eligible selected declines the appointment, evidence of declination and other such data shall be transmitted to the bureau for permanent record. If an eligible accepts an appointment and fails to present himself for duty at the time and place specified without giving reasons for the delay satisfactory to the agency and bureau, he shall be deemed to have declined appointment.

(d) Appointments made necessary by reason of employees leaving to perform active military service in the armed forces of the United States necessitating replacement for a period to exceed 6 months shall be made from appropriate registers, in accordance with this section relating to permanent appointments subject, however, to termination for the purpose of reinstating any agency employee upon his being released from such service.

(2) PROVISIONAL APPOINTMENTS. (a) If, in the opinion of the agency there are urgent reasons for filling a position and there are no eligibles on a register established as a result of an examination for the position, and no other appropriate register exists, the agency may submit to the bureau the name of a person to fill the position pending examination and establishment of a register. If such person's qualifications have been certified by the bureau as meeting the qualifications as to education and experience for the position, such person may be provisionally appointed to fill the existing vacancy until an appropriate register is established and appointment made therefrom. Except as provided below, no provisional appointment shall be continued for more than 30 days after an appropriate register has been established for the class of position or for more than 6 months from the date of appointment. Successive provisional appointments of the same person shall not be permitted and a position shall not be filled by repeated provisional appointments, except as provided in section PW-PA 10.08 (2) (b).

(b) Provisional appointments may be extended at the end of the 6 months period with the approval of the bureau, and successive provisional appointments of the same individual to different positions and successive provisional appointments to the same position may be made in exceptional circumstances subject to the following conditions:

1. That an examination has been publicly announced and the bureau has found that a sufficient number of applicants has not filed to assure adequate competition.

2. That continuous receipt of applications has been provided in accordance with section PW-PA 10.05 (3) (b) and the examination is to be held whenever the bureau finds that enough applicants have filed to assure adequate competition.

(c) The continuous period of service as a provisional employee immediately preceding conversion to a probationary appointment may be considered a part of the probationary period.

(3) EMERGENCY APPOINTMENTS. (a) *Emergency appointments.* Whenever an emergency exists which requires the immediate services

of one or more persons, the agency may appoint a person or persons without regard to other provisions of this rule governing appointments. In no case, however, shall the same person be appointed for more than 90 working days during any 12-month period except as otherwise provided in section PW-PA 10.08 (3) (b). Each emergency appointment shall, when the appointment is made, be reported on prescribed forms to the division.

(b) *Civil defense disaster appointments.* When a civil defense emergency exists which requires the immediate services of one or more persons, the agency may appoint a person or persons without regard to other provisions of this rule governing appointments. The duration of the appointment shall be limited to the period of the civil defense emergency.

(4) **TEMPORARY APPOINTMENTS.** If an employee is needed for a temporary period, a certification shall be made by the bureau of the names of those eligibles who have indicated willingness to accept temporary employment. The duration of a temporary appointment shall be limited to the period of the need and in no event shall a temporary appointment continue for more than 6 months in any 12-month period. The acceptance or refusal of a temporary appointment shall not affect an eligible's standing on a register or his eligibility for a probationary appointment, and the period of temporary service shall not constitute a part of a probationary period. Successive temporary appointments shall not be made nor shall an employee receive continued temporary appointments.

**History:** Cr. Register, December, 1968, No. 156, eff. 1-1-69.

**PW-PA 10.09 Probationary period.** (1) **NATURE, PURPOSE AND DURATION.** (a) Except as otherwise provided in section PW-PA 10.09 (1) (b) and (1) (c), all original appointments to permanent positions shall be made from officially promulgated registers for a probationary period of 6 calendar months. The probationary period shall be an essential part of the examination process, and shall be utilized for the most effective adjustment of a new employee and for the elimination of any probationary employee whose performance does not meet the required standard of work.

(b) An extended probationary period may be applied to director positions up to a maximum of 12 months provided the certification request stipulates the extended probationary period and the recruitment announcement informs all applicants of such extended probationary period. At any time after the first 6 months of such probationary period the appointing authority may reduce the probationary period.

(c) In the case of trainees, the probationary period shall be the length of the training period.

