(3) SUPERVISOR OR COORDINATOR. A supervisor or coordinator under this rule is a person employed by a public school board of education, a county handicapped children's education board, or a cooperative educational service agency as a general supervisor, special education supervisor, director of instruction, or special education director within any district, city school system, county handicapped children's education board, or cooperative educational service agency. All general supervisors, coordinators, and directors of instruction shall hold supervisors' licenses or certificates. In the case of special education supervisors, coordinators, and directors this regulation shall take effect as of the school year 1966-67 and thereafter.

(a) A supervisor or coordinator in any public school system in Wisconsin must hold or be eligible to hold a license to teach in Wisconsin at the level of supervision and must have had at least 3 years of public school teaching experience at that level. Such license shall become invalid when the holder no longer holds or is eligible to hold a valid Wisconsin teacher's credential. The months and years of employment as an active supervisor or coordinator licensed in Wisconsin as such may be counted for renewal licensing purposes, as both teaching and supervising or coordinating time.

1. To obtain a license to act as supervisor or coordinator, the applicant must be at least 24 years of age and must be a citizen of the United States. He must hold a master's degree with graduate courses in the areas of curriculum; supervision; measurements; guidance;

and child and/or adolescent development. Note that this master's degree may be in any field but must contain the pattern shown in this paragraph.

2. If employed to act as supervisor or coordinator of both elementary and secondary fields, this person must have successfully completed courses at the graduate level in elementary supervision and curriculum if licensed to teach in high school or in secondary supervision and curriculum if licensed to teach in elementary schools. Supervision and curriculum courses covering both the elementary and secondary fields will be accepted.

3. The original license for supervisor or coordinator shall be for 3 years. This license may be renewed upon satisfactory proof of successful work as supervisor or coordinator. A life certificate may be issued by the state superintendent to those successfully completing 2 post-master's degree courses in education of at least 2 credits each and by producing evidence of successful work as supervisor or coordinator for 3 or more years in Wisconsin public schools while holding a supervisor's or coordinator's license. This credential shall become invalid if for 5 or more consecutive years the holder is not actively employed as a supervisor or coordinator or director of instruction in public schools requiring the holding of a valid supervisor's license. Such nullified credentials may be renewed under regulations in force at the time of the application for renewal.

(b) To secure a special education supervisor's, coordinator's, or director's license, a person must meet the qualifications in sub. (a) 1 and must also hold an undergraduate, or master's degree, or certification in one area of exceptionality. In addition, a person must have completed a minimum core of 6 graduate credits in the area of supervision and administration of special education programs; field work or internship in the supervision and administration of special education; and/or seminar in the supervision and administration of special education programs. The state superintendent may also substitute equivalency credit upon the submission of evidence attesting to competence in this area.

1. The original license for a level B special education supervisor, coordinator, or director shall be for 3 years and shall be issued upon the recommendation of competence by a recognized training institution. This license may be renewed upon satisfactory proof of successful work as a supervisor, coordinator, or director in special education. A life license as a Level B special education supervisor, coordinator, or director may be issued by the state superintendent to those successfully completing 2 post-master's degree courses in special education of at least 2 credits each and by submission of evidence of successful work as a special education supervisor, coordinator, or director of 3 or more years in Wisconsin public schools while holding the appropriate Level B license.

2. A Level A special education supervisor's, coordinator's, or director's license shall be for 3 years and shall be issued upon the recommendation of competence by a recognized training institution to individuals attaining a Sixth Year Specialist's Degree, or its equivalent of one year's graduate work in special education beyond the master's degree. A minimum of 18 hours of post-master's level work in the broad areas of exceptionality shall be construed as meeting this requirement. A minimum of 12 hours of this graduate work shall be in

areas other than the original area of specialization in special education. A life license as a Level A special education supervisor, coordinator, or director may be issued by the State Superintendent to those submitting evidence of successful work in this area for 3 or more years in Wisconsin public schools while holding the appropriate Level A license.

3. Individuals accepting new positions as supervisors, coordinators, or directors of special education after the school year 1965-66 and thereafter must possess the proper certification. Those continuing in the position held in 1965-66 will be given until September 1, 1967, to qualify and will be issued provisional one-year licenses to act in this capacity.

(c) General and special education supervisors, curriculum coordinators, and others classed as supervisors within the state department of public instruction, whose regular duties take them into public schools to work with teachers, administrators, or school boards may secure licenses as supervisors if qualified under PI 3.10 (3) (a) (b). They may become eligible for the life certificate as supervisor as in PI 3.10 (3) (a) (b) or by serving successfully for 3 years as a supervisor within the state department of public instruction.

If there are minor temporary deficiencies, one year administrative licenses may be issued which will be renewable if at least one of the course deficiencies is removed annually. After the minimum requirements are met, a regular 3 year certificate may be issued. After 3 years of successful administrative experience in Wisconsin public schools, while fully licensed, the life certificate may be granted to any administrator who holds the master's degree with the proper distribution of courses as indicated and who also has successfully completed a minimum of 2 courses of at least 2 graduate credits each at the post-master's level in subjects related to school administration, supervision or curriculum. This credential shall become invalid if for 5 or more consecutive years the holder is not actually employed as an administrator in Wisconsin public schools. To obtain a license to act as a school administrator, the applicant must be at least 24 years of age and must be a citizen of the United States. Administrators who have acquired tenure as principals in populous counties pursuant to section 40.42, Wis. Stats., need not qualify under this rule. All administrators included under subsections PI 3.10 (4) (a), (b), (c) and (d) must hold the proper license for an administrator. Such license shall become invalid when the holder no longer holds a valid Wisconsin teacher's credential. The months and years of employment as an active administrator licensed in Wisconsin as such may be counted, for renewal licensing purposes, as both teaching and administration time. Note that the master's degree for administrators may be in any field but that the prescribed pattern of graduate courses in education must be taken. All references in subsections (4) (a), (4) (b) and (4) (c) to elementary or secondary supervision or curriculum shall be considered as having been met if courses covering grades 1-12 have been taken.
