

Chapter Ins 2

LIFE INSURANCE

Ins 2.01	Estoppel by report of medical examiner	Ins 2.09	Separate and distinct representations of life insurance
Ins 2.02	Stock life insurance corporations writing participating policies	Ins 2.10	"In the same industry", definition of
Ins 2.03	Policies not dated back to lower insurance age	Ins 2.11	Franchise life insurance
Ins 2.04	Substandard risk rates	Ins 2.12	Exceptions to unfair discrimination
Ins 2.05	Separate statement of premiums for certain disability insurance benefits included in life or endowment insurance policies	Ins 2.13	Separate accounts and variable contracts
Ins 2.07	Replacement of life insurance policies; disclosure requirements	Ins 2.14	Sale of life insurance policies; disclosure requirements and deceptive practices
Ins 2.08	Special policies and provisions; prohibitions, regulations, and disclosure requirements	Ins 2.15	Life insurance surrender value comparison index

Ins 2.01 Estoppel by report of medical examiner. No company or fraternal benefit society shall issue in this state a contract, based on a medical examination, providing for disability benefits, the provisions of which are in conflict with section 209.07, Wis. Stats., or shall indulge in any practice which is at variance with said section.

Ins 2.02 Stock life insurance corporations writing participating policies. (1) **PURPOSE.** The repeal of the rule previously in effect and the adoption of this rule is for the purpose of revising the formal interpretation of certain statutes consistent with statutes and business methods now in existence. This rule implements and interprets applicable statutes including sections 201.045, 206.27 to 206.32, 206.36, 206.51 (1), 207.04 (1) (a), 601.42 and 601.43 Wis. Stats., and chapters 611 and 618, Wis. Stats.

(2) **SCOPE.** This rule shall apply to stock insurance corporations when transacting the kinds of insurance authorized by section 201.04 (3), Wis. Stats., in the form of participating policies.

(3) **LIMITATION OF PROFITS INURING TO THE BENEFIT OF STOCKHOLDERS.** The protection of the interest of the public purchasing participating policies and contracts issued by stock life insurance corporations requires a reasonable limitation of the profits on participating business that shall be made available to stockholders. In consideration of the amount of life insurance customarily transacted in relation to the capital contribution of stockholders and to safeguard the interest of policyholders in this state, no profits on participating policies and contracts in excess of the larger of (a) 10% of such profits or (b) 50¢ per year per \$1,000 of participating life insurance in force at the end of the year shall inure to the benefit of stockholders.

(4) **LICENSE REQUIREMENTS.** No stock life insurance corporation doing business in this state in which policyholders are entitled to share in the surplus shall be licensed or relicensed to transact business in this state unless the corporation shall file an agreement (evidenced by a resolution of its board of directors or other appropriate body having the power to bind such corporation and its stockholders) to the effect that:

(a) no profits on participating policies and contracts in excess of the larger of

1. 10% of such profits or
2. 50¢ per year per \$1,000 of participating life insurance in force at the end of the year shall inure to the benefit of stockholders

(b) the profits on its participating policies and contracts shall be ascertained annually by allocating to such policies and contracts specific items of gain, expense, or loss attributable to such policies and contracts and an equitable proportion of the general gains or outlays of the company

(c) such profits as shall inure to the benefit of stockholders shall be determined and apportioned annually

(d) The accounts of the participating and nonparticipating classes will be kept separate.

(e) No part of the funds accumulated or belonging to the participating class shall be transferred to the nonparticipating class.

(f) The agreement shall remain in effect so long as any outstanding participating policies or contracts of such company are held by persons resident in Wisconsin except as the applicable requirements of statute or administrative rule may be modified or superseded by subsequent enactments.

(5) **EXCEPTIONS.** In accordance with section 206.13 (3), Wis. Stats., the agreement required by subsection (4) (e) of this rule may be modified to the extent necessary to be consistent with the existing charter of the stock life insurance corporation.

(6) **ANNUAL FILING.** No stock life insurance corporation doing business in this state in which policyholders are entitled to share in the surplus shall be licensed or relicensed to transact business in this state unless the corporation shall annually file the information required by sections 206.27 (Schedule 14, S.), and 601.42, Wis. Stats.

Note: Before issuing a new or renewal license to transact insurance in this state, the commissioner of insurance is required by sections 201.045 and 201.34, Wis. Stats., to be satisfied that the methods and practices of the insurer adequately safeguard the interests of its policyholders and the people of this state. Section 206.13, Wis. Stats., provides for the issuance of participating life insurance policies by stock companies.

The nature of participating policies is that the premium charge includes an additional loading which acts as the safety factor to provide for various contingencies that may develop during the term of the policy. The additional premium thus collected is then returned to the policyholder in the form of dividends. Section 201.36, Wis. Stats., provides for the annual apportionment and return of such sums after making provision for required reserves and liabilities.

In respect to those policies in which the policyholder is entitled to share in the surplus, section 206.36, Wis. Stats., provides for the payment of authorized dividends on capital stock from the surplus accumulations of the participating business of the company. Section 201.54, Wis. Stats., authorizes distribution of savings, earnings, or surplus to any class of policyholder by filing a schedule thereof with the commissioner in those cases where such a distribution was not specified in the policy. In such cases the commissioner has an obligation to be satisfied that the methods and practices of the company are such as to safeguard the interest of the policyholders.

