PSC 167.05 Petition; criteria for consideration. (1) The commission shall consider a petition meeting the requirements of s. PSC 167.03 only if the petition is signed by at least 10% of the customers in the exchange from which extended area telephone service is requested.

(2) The commission shall also consider a request for extended area telephone service if submitted by a telephone utility providing service in an exchange for which extended area telephone service is requested. Such a request shall be treated as a petition for purposes of ss. PSC 167.06 to 167.10.

PSC 167.06 Traffic study. (1) If a petition meets the requirements of s. PSC 167.05, the commission shall direct the utilities involved to undertake a study of representative traffic between the exchanges for which extended area service is requested. To warrant further examination of extended area service, the traffic study must indicate that:

(a) The customers in at least one of the exchanges place an average of not fewer than 5 messages per month, per customer, to the exchange with which extended area service is requested; and

(b) 50% of the customers in at least one of the exchanges place not fewer than 3 messages per month to the exchange with which extended area service is requested.

(2) If the criteria of sub. (1) (a) and (b) are not met, the commission shall deny the petition for extended area service. The commission need not consider a petition for extended area service between the same exchanges for 2 years from the date of denial.

(2) Revenue requirements shall be allocated among exchanges in recognition of the ratio or the calling volume data (on a per customer basis) obtained from the traffic studies. In cases where the ratio is greater than 10:1, all revenue requirement shall generally be allocated to the exchange from which the larger calling volume originates. The survey shall be approved by the commission and distributed to all customers who would experience a rate increase if the petition for extended area telephone service is granted.

(2) Unless at least 50% of the customers in one of the surveyed exchanges respond favorably to the requested service, or to a variation of the requested service, the petition shall be denied, and the commission need not consider any petition for extended area telephone service between those exchanges for 2 years.

History: Cr. Register, July, 1983, No. 331, eff. 8-1-83.