(2) **CONDITIONS PRELIMINARY TO PERMANENT APPOINTMENT.** Permanent appointment of a probationary employee shall begin with the date ending the probationary period, provided that the division has received from the employee's supervisor prescribed forms showing that the services of the employee during the probationary period have been satisfactory and that the employee is recommended to be continued in the service. A performance report upon a form prescribed by the division must be submitted at this time. It shall be the responsibility of the division to obtain these forms 4 weeks prior to the

end of the probationary period. If it is determined by the agency that the services of the employee have been unsatisfactory, the agency shall notify the employee in writing in advance of the date his services are to be terminated. An employee whose appointment is to be made permanent shall also be notified. The agency shall notify the division of the action taken regarding the services of the employee.

(3) **PROMOTION DURING PROBATION.** The serving of a probationary period shall not, of itself, prevent an employee from being promoted to a position in a higher class, provided he is certified from an appropriate register for such higher class of position in accordance with the provisions of section PW-PA 10.07. If, within the above-mentioned limitations, an employee is promoted in this way during a probationary period, the probationary period for the class of position to which he is promoted shall begin with the date of appointment to such latter class of position.

(4) **TRANSFER DURING PROBATION.** (a) Except as otherwise provided in section PW-PA 10.09 (3), an employee shall not be transferred during his probationary period to a position of another class for which a register exists.

(b) No probationary employee shall be transferred to another agency until the probationary period has been completed.

(5) **TERMINATION DURING PROBATION.** (a) At any time during a probationary period, the services of an employee may be terminated without right of appeal or hearing, but the reasons given for the termination shall be submitted in duplicate in writing to the division. Unless an appointment is made permanent by the agency at the close of the probationary period in accordance with the provisions of section PW-PA 10.09 (2), the services of the employee shall be terminated, and no further salary or other compensation shall be payable to him.

(b) The bureau, after consultation with the division, may restore the name of a probationary appointee whose services have been terminated to the register from which he was certified, in accordance with the procedure described in section PW-PA 10.12 (7), but the bureau shall not in the future certify the name of such person to the same agency from the same register if he has been terminated for cause.

**History:** Cr. Register, December, 1968, No. 156, eff. 1-1-69.

**PW-PA 10.10 Promotions. (1) METHOD OF MAKING PROMOTIONS.**

(a) As far as is practicable and feasible, a vacancy shall be filled by promotion of a qualified employee based upon individual performance, with due consideration for length of service, and upon capacity for the new position. Preference in promotion may be given to employees within an agency, and all inter-agency promotions must be approved by the agencies concerned.

(b) A candidate for promotion must be certified to possess the qualifications for the position as set forth in the specifications for the class of position for which he is a candidate, and he may be required to qualify for the new position by promotional competitive or non-competitive examination administered by the bureau.

(2) **PROMOTION BY COMPETITIVE EXAMINATION.** If the position is to be filled by promotional competitive examination, such examina-

tion shall be given under the direction of the bureau. A promotional competitive examination may be limited to employees of the agency concerned or may be open to employees of all the agencies. An employee, to be eligible to compete for promotion, must meet the qualifications for the class of position. A promotional competitive examination may consist of any combination of the following: written tests, rating of education and experience, seniority, performance tests, and oral examinations. An announcement shall be made in advance of the examination, and the bureau shall take into consideration generally accepted merit system practices.

(3) **PROMOTION BY NON-COMPETITIVE EXAMINATION.** If the vacancy is to be filled by a non-competitive examination, the employee selected for promotion must meet the qualifications of the class of position for which he is a candidate for promotion. The bureau shall examine him by tests of the same relative difficulty and fairness as used in a competitive promotional examination, and, if found to qualify for the class, he shall be so certified by the bureau.

**History:** Cr. Register, December, 1968, No. 156, eff. 1-1-69.

**PW-PA 10.11 Transfers and demotions.** (1) **TRANSFERS.** (a) Except as otherwise provided in section PW-PA 10.09 (4), a transfer of an employee from a position in one agency to a position of the same class in another agency may be made at any time by the agencies concerned. All interagency transfers must be approved by the bureau and no examination is necessary.

