

Chapter H 111

**ACTIVITIES OF PUBLIC HEALTH NURSES EMPLOYED
BY SCHOOL BOARDS**

- H 111.01 Program and supervision
H 111.02 Geographical area to which activities extend

H 111.01 Program and supervision. The duties, activities, program and supervision of the school nurse employed under the provision of s. 40.30 (10), Stats., shall be outlined and defined along the general lines recommended by the national organization of public health nursing by the bureau of public health nursing, subject to the review and approval of the state board of health.

H 111.02 Geographical area to which activities extend. The duties, activities and program of the school nurse employed under the provision of s. 40.30 (10), Stats., shall not be limited to the pupils of the school or schools coming under the jurisdiction of the employing body, but may include all families and persons within the general geographical area from which the pupils in the school or schools are drawn.
