Med 1.03	Translation of documents	Med 1.08	Failure and re-examinations
Med 1.04	Application deadline		
Med 1.05	Fees		

Note: Chapter Med 1 as it existed on October 31, 1976 was repealed and a new chapter Med 1 was created effective November 1, 1976.

Med 1.01 Authority and purpose. The rules in this chapter are adopted by the medical examining board pursuant to the authority delegated by ss. 15.08 (5), 227.11, and 448.40, Stats., and govern application and examination for license to practice medicine and surgery under s. 448.04 (1) (a) Stats., (hereinafter "regular license").

History: Cr. Register, October, 1976, No. 250, eff. 11-1-76; correction made under s. 13.93 (2m) (b) 7, Stats., Register, May, 1989, No. 401.

Med 1.02 Applications and credentials. Every person applying for regular license to practice medicine and surgery shall make application therefor on forms provided for this purpose by the board and shall submit to the board the following:

(1) A completed and verified application form.

(2) Verified documentary evidence of graduation from a medical or osteopathic school approved by the board and a verified photographic copy of the diploma conferring the degree of doctor of medicine or doctor of osteopathy granted to the applicant by such school. The board recognizes as approved those medical or osteopathic schools recognized and approved at the time of the applicant's graduation therefrom by the council on medical education and hospitals of the American medical association, or the American osteopathic association, or the liaison committee on medical education, or successors. If an applicant is not a graduate of a medical school approved by the board, but is a graduate of a medical school recognized and listed as such by the world health organization of the united nations, such applicant shall submit verified documentary evidence of graduation from such school and a verified photographic copy of the diploma conferring the degree of doctor of medicine or equivalent degree as determined by the board granted to the applicant by such school and also verified documentary evidence of having passed the examinations conducted by the educational council for foreign medical graduates or successors, and shall also present for the board's inspection the originals thereof, and if such medical school requires either social service or internship or both of its graduates, and if the applicant has not completed either such required social service or internship or both, such applicant shall also submit verified documentary evidence of having completed a 12 month supervised clinical training program under the direction of a medical school approved by the board.

(3) A verified certificate showing satisfactory completion by the applicant of 12 months' postgraduate training in a facility approved by the

Register, May, 1989, No. 401

board. The board recognizes as approved those facilities and training programs recognized as approved at the time of the applicant's service therein by the council on medical education of the American medical association, or the American osteopathic association, or the liaison committee on graduate medical education, or the national joint committee on approval of pre-registration physician training programs of Canada, or successors. If an applicant is a graduate of a foreign medical school not approved by the board and if such applicant has not completed 12 months' postgraduate training in a facility approved by the board, but such applicant has had other professional experience which the applicant believes has given that applicant education and training substantially equivalent, such applicant may submit to the board documentary evidence thereof. The board will review such documentary evidence and may make such further inquiry including a personal interview of the applicant as the board deems necessary to determine that such substantial equivalence in fact exists. The burden of proof of such equivalence shall lie upon the applicant. If the board finds such equivalence, the board may accept this in lieu of requiring that applicant to have completed 12 months' postgraduate training in a program approved by the board.

(4) An unmounted photograph, approximately 8 by 12 cm., of the applicant taken not more than 60 days prior to the date of application and bearing on the reverse side the statement of a notary public that such photograph is a true likeness of the applicant.

(5) A verified statement that the applicant is familiar with the state health laws and the rules of the department of health and social services as related to communicable diseases.

History: Cr. Register, October, 1976, No. 250, eff. 11-1-76.

Med 1.03 Translation of documents. If any of the documents required under this chapter are in a language other than English, the applicant shall also submit a verified English translation thereof, and the cost of such translation shall be borne by the applicant.

History: Cr. Register, October, 1976, No. 250, eff. 11-1-76.

Med 1.04 Application deadline. The fully completed application and all required documents must be received by the board at its office not less than 3 weeks prior to the date of examination.

History: Cr. Register, October, 1976, No. 250, eff. 11-1-76.

Med 1.05 Fees. The required fees must accompany the application, and all remittances must be made payable to the Wisconsin medical examining board.

History: Cr. Register, October, 1976, No. 250, eff. 11-1-76.

Med 1.06 Panel review of applications; examinations required. (1) (a) All applicants shall complete a written examination. In addition, an applicant shall complete an oral examination if the applicant:

1. Has a history of alcohol or drug abuse or impairment;
2. Has a history of psychological impairment;
3. Has been disciplined or had licensure denied by a licensing or regulatory authority in Wisconsin or another jurisdiction;

Register, May, 1980, No. 401

4. Has been found to have been negligent in the practice of medicine or has been a party in a lawsuit in which it was alleged that the applicant had been negligent in the practice of medicine;

5. Has been convicted of a crime the circumstances of which substantially related to the practice of medicine;

6. Has lost, had reduced or had suspended his or her hospital staff privileges, or has failed to continuously maintain hospital privileges during the applicant's period of licensure following post-graduate training; or,

7. Has been graduated from a medical school not approved by the board.

(b) An application filed under s. Med 1.02 shall be reviewed by an application review panel of at least 2 board members designated by the chairperson of the board. The panel shall determine whether the applicant is eligible for a regular license without completing an oral examination.

(c) All examinations shall be conducted in the English language.

(d) Where both written and oral examinations are required they shall be scored separately and the applicant shall achieve a passing grade on both examinations to qualify for a license.

(2) The board will notify each applicant found eligible for examination of the time and place scheduled for that applicant's examinations. Failure of an applicant to appear for examinations as scheduled will void that applicant's application and require the applicant to reapply for licensure, unless prior scheduling arrangements have been made with the board by the applicant.