(b) A transfer of a permanent employee from a position in one class to a position in another class on the same level may be made upon the request of the agency or agencies concerned with the approval of the bureau. The bureau shall require that the employee have the qualifications for the position in the new class. The bureau may also require a qualifying examination if the duties, responsibilities, skills and knowledges involved in the new position are dissimilar, either qualitatively or quantitatively, or in both respects, and the original examination cannot be considered appropriate.

(c) A transfer of a permanent employee from a classified position in the state service to a class of position under this rule, of the same or lower level, may be made upon the request of the agency with the approval of the bureau.

(2) **DEMOTIONS.** A permanent employee may be demoted for inefficiency or for other cause, but in all such cases the employee shall have the same rights of appeal to the personnel board as employees who have been dismissed.

**History:** Cr. Register, December, 1968, No. 156, eff. 1-1-69.

**PW-PA 10.12 Separations, tenure, and reinstatement.** (1) **RESIGNATIONS.** An employee who resigns shall present the reasons therefor in writing to the agency. Copies of the letter of resignation shall be forwarded to and recorded by the division.

(2) **DISMISSALS.** The appointing authority, after notice in writing to an employee prior to the effective date, stating specific reasons therefor, two copies of which notice shall be filed with the division, one of which shall be transmitted to the bureau by the division, may dismiss any employee who is negligent or inefficient in his duties, or unfit to perform his duties; who is found to be guilty of gross

misconduct; or who is convicted of a felony. When such conviction is final, the employee shall have no recourse to appeal to the personnel board.

(3) **SUSPENSION.** The appointing authority may, after written notice to the employee and the division prior to the effective date, suspend any employee without pay for delinquency, misconduct, or neglect of duty, for a period not to exceed 30 calendar days in any one calendar year.

(4) **REDUCTION OF FORCE.** The appointing authority may separate any employee, without prejudice, because of lack of funds or curtailment of work, or in order to permit reinstatement of employees upon their release from periods of military service in the armed forces of the United States. No permanent employee, however, shall be separated while there are emergency, temporary, provisional or probationary employees serving in the same class of position in the same agency. The order of separations due to reduction of force shall be based upon performance reports and seniority, under a formula to be formally established by the division, and all such separations shall be reported to the division.

(5) **TENURE OF OFFICE.** The tenure of office of every permanent employee shall be during good behavior and the satisfactory performance of his duties as determined by periodic performance reviews. This provision, however, shall not be interpreted to prevent the separation of an employee for cause or the separation of an employee because of lack of funds or curtailment of work, when made in accordance with this rule.

(6) **REINSTATEMENT TO PREVIOUS CLASS OF POSITION IN THE SAME AGENCY.** A permanent employee who has resigned while in good standing, or who has been separated without prejudice, shall be eligible for reinstatement with permanent status at any time within 3 years after the date of separation provided he has been certified by the bureau as meeting the current qualifications as to education and experience of the class of position to which he is being appointed.

(7) **REINSTATEMENT TO REGISTER.** Upon written request to the bureau, the name of a permanent or probationary employee who has resigned while in good standing or who has been separated without prejudice may be placed on a reinstatement register for the same or on a lower level closely related class of position in which he was last employed, provided he has been certified by the bureau as meeting the current qualifications as to education and experience of the class of position. Eligibility for reinstatement to the register shall be for 3 years.

**History:** Cr. Register, December, 1968, No. 156, eff. 1-1-69.

**PW-PA 10.13 Appeals.** (1) **APPEAL FROM EXAMINATION REJECTION.**

(a) An applicant whose application for admission to an entrance or promotional examination has been rejected may appeal to the bureau for consideration of his qualifications. The bureau shall consider such appeal, if in writing, provided it shall have been received by the bureau not later than 48 hours prior to the announced time for holding the written examination. The bureau's decision with respect to any such appeal shall be final.

(b) Applicants may be admitted to an examination by the bureau pending a consideration of a written appeal. Admission to an exam-

ination under such circumstances, however, shall not constitute the assurance of a passing grade in education and experience.

(2) **REVIEW OF EXAMINATION RATINGS.** An applicant who has taken an examination may appeal to the bureau for review of his grade in any part of such examination to assure that uniform grading procedures have been applied equally and fairly. Such appeal must be filed in writing at the office of the bureau within 30 days after the date on which notification of the results of such examination was mailed to the applicant. A grading in any part of an examination shall not be changed unless compliance with the foregoing conditions has been made and unless it is found by the bureau that a substantial error has been made. The bureau's written decision with respect to a review or change shall be final. A correction in the grading shall not affect a certification or appointment which may have already been made from the register.

