The junior in public practice is acquiring proficiency in performance of assigned accounting tasks and a sound knowledge and understanding of the discipline of accounting, judgment in auditing and its theory and techniques, and general competency in work performed and decisions required. The junior accountant is preparing for advancement to senior status through acceptance of responsibility, development of competence in accounting, tax and management advisory service matters, and meeting the technical requirements for functioning independently as a technically competent professional who is capable of performing at the level at which decisions must be made.

(b) *Senior in public practice.* A senior in public practice is a person employed as a professional in a firm registered (licensed) to practice certified public accountancy. A senior in public practice is one skilled in technical knowledge and qualified by experience to take charge of the field work of a medium-sized or large audit engagement, including tax and management advisory service matters and to make recommendations concerning the financial information systems and procedures. The senior is at the level of responsibility for independent decisions and must have attained high levels of knowledge, competence, and judgment in accounting matters.

**Accy 5.02 Review dates.** (1) Following the successful passing of the written uniform CPA examination, a candidate's experience will be reviewed by the board. (2) The board shall notify the candidate of the review date at the time the date is established or at any time that it is changed.

(3) Immediately before the established review date, the candidate will be asked to supply the board with information on experience to update the experience data already in his file, and to provide employer verification statements.

(4) A candidate may be informed of his next review date by letter in response to a written inquiry or a telephone call. He will not be given information over the telephone.
