

a. The word "VOID" is written on the face of the invalidated prescription.

b. The name and address of the pharmacy to which it is transferred, the name of the pharmacist receiving the prescription, the date and the name of the pharmacist transferring the information are recorded on the reverse side of the invalidated prescription.

(b) The pharmacist receiving the transferred prescription information shall record in writing the following:

1. The word "TRANSFER" on the face of the transferred prescription.

2. The date of issuance of the original prescription order.

3. The original number of refills authorized on the original prescription.

4. The date the prescription was dispensed originally.

5. The number of valid refills remaining and the date of the last refill.

6. The pharmacy's name, address, the original prescription number from which the prescription information was transferred.

7. The name of the pharmacist making the transfer.

(c) The original and transferred prescription order shall be maintained for a period of 5 years from the date of the last refill.

(4) A written copy of any prescription order for a prescription drug provided by a pharmacist shall be identified in writing as "COPY — FOR INFORMATION ONLY". No prescription drug may be dispensed based on an information copy.

(5) A computerized system may be used for maintaining a record of prescription dispensing and transfers of original prescription order information for the purposes of renewal dispensing, as required under this section, if the system:

(a) Is capable of producing a printout of any prescription data which the user pharmacy is responsible for maintaining. The system shall be designed so that the pharmacy can receive the printout within 48 hours after requesting the printout.

(b) Is equipped with an auxiliary procedure which, during periods of down-time, shall be used for documentation of prescription dispensing. The auxiliary procedure shall ensure that prescription renewals are authorized by the original prescription order, that the maximum number of prescription renewals has not been exceeded and that all of the appropriate data are retained for on-line entry as soon as the computer system is again available for use.