(3) **APPEAL FROM REMOVAL FROM REGISTER.** A person whose name has been removed from a register for any of the reasons specified in section PW-PA 10.06 (3) (a) may appeal to the bureau for reconsideration. Such appeal must be filed in writing with the bureau within 30 days after the date on which notification was mailed. The bureau after investigation shall make its decision, and the appellant shall be notified accordingly.

(4) **APPEAL FROM TERMINATION, SUSPENSION, OR DEMOTION.** (a) A permanent employee who is terminated for cause, suspended, or demoted shall have the right to appeal to the personnel board. Such appeal shall be submitted in writing not later than 30 calendar days after the effective date of the action, and shall be transmitted to the bureau, which shall arrange for a formal hearing before the personnel board, such hearing to be held within 60 calendar days after receipt of the appeal. The bureau shall furnish the agency concerned with a copy of the appeal in advance of the hearing. Both the employee and the appointing authority shall be notified reasonably in advance of the hearing and shall have the right to present witnesses and give evidence before the personnel board.

(b) The Wisconsin state personnel board shall make a decision based upon the record presented at the hearing, which order shall be binding upon the appointing authority. The order may be appealed to the proper court.

**History:** Cr. Register, December, 1968, No. 156, eff. 1-1-69.

**PW-PA 10.14 Attendance and leave.** The appropriate appointing authority shall adopt regulations covering attendance, vacation, sick leave, and other types of leave. Such regulations shall be uniformly applicable, insofar as possible, to all employees of an agency. A copy of such regulations shall be filed with the division.

**History:** Cr. Register, December, 1968, No. 156, eff. 1-1-69.

**PW-PA 10.15 Performance reports.** The division shall have in effect a uniform system of performance standards for each class of position to be used by county agencies in making evaluations of work performance. Performance reports shall be prepared and recorded for all permanent employees periodically. Performance reports shall be considered in such personnel actions as salary advancements, and in making promotions, demotions, terminations for cause, and in

Register, December, 1968, No. 156

determining the order of separations due to reduction of force. Performance reports shall be discussed with the employee at the time of evaluation.

**History:** Cr. Register, December, 1968, No. 156, eff. 1-1-69.

**PW-PA 10.16 Politics and religion.** (1) NO INTERFERENCE WITH ELECTIONS. No employee of the agencies shall use his official authority or influence for the purpose of interfering with an election or affecting the results thereof. All persons occupying positions, while retaining the right to vote as they please and to express privately their opinions on all political subjects, shall take no active part in any partisan political campaign through management, public appearances, solicitation of funds or similar activity. All prohibitions of political activity provided for agencies administering federal grants-in-aid in the federal Hatch act apply to employees of the agencies.

(2) NO DISCLOSURES OR DISCRIMINATIONS. No question in any form of application or in any examination shall be so framed as to elicit information concerning the political or religious opinions or affiliations of any applicant, nor shall any inquiry be made concerning such opinions or affiliations, and all disclosures thereof shall be discountenanced. No discriminations shall be exercised, threatened, or promised by any person in the employ of the agencies against or in favor of any applicant, eligible, or employee because of his political or religious opinions or affiliations.

(3) FAIR EMPLOYMENT. Pursuant to provisions of sections 111.31-111.37, Wis. Stats., it is declared to be the public policy of the state to encourage and foster to the fullest extent practicable the employment of all properly qualified persons regardless of their age, race, creed, handicap, color, sex, national origin or ancestry. Wisconsin's fair employment practices law makes it unlawful, and subject to penalty to discriminate. The state fair employment practices statute is administered by the equal rights division of the department of industry, labor and human relations.

**History:** Cr. Register, December, 1968, No. 156, eff. 1-1-69.

**PW-PA 10.17 Other employment.** No employee shall hold other conflicting public office or have conflicting employment while in the employ of the agency. Determination of such conflict shall be made by the division.