(3) The board administers the FLEX examination as its written examination and requires a score of not less than 75.0 on each part of the 2-part FLEX examination administered on or after January 1, 1985. Every applicant shall take the complete 2-part examination the first time the applicant is admitted to the FLEX examination. If the applicant fails to achieve a passing grade on one of the 2 parts, the applicant may apply for and take only the part failed. If the applicant fails to achieve a passing grade in the second re-examination of the part failed, the applicant shall meet requirements specified in s. Med 1.08 (1).

(a) The board may waive the requirement for written examinations required in this section for any applicant who has achieved a weighted average score of no less than 75.0 on all 3 parts of the examination taken prior to January 1, 1985 in a single session in another licensing jurisdiction in the United States or Canada, in no more than 3 attempts. If the applicant had been examined 4 or more times before achieving a weighted average score of no less than 75.0 on all 3 parts, the applicant shall meet requirements specified in s. Med 1.08 (2).

(b) The board may waive the requirement for written examinations required in this section for any applicant who has achieved a score of no less than 75.0 on each of the 2 parts of the FLEX examination administered on or after January 1, 1985 in another licensing jurisdiction in the United States or Canada, if the applicant achieved a score of no less than 75.0 on each of the 2 parts in no more than 3 attempts. If the applicant had been examined 4 or more times before achieving a score of 75.0 on

either or both parts of the FLEX examination, the applicant shall meet requirements specified in s. Med 1.08 (2).

(c) An applicant who has passed all 3 parts of the examinations of the following boards and councils may submit to the board verified documentary evidence thereof, and the board will accept this in lieu of requiring further written examination of the applicant:

1. National board of medical examiners;
2. National board of examiners of osteopathic physicians and surgeons; or
3. Medical council of Canada, if the examination is taken on or after January 1, 1978.

(d) An applicant who has received passing grades in written examinations for a license to practice medicine and surgery conducted by another licensing jurisdiction of the United States or Canada may submit to the board verified documentary evidence thereof. The board will review such documentary evidence to determine whether the scope and passing grades of such examinations are substantially equivalent to those of this state at the time of the applicant's examination, and if the board finds such equivalence, the board will accept this in lieu of requiring further written examination of the candidate. The burden of proof of such equivalence shall lie upon the applicant.

(4) Oral examinations of each applicant are conducted by one or more physician members of the board. The purpose of the oral exams is to test the applicant's knowledge of the practical application of medical principles and techniques of diagnosis and treatment, judgment and professional character and are scored pass or fail. Any applicant who fails the initial oral examination shall be examined by the board which shall then make the final decision as to pass or fail.

(5) Any applicant who is a graduate of a medical school in which English is not the primary language of communication may be examined by the board on his or her proficiency in the English language.

History: Cr. Register, October, 1976, No. 250, eff. 11-1-76; am. (4), Register, August, 1979, No. 284, eff. 9-1-79; am. (3) (b), cr. (3) (b) 1. to 3., Register, October, 1980, No. 298, eff. 11-1-80; cr. (5), Register, October, 1984, No. 346, eff. 11-1-84; emerg. am. (3) (intro.), r. and recr. (3) (a), renum. (3) (b) and (c) to be (3) (c) and (d), cr. (3) (b) eff. 2-8-85; am. (3) (intro.), r. and recr. (3) (a), renum. (3) (b) and (c) to be (3) (c) and (d), cr. (3) (b), Register, September, 1985, No. 357, eff. 10-1-85; r. and recr. (1) Register, April, 1987, No. 376, eff. 5-1-87.

Med 1.07 Conduct of examinations. (1) At the opening of the examinations each applicant shall be assigned a number which shall be used by the applicant on all examination papers, and neither the name of the applicant nor any other identifying marks shall appear on any such papers.

(2) At the beginning of the examinations a proctor shall read and distribute to the applicants the rules of conduct to be followed during the examinations and the consequences of violation of the rules. If an applicant violates the rules of conduct, the board may withhold or invalidate the applicant's examination scores, disqualify the applicant from the practice of medicine or impose other appropriate discipline.

History: Cr. Register, October, 1976, No. 250, eff. 11-1-76; r. and recr. (2), Register, December, 1984, No. 348, eff. 1-1-85.

Register, May, 1989, No. 401

Med 1.08 Failure and re-examination. (1) An applicant who fails to achieve a passing grade in the examinations required under this chapter may apply for re-examination on forms provided by the board and pay the appropriate fee for each re-examination as required in s. 440.05, Stats. An applicant who fails to achieve a passing grade may be re-examined twice at not less than 4-month intervals. If the applicant fails to achieve a passing grade on the second re-examination, the applicant may not be admitted to any further examination until the applicant reapplies for licensure and presents evidence satisfactory to the board of further professional training or education as the board may prescribe following its evaluation of the applicant's specific case.

(2) If an applicant has been examined 4 or more times in another licensing jurisdiction in the United States or Canada before achieving a passing grade in written examinations also required under this chapter, the board may require the applicant to submit evidence satisfactory to the board of further professional training or education in examination areas in which the applicant had previously demonstrated deficiencies. If the evidence provided by the applicant is not satisfactory to the board, the board may require the applicant to obtain further professional training or education as the board deems necessary to establish the applicant's fitness to practice medicine and surgery in this state. In order to determine any further professional training or education requirement, the board shall consider any information available relating to the quality of the applicant's previous practice, including the results of the applicant's performance on the oral examination required under s. 448.05 (6), Stats., and s. Med 1.06.

Note: Application forms are available on request to the board office, 1400 East Washington Avenue, P.O. Box 8935, Madison, Wisconsin 53708.

History: Cr. Register, October, 1976, No. 250, eff. 11-1-76; am. (1) and cr (2), Register, September, 1985, No. 357, eff. 10-1-85.