The principal portion of the earnings on participating policies is due to the additional loading in the premium charged for the policy. It would be a misrepresentation of the participating provisions of any such policy or contract if a substantial portion of the profits accruing from such policies or contracts were not to be returned to the policyholders. Sections 206.51 (1) and 207.04 (1) (a), Wis. Stats., prohibit the misrepresentation of the dividends or share in surplus to be received on any policy.

It is evident that a stock insurance corporation should not have complete freedom in determining the amounts that are to be removed from the funds accumulated or belonging to the participating class of policyholders and used for the benefit of stockholders. A reasonable limitation in the amounts that shall inure to the benefit of stockholders is necessary for the fair and equitable treatment of stock life insurance corporations.

stockholders, and policyholders. We find that section 216 (6) of the New York insurance statutes provides for a limitation comparable to that stated in the rule. The record in that state indicates such a limitation to be reasonable and workable and we believe it to be a proper safeguard of the interests of the people of this state.

History: 1-2-56; r. and recr. Register, August, 1962, No. 80, eff. 9-1-62; renum. (4) (d) to be (4) (f) cr. (4) (d), (4) (e), (5) and (6), Register, January, 1964, No. 97, eff. 2-1-64; am (1) and (6), Register, May, 1975, No. 233, eff. 6-1-75.

Ins 2.03 Policies not dated back to lower insurance age. (1) No company shall issue for delivery in this state any policy or contract of life insurance which purports to be issued or take effect as of a date more than 6 months before the application therefor was made, if thereby the premium on such policy or contract is reduced below the premium which would be payable thereon as determined by the nearest birthday of the insured at the time when such application was made. The date of application must be considered to be the date on which the application (Part I) or the medical examination (Part II) is completed, whichever is the later.

(2) This ruling does not prohibit the exchange, alteration or conversion of policies of life insurance as of the original date of such policies if the amount of insurance provided under the new policy does not exceed the amount of insurance under the original policy or the amount of insurance which the premium paid for the original policy would have purchased if the new policy had been originally applied for, whichever is greater; nor prohibit the exercise of any conversion privilege contained in any policy or contract.

Ins 2.04 Substandard risk rates. Life insurance companies may charge premiums in excess of the maximum premiums as defined in section 206.26 Wis. Stats., provided the addition to the maximum premium is made to cover the extra risk owing to the fact that the person is a substandard risk, or is engaged in a hazardous occupation.

Ins 2.05 Separate statement of premiums for certain disability insurance benefits included in life or endowment insurance policies. (1) **PURPOSE.** This rule provides guidelines to determine which disability coverages may be included in life or endowment insurance policies without a separate statement of premium charge. This rule interprets and implements the separation of premium requirements stated in provision 2 of section 206.18 (1) Wis. Stats., as they relate to the inclusion of disability insurance by policy provision or rider in life or endowment insurance policies such as authorized by sections 201.05 (2) and (3) and 206.03, Wis. Stats.

(2) **SCOPE.** This rule shall apply to the kinds of disability insurance authorized by section 201.04 (3) and (4), Wis. Stats., when such insurance is provided in a life or endowment policy either by specific policy provision or by a rider attached to such policy.

(3) **DEFINITIONS.** (a) *Life or endowment insurance.* The basic life or endowment insurance coverage provided by the policy and additional disability benefits which have been determined by the standards in subsection (4) to be benefits which are life or endowment insurance or an integral part of such coverages.

(b) *Disability insurance benefit.* Insurance coverages written under the authority of section 201.04 (3) or (4), Wis. Stats., to indemnify persons in whole or in part for financial loss due to bodily injury, death by accident, or health of persons.

(c) *Separate statement of premium.* Individual statement of the exact gross premium charged for each distinct disability insurance coverage required by this rule to be stated separately from the premium charge for the basic life or endowment insurance coverage.

(4) **STANDARDS AND PROCEDURES FOR DETERMINATION.** The following criteria or standards in paragraphs (a) through (e) shall be used to determine whether a disability benefit, coverage, or clause may be included in the basic life or endowment policy without a separate statement of the premium charged for such disability benefit. Subject to the approval of the department of insurance, a disability benefit, coverage, or clause which satisfies the standards listed below may be included in the basic life or endowment coverage without a separate statement of cost. Disability coverages not meeting these standards may be included in or attached to the policy only with a separate statement of the premium if they otherwise meet the statutory requirements in respect to combination of coverages. The rule in no way requires that a disability benefit, coverage, or clause be included in the premium charge for the basic life or endowment coverage if the company desires to show the premium separately.

(a) Small or very nominal cost for the disability coverage when compared with the cost of the basic life or endowment coverage.

(b) Logical reason for including the disability benefit without a separate statement of premium.

(c) There is a demonstrated need for, and the applicant would usually desire, the inclusion of the disability benefit.

(d) Inclusion of the disability coverage could be easily understood by the applicant and is not subject to possible misinterpretation.

(e) Custom of the insurance business has classed the disability coverage as basically a life insurance benefit.

(5) **DISABILITY BENEFITS WHICH REQUIRE A SEPARATE STATEMENT.** The following list constitutes a partial listing of disability coverages considered by the department to be additional benefits which generally require a separate statement of premium charge if they are attached to or included in life or endowment coverage in accordance with other statutory requirements. Any such benefit may be included in a life or endowment insurance policy without a separate statement of premium if it is demonstrated that it meets the requirements listed in subsection (4) of this rule.

(a) Waiver of premium benefit for death and/or disability of payor.

(b) Loss of sight and/or dismemberment benefit.

(c) Disability income benefit.

(d) Hospital insurance.