**History:** Cr. Register, December, 1968, No. 156, eff. 1-1-69.

**PW-PA 10.18 Payroll certification.** The agencies shall certify the payrolls to the division on prescribed forms within 2 weeks following each payroll period. The division shall check the names, positions, salaries, and appointments which appear thereon and shall certify on each payroll to what extent the payroll conforms to the provisions of this rule and the supplementary regulations adopted pursuant thereto. This post-audit shall be made within a reasonable period after the receipt of the payrolls in the office of the division and shall become a permanent part of the records of the division. Any exceptions to the payroll shall be clearly indicated. The division shall be responsible for notifying any agency of any exception and for securing compliance with this rule.

**History:** Cr. Register, December, 1968, No. 156, eff. 1-1-69.

**PW-PA 10.19 Records and reports.** The division shall maintain a personnel record for each employee, showing name, title, county, salary, change in status, performance reports, and such other personnel information as may be considered pertinent. Every personnel action shall be submitted on prescribed forms to the division. The bureau shall receive such notice of personnel actions as it may require for carrying out its duties under this rule.

**History:** Cr. Register, December, 1968, No. 156, eff. 1-1-69.

**PW-PA 10.20 Applicability.** (1) All positions in the agencies, other than those in agencies where the department has delegated to a county civil service agency responsibility for determining qualifications of applicants for merit examinations and those positions hereinbefore exempted in section PW-PA 10.01 (12) shall be filled by persons selected in accordance with this rule.

(2) Counties adopting a civil service system shall submit to the division copies of their classification and compensation plans, class specifications including qualification requirements, and such other material as may be necessary to enable the department to determine acceptability of standards of qualifications, examinations, compensation, and rules and regulations.

(3) The bureau, with the approval of the division, may cooperate with other jurisdictions whose merit systems operate in conformity with standards comparable to those contained in this rule. With the approval of the division, the bureau may announce and administer joint examinations in conformity with this rule and the registers so established shall be given recognition under this rule. With the approval of the division, the bureau may, in the absence of an appropriate register for such class of position established under another merit system operating in conformity with these standards, accept regular certification from such registers under the article herein governing certification.

(4) An individual who presents evidence that he has received permanent merit status in a given class of position in an agency of another state or in a county agency where the department has made delegation to a county civil service agency may within 3 years after separation be appointed upon certification by the bureau to a position similar as to duties and qualifications subject to the probationary period as set forth in section PW-PA 10.09 provided he has been certified by the bureau as meeting the current qualifications as to education and experience of the class of position.

(5) An individual with 3 years of experience in an agency, upon the initial extension of the merit system to such agency, may be admitted to the examination covering the position in which he is presently employed. Upon the successful completion of the qualifying examination the individual may be employed in that position in the merit system agency except that a person not meeting the current qualification requirements of the class of position in which he is employed may not be permitted to perform social security aid functions.

**History:** Cr. Register, December, 1968, No. 156, eff. 1-1-69.

(2) This compensation plan constitutes the official schedule of salaries for all classes of positions in the respective agencies. This plan shall be applicable to all classes of positions in the agency effective January 1, 1969.

(3) The classification under group III applies only to positions of juvenile court attached staff operating under the merit system.

(4) At least the minimum for the class shall be paid, but no county shall be precluded from paying in excess of the maximum provided in the salary schedule although no reimbursement shall be made on any amount of salary in excess of the maximum provided in the schedule.

**History:** Cr. Register, December, 1968, No. 156, eff. 1-1-69.

**PW-PA 10.26 Entrance salary.** The entrance salary for an employee on first appointment shall be the minimum rate for the given range except as hereinafter provided.

(1) The county board of public welfare under section 46.22 (3), Wis. Stats. shall establish a minimum for each class of position at any step within the range. Example: An agency may select step (4) as the minimum for the Social Work Supervisor II—County classification, step (3) as the minimum for the Social Worker V—County classification, and at the same time select step (5) as the minimum for the Typist I—County classification. Agencies are encouraged to select a minimum for each class of position which will enable them to successfully recruit for staff vacancies. In counties with court attached staff, the juvenile court judge shall establish a minimum for each class of position attached to his court.

(2) An entrance rate above the initial rate, when established as indicated above, shall remain in effect as the minimum until the agency requests a further increase or a decrease.

