## Chapter NR 217

## EFFLUENT LIMITATIONS FOR UNCATEGORIZED POINT SOURCES

```
NR 217.01 Purpose
NR 217.10 Application of efluent limita
tions
```

NR 217.01 Purpose. The purpose of this chapter is to provide for the application of effluent limitations in permits for discharges from point sources which are not subject to the efluent limitations in chs. NR 221 to 299 inclusive.

History: Cr. Register, June, 1976, No, 246, eff. 7-1-76.
NR 217,10 Application of effluent limitations. (1) The department may specify efluent limitations applicable in permits for the discharge from point sources:
(a) Which do not include the classes or categories of point sources identified in ch. NR 220,
(b) Which belong to classes or categories of point sources for which effluent limitations have not been adopted in chs. NR 221 to 299 inclusive, or
(c) Which belong to classes or categories of point sources excluded from, or not specifically included in, the applicability provisions of the efluent limitations of chs. NR 221 to 299 inclusive,
(2) In permits for discharges from point sources identified in subsection (1) of this chapter elluent limitations shall be those which the department determines are achievable by the application of the best practicable control technology currently available, or, where appropriate, the best available control technology economically achievable.
(3) In making such determinations the department shall in part be guided, where appropriate by transferrable technology identified in guideline development documents, published by the U.S. environmental protection agency pursuant to Public Law 92-500, as best practicable control technology currently available or best available control technology economically achievable and by eflluent limitations achievable by such technologies as set forth in ch. NR 221 to 299 inclusive.

History: Gr. Register, June, 1976, No. 246, eff. 7-1-76.
