History: Cr. Register, September, 1972, No. 201, eff. 10-1-72; renum. from MVD 11.04 and am., Register, June, 1981, No. 306, eff. 7-1-81.

Trans 101.04 Suspension or revocation of license. (1) Demerit points accumulated when a person is not operating as a chauffeur shall not be counted against the chauffeur license unless specifically required by law, but demerit points accumulated by a person when operating as a chauffeur, or when the law requires assignment of points against the chauffeur license, shall be counted against both the chauffeur license and all other operator's licenses.

(2) The department shall suspend or revoke the operating privileges of any person whose driving record shows that 12 points in 12 months, 18 points in 24 months or 24 points in 36 months from the date of violation have been accumulated. Any person who has not had the operating privilege suspended or revoked under ch. 343, except s. 343.30 (6) or 343.345, Stats., shall have the operating privilege suspended. In all other cases the operating privilege shall be revoked.

(3) The department shall revoke, or suspend if sub. (2) applies, the chauffeur license of any person, whose driving record shows an accumulation of 12 points in 12 months or 18 points in 24 months or 24 points in 36 months for offenses committed while operating as a chauffeur, or when the law requires assignment of points against the chauffeur's license.

(4) The following demerit point accumulations, calculated from the date of violation, shall result in the following revocation or suspension periods:

12 to 16 points	2 months
17 to 22 points	4 months
23 to 30 points	6 months

29 to 36 points	4 months
37 to 44 points	6 months
More than 44 points	1 year

(5) The effective date of all departmental suspensions or revocations under this rule shall be the date the order was mailed, except if the person is currently under suspension or revocation, the effective date shall be the date the license was surrendered for the previous action, or the date of the conviction causing the new suspension or revocation, whichever is later.

(6) Revocations under the provisions of s. 343.32 (1) (b), Stats., shall be for a period of 6 months. If a person was convicted of a traffic violation that was a cause of an accident that resulted in the death of another, there shall be a revocation for a period of 6 months under the provisions of s. 343.32 (1) (a), Stats.

(7) Any court ordered revocation or suspension for the same violation shall supersede a revocation or suspension under this section, except that the minimum length of any revocation or suspension shall be 2 months.

Trans 101.05 Determination of point value at reinstatement. (1) The department, upon issuing a reinstated operator's license, shall reduce the accumulated point value to 6 points. If at the time of such reinstatement the demerit point value in the immediately preceding 12 month period is less than 6, then the lesser point value shall be carried forward in the record. Revocations and reinstatements under s. 343.305 (9) (b), ch. 48 or 344, Stats., do not qualify for a point reduction.

Trans 101

(2) The department, upon return of a license which has been suspended, except under chs. 48, 344, 345, Stats., and ss. 343.16 (2) (a), 343.30 (1q) (d), 343.30 (6), 343.305 (9) (d) and 343.345, Stats., shall reduce the accumulated point value to 6 points. If at the time of return the demerit point value in the immediately preceding 12 month period is less than 6, then the lesser point value shall be carried forward in the record.

(3) Demerit point reductions under this section shall apply only to demerit points based on convictions dated before the reinstatement or suspension termination date. Demerit points for convictions dated on or after the date of reinstatement or suspension termination date shall be added to the demerit point value on the date of reinstatement.

(2) For the second full year of operation without a traffic violation the remaining total accumulated point value charged against an operator shall be reduced by one-half.

(3) For the third full year of operation without a traffic violation the remaining accumulated point value charged against an operator shall be withdrawn.

Trans 101.07 Reduction of point value for attendance at driver improvement counseling, traffic safety school or defensive driving courses. (1) In accordance with the authority in s. 343.32 (5), Stats., a person's point record shall be reduced by 3 points or the number of points accumulated up to 3, if acceptable certification is furnished to the department that a course of instruction at a traffic safety school as authorized, approved and administered under s. 345.60, Stats., or a course of instruction in defensive driving, which course has been approved in advance by the department, has been satisfactorily completed, or if a driver improvement course conducted by the department has been satisfactorily completed. The certification must be filed with the department within 30 days of completion of the course to qualify for point reduction. Definitions of such schools and courses are established in Wis. Adm. Code, s. MVD 23.02 (1), (4), (5) and (6). The person seeking the reduction shall be responsible for any and all fees charged for the course.

(2) The certification of completion of an approved course shall be provided to the department on an individual person basis. The department will prescribe the information necessary to be supplied from an approved school or supply the necessary forms to complete the certification for administering this program.

(3) Each person is limited to only one point reduction under this section in a 5-year period.

(4) Prior to reaching the 6-point level, a person may voluntarily select and take an approved course, specified in sub. (1) to obtain the necessary certification for point reduction without notification from the department.

(5) In those instances where the person attends an approved course and is otherwise entitled to point reduction and the person's record has less than 3 points, the person's record will be reduced by the record point value. No credit will be applied toward future point assessments nor shall the opportunity be given to have the point record reduced again within a 5 year period.

(6) No reduction in points will be permitted when attendance at a school has been ordered by a court in lieu of revocation following conviction of operating while intoxicated.

(7) When a person has accumulated 6 to 11 points in 12 months, the department may notify a person by first class mail to the last known address that there is an opportunity to attend a course on a voluntary basis, advising the person may seek the assistance of the department for assignment to an approved course if enrollment is desired.

(8) Persons who have accumulated less than the demerit points required for suspension or revocation on their record under the point system may be processed as provided by department rule for counseling and re-examination of drivers. Upon receipt of certification of satisfactory completion of one of the department approved courses, provided in s. MVD 23.02 (1), (4), (5) or (6), such person may be given a point reduction as provided in this chapter if otherwise entitled to it.

(9) No reductions in points under this section will be permitted when a person accumulates sufficient demerit points to require suspension or revocation under this chapter.

(10) Demerit point reductions under this section shall apply only to demerit points based on convictions dated before the date of the course completion. Demerit points for convictions on or after the date of course completion shall be added to any current demerit point value.