(3) The division of family services may approve the appointment of an eligible at a rate within the range for the classification of positions under groups I, II, and III, if, in the opinion of the division, the education and experience of the eligible justifies such rate and a recommendation for such payment has been made by the appointing authority. In such instances, a new minimum for all employees in the same class would not be established. Such recommended increase shall be limited to 2 steps above the established minimum.

**History:** Cr. Register, December, 1968, No. 156, eff. 1-1-69.

**PW-PA 10.27 Salary adjustments.** (1) ADJUSTING SALARIES TO THE REVISED SCHEDULES. (a) The rate of pay of those employees below Register, December, 1968, No. 156

the minimum in the revised schedule shall be adjusted to the minimum not later than January 1, 1969, and whenever subsequent increased minimums are established by the county.

(b) If at the time this compensation plan goes into effect the salary of any employee does not coincide with one of the step intervals, adjustment need not be made and reimbursement will be made on the amount paid in multiples of \$5.

(c) Permanent employees may be paid at a rate of one intermediate step above the minimum for the classification in accordance with section PW-PA/10.27 (8).

(2) PROMOTIONS—RECLASSIFICATIONS. An employee who is promoted or reclassified shall have his salary adjusted at least to the minimum rate of pay for the new class if his salary before promotion or reclassification fell below such minimum rate.

(3) DEMOTIONS. An employee who is demoted shall have his salary reduced at least to the maximum rate of the new class if his salary before demotion was greater than the maximum rate of the new class.

(4) TRANSFERS. An employee who is transferring shall be paid a salary within the established range for the classification of the agency to which he is transferring.

(5) REINSTATEMENTS. An employee who is certified from a reinstatement register may be paid at any rate within the established salary range of the class reinstated to, which is not greater than the last rate received. If the employee is not placed on probation when reinstated he may be paid at the permanent status in class minimum (PSICM) of the class if this rate exceeds the last rate received.

(6) PART-TIME AND OVERTIME EMPLOYMENT. The rates prescribed in the salary ranges are the rates payable for full-time employment subject to vacation, sick leave allowances, etc. When employment is on a part-time basis or for a portion of a month, the proportionate part of the rate for the time actually employed shall be paid. Overtime payments, necessitated by acute labor shortages, may be approved when the hourly rate is straight time computed on the basis of the regular monthly salary.

(7) COST-OF-LIVING BONUS. This compensation plan makes no provision for, nor does it recognize, a cost-of-living bonus. Reimbursement will be made exclusively on compensation paid as salary within the established ranges of the schedules under section PW-PA/10.25.

(8) PERMANENT STATUS IN CLASS MINIMUM (PSICM). Whenever a new minimum is established, the agency may adjust the salary of an employee with permanent status in the class to one intermediate step above the minimum for the classification.

**History:** Cr. Register, December, 1968, No. 156, eff. 1-1-69.

**PW-PA 10.28 Salary advancements.** (1) All salary advancements (merit increases) shall be based upon quality and quantity of work as reflected by performance reports, and upon other recorded measures of performance, giving due consideration to length of service.

(2) Salary advancements (merit increases) shall be equitably distributed among the eligible employees of all classes of positions.

(36) PROJECT SERIES. COUNTY (GROUP VI). (a) *General information.* 1. This series is intended to classify professional and sub-professional positions involved in special research or demonstration projects. Typically, these special projects are funded through special funds or grants. Normally, they have defined ending dates.

2. To provide the flexibility necessary to classify a wide range of positions the series is broad in terms of the qualifications required and the duties encompassed.

3. In order to facilitate staffing projects, personnel administration channels that will accomplish the following must be provided:

a. Flexibility in recruiting and appointing uniquely qualified individuals who are experts in the specialties of proposed projects.

b. Provision for agencies to be able to use regular, permanent staff in development, administration of a project (or part of it), or in coordination with regular services.

c. Protection of regular county personnel processes in staffing actions, position allocation, and in salary administration, so that urgent project personnel decisions do not create personnel problems within the rest of the agency.

d. Provision of a series at all salary levels to enable appointment of professional and technical assistants at lower levels. (Maximum use of lower level staff will facilitate the best use of the top level experts who are in such scarce supply.)

(b) *Exclusions.* All positions which are not involved in projects as described in Section I are excluded from this series including positions in which the employes are in career positions. This series is not to be used for positions in the regular service when the existing classification structure is not adequate.

(c) *Job descriptions.* 1. *Project Associate I. County.* (Descriptive subtitle for position) The duties of persons allocated to this class usually involve working on studies assigned to higher level project

associates. The assignments provide training and experience in dealing with the research design and subject matter areas of the project. The assignments typically are well defined and are closely supervised by higher level project associates. The results of work done by associates at this level are subject to close review. Higher level project associates are available for consultation on research methods, sources of pertinent literature and other problems which may arise.

2. *Project Associate II. County.* (Descriptive subtitle for position)

a. At this level, assignments are typically small segments of the projects which involve recurrent and predictable factors. Although the studies may stand alone, more frequently they are to be integrated into larger segments of the project. They require the applications of subject matter knowledge gained in normal undergraduate preparation or, experience on the project. The techniques used involve standard research methodology normally not requiring major innovations.

b. Typically, the studies' objectives are defined but the details on how to accomplish these objectives are left to the employe. Although consultation is available, employes in this class are expected to work with a minimum of supervision until the assignment is completed. The original planning of the study and its conclusions are subject to fairly close supervision and changes in methodology and objectives are subject to prior approval.

3. *Project Associate III. County.* (Descriptive subtitle for position)

a. Typically, assignments at this level involve numerous and unpredictable factors and require sophisticated methodology approaches to their analysis. Although the objectives of the study are defined, employes in this class are given broad leeway in planning the study, choosing methodology and determining timing requirements. The methodology represents standard techniques although typically they are sophisticated and complex. Modifications of established techniques may be instituted by employes in this class. They are responsible for the accuracy of their results and for selecting the proper methodology. Also, they may be responsible for clerical and technical assistants.

b. The studies are subject to the review of supervisors in terms of their scope and objectives and the adequacy of results. There are guidelines available, e.g., past studies, journals, textbooks, etc., relating to techniques and methods, sources of data and its limitations and conclusions reached in related studies.

4. *Project Associate IV. County.* (Descriptive subtitle for position)

a. Positions allocated to this class are of three general types 1) consultants on a project-wide basis including research consultation 2) administrators of projects 3) persons who have responsibility for segments of large projects.

b. Regardless of type, they all have certain common characteristics. The assignments require the ability to ascertain the need for changing study goals and methodology in light of project findings and for adapting and modifying the research methodology involved. They may initiate further limited studies based on project results informing superior of the decision. Employes in this class are characterized by an advanced degree of professional independence and they provide consultation on advanced and highly technical problems. They are responsible for planning the efficient use of professional and clerical staff, equipment and facilities.

c. The results of studies they conduct are subject to the review of superiors primarily for the adequacy of results, conformity to policy and suitability for distribution. The technical competence is usually assumed.

5. *Project Associate V. County* (Descriptive subtitle for position)

a. Assignments at this level are similar to those at the project associate IV level except that they involve full responsibility for several related studies of a major project. The work involves the full scope of research methodology from the planning of methods and objectives, execution, interpretation of results and final reports.

b. Typically, studies characteristic of this level involve the development and modification of new procedures. Employees in this class are recognized experts in research methodology and/or subject matter related to the project. They are held accountable for all aspects of their studies and for the effective use of all assigned staff and materials.

c. The supervision received is very nominal and relates to a review of overall results or of major changes in objectives of the studies. Progress is reported in staff conferences and through periodic reports. Guidelines are frequently non-existent, incomplete or inconsistent. Employees in this class, therefore, require a comprehensive knowledge of the related subject matter areas.

6. *Project Administrator I and II. County.* (Descriptive subtitle for position)

a. There are 2 general types of positions allocated to classes at these levels. 1) "Research Directors" which includes positions in which the person is hired principally to utilize his research skills and 2) "Project Administrators" in which the person is hired to administer and coordinate large projects but where the highly technical research is done by subordinates, or, depending on the situation, is not a major facet of the project. The major factors involved in determining the grade level of the former type are: 1) the qualifications of the individual filling the position; 2) the inventiveness required and the availability of existing knowledge; 3) the direction and guidance available in the research setting; and 4) the scope and characteristics of the investigation. (The levels of difficulty and responsibility for these factors will be determined in a point-comparison fashion by a committee of representatives.)

b. The second type of positions (project administrators) will be evaluated in a similar fashion, however, the factors will be different. Tentatively, the factors which determine the salary grade are: 1) the nature and scope of the project and the extent to which the results will affect the department's programs; 2) the scope and nature of the project administrator's responsibility and authority in terms of the project itself; 3) the nature of and extent to which the demands of the project reflect in the need for special qualifications of the project administrator. Considered here are the depth of subject matter knowledge required, administrative and supervisory abilities, creativity, etc. Also considered in factor 3 is the degree to which an employee's exceptional qualifications and stature can affect the "normal" level of the position. These factors will also be evaluated by a committee of representatives according to a defined classification system.

(d) *Qualifications.* As indicated in subsection (c) of this standard, the qualification requirements will reflect the appropriate subtitle.

The specific requirements may be determined for each project depending on its needs. The following guidelines are provided as a framework in which the specific qualifications will be established. Unique or highly pertinent training and experience may be evaluated in a manner which allows substitution on an accelerated basis.

1. *Project Associate I. County.* Training equivalent to that achieved through attainment of a college degree.

2. *Project Associate II. County.* Requirements for I and, in addition, two years of professional level experience or graduate training.

3. *Project Associate III. County.* Requirements for II and, in addition, one additional year of professional work or experience. Graduate study in a field related to the subtitle may be substituted for the experience.

4. *Project Associate IV. County.* Requirements for III and, in addition, one year of professional level work experience. Appropriate graduate training may be substituted for work experience and a doctorate may substitute for all the work experience.

5. *Project Associate V. County.* Requirements for the Project Associate IV level and one additional year of experience or training.

6. *Project Administrator I and II. County.* The requirements for the project associate V shall be a guideline for these classes, but inasmuch as qualifications are a major part of the classification evaluation system and are related to the other factors determining salary grades, no additional, specific, requirements are established in this standard. In any case, they should not be lower than that required for the project associate V.

(37) PROJECT ASSISTANT SERIES. COUNTY (GROUP VI). (a) *Introduction.* The project assistant series is limited to the type of position in which the service can best be done by a person who has extensive understanding of the problems in an area or neighborhood and can gain acceptance by and maintain effective communications with residents to be served.

1. *Inclusions.* a. Typically the positions would involve a professional or semi-professional service in such fields as labor market services, counseling, education, public health, delinquency prevention, community organization, casework or training.

b. To provide the flexibility necessary to classify a wide range of positions, the series is broad in terms of duties and qualifications. As in the project series, vacancies in these classes will be filled in close cooperation with county agencies so that:

1) Staff can, when necessary, be selected who possess the required understanding, communication skills and acceptance required by the program.

2) Salary and qualifications at entry bear a reasonable relation to classifications with similar duties which do not require the special neighborhood acceptance or communication.

3) Semi-professional staff can be used to best advantage in extending services of specially qualified professional staff who are in very short supply.

2. *Exclusions.* No position shall be classified in this series unless the duties require unique understanding, communication skills, or cultural acceptance, for successful performance. This series is not to

be used for other positions in the service because the existing specification structure is not adequate or when the desired salary range is not available.

(b) *Position standard.* The range of services which may be required (largely in poverty services) is so very wide that the class and subtitle shall be established for each position, or group of similar positions, in close relationship to other related classes. The qualification requirements in each case shall reflect necessary training and/or experience needed on the job and a reasonably parallel relationship to other similar jobs in standard professional or semi-professional classes. In general, duties include outreach, follow-up, case aide and related semi-professional actions requiring unique acceptance and communications skills needed to assist professional staff to make maximum use of their specialized skills. Duties will include such tasks as those included in parallel classes in the salary range, such as social services aide and case aide.

(c) *Qualifications.* Specialized or unique understanding, acceptance and communications skill, plus a reasonably parallel training and/or experience requirement related to the standard class for the type of service, level and salary range. Training and experience equivalencies shall also provide recognition for the additional specialized neighborhood expertise. See Compensation Plan for salary ranges, Project Assistant III—County; Project Assistant II—County; and Project Assistant I—County.
