

Chapter PI 6

PUBLIC LIBRARIES

PI 6.03	Public librarian certification	PI 6.06	Further provisional certification
PI 6.05	Organizational requirements for provisional certification of public library systems		requirements for public library systems

PI 6.03 Public librarian certification. (1) In this section:

(a) "Administrator" means the head librarian or other person appointed by a library board under s. 43.58 (4), Stats., or by a library system board under s. 43.17 (4), Stats., to direct and administer the library or system.

(b) "Municipality" shall have the meaning set forth in s. 43.001 (4), Stats., and shall include a public library system established under s. 43.19 or 43.21, Stats.

(2) Administrators employed by a public library system, county library system or any municipal public library except in a city of the first class supported in whole or in part by public funds, shall hold certification as described in this section. The certification level for other individuals on the library staff may be determined by each individual library board. Applications for librarian certificates under this section shall be made in writing to the division.

(3) The following requirements and grades of certification are established:

(a) *Grade I.* Administrators of public libraries in municipalities with a population of 8,000 or more and administrators of public library systems and county library systems shall hold grade I certificates. Grade I certificates shall be granted to applicants holding both a Bachelor's degree from a college or university approved by an accrediting association of more than statewide standing and a fifth year degree from a library school program accredited by the American library association. An applicant holding a fifth year degree from an unaccredited library school program may be granted a grade I certificate if the division is satisfied that the program leading to that degree is substantially equivalent and the applicant's professional experience is demonstrative of the ability to provide professional library services.

(b) *Grade II.* Administrators of public libraries in municipalities with a population of between 4,000 and 7,999 persons shall hold at least grade II certificates. Grade II certificates shall be granted to applicants holding a bachelor's degree from a college or university approved by an accrediting association of more than statewide standing, including or supplemented by successfully completed courses in public library administration, selection of all types of library materials, organization of library materials and reference and information services.

(c) *Grade III.* Administrators of public libraries in municipalities with a population of between 2,000 and 3,999 persons shall hold at least grade III certificates. Grade III certificates shall be granted to applicants having successfully completed 2 years of study in a college or technical insti-

tution with courses in liberal arts and science or equivalent and the university extension directed home-study course: library management for public librarians or equivalent coursework approved by the division.

(d) *Grade IV*. Effective January 1, 1982, administrators of public libraries in municipalities with a population under 2,000 persons shall hold at least grade IV certificates. Grade IV certificates shall be granted to applicants who hold a high school diploma or equivalent and have successfully completed the university of Wisconsin extension directed home-study course: basic library management for public librarians or equivalent coursework approved by the division.

(4) All certificates shall be granted for 5-year periods. Certificates granted under previous certification rules shall continue to be valid.

(5) Certificates may be renewed upon evidence which satisfies the division that the holder has participated in continuing education in librarianship which is either directly related to the position held or will permit advancement in the profession. In system areas the applicable public library system, and in non-system areas the municipal library shall assist in determination of requirements for continuing education and validate records submitted evidencing a renewal applicant's participation in continuing education under this subsection.

(6) If the division finds that a library board subject to this section is unable to secure a librarian who holds the requisite certification, the division may grant a permit to employ a person without the required certificate for a period not exceeding one year and such permit, in case of emergency, may be renewed for a period of one year upon a showing that the individual employed under that permit has made substantial progress toward compliance with the educational prerequisites for the applicable grade of certification.

History: Emerg. cr. eff. 1-26-72; r. emerg. rule and cr. Register, April, 1972, No. 196, eff. 5-1-72; am. (2), Register, August, 1973, No. 212, eff. 9-1-73; r. and recr., Register, April, 1979, No. 280, eff. 5-1-79.

PI 6.05 Organizational requirements for provisional certification of public library systems. (1) Any existing county or multicounty public library service program operating under Wisconsin library statutes may qualify for provisional certification as a public library system, provided that:

(a) The proposed public library system area meets the standards for population set in s. 43.15 (1), Stats.;

(b) The present governing board of the public library service by resolution agrees to reconstitute within 9 months after the system's provisional certification its method of appointment and membership to comply with s. 43.19 or 43.21, Stats., or if there is currently no such governing board, the county or counties concerned agree by resolution to appoint a legally constituted public library system board within 4 months of the system's provisional certification; except that any county having a population of 500,000 or more is not required to form such board, under s. 43.19 (3), Stats., and

(c) The county or counties included in the proposed system area will have appointed county library planning committees; or, in the case of Milwaukee county, the present public library boards in the county will have initiated joint planning activities.

(d) The official planning group(s) in the proposed system area agrees to submit an initial plan for system services and the use of state aid funds within 6 months of the system's provisional certification.

History: Emerg. cr. eff. 1-26-72; r. emerg. rule and cr. Register, April, 1972, No. 196, eff. 5-1-72.

PI 6.06 Further provisional certification requirements for public library systems. (1) **ADDITIONAL COUNTIES.** A public library system shall allow in its organizational structure for additional counties to join after the system is established.

(2) **EQUITABLE FORMULA FOR FINANCIAL SUPPORT.** A federated public library system shall adopt an equitable formula for financial support among the participating counties, and within a single county system, and file with the division for library services.

(3) **PLANS FOR USE OF STATE AID.** Annually, a system shall file a plan for the use of the state aid it will receive. In a federated system such plan shall indicate the funds to be used by the system for system services, and the funds, if any, to be used for distribution among designated libraries in the system, showing how such distribution will contribute to the system plan of services.

(4) **FILING SERVICE CONTRACTS.** A public library system shall file with the division for library services copies of all contracts regarding services. Included shall be intersystem contracts; contracts with other types of libraries, information centers, and educational organizations; and any interstate contracts developed. A federated system, additionally, shall file contracts concerning system organization, and services among its members.

(5) **SYSTEM HEADQUARTERS AND RESOURCE LIBRARIES.** A system shall:

(a) Designate a public library in a city of at least 30,000 population as its headquarters library, or

(b) Establish an administrative headquarters and contract with a public library in a city of at least 30,000 to serve as its resource library.

(6) **REPORTING AND FINANCIAL REQUIREMENTS.** Each system shall:

(a) Maintain all official records at the system headquarters library or administrative headquarters at all times.

(b) Maintain appropriate public records of the system's financial activities in accordance with accepted accounting practices.

(c) File an annual report on a form prescribed by the division, describing its operations and reporting on its income, expenditures, and programs.

(d) Cause an annual audit of the records to be made by a qualified auditor, and file a copy of such audit with the division for library services.

(7) **PROFESSIONAL PERSONNEL ELIGIBLE FOR A GRADE 1 PUBLIC LIBRARIAN CERTIFICATE OR LICENSE.** In each system area there shall be, by the end of the first year of operation, a minimum of one professional staff member who shall devote a substantial amount of time to system ser-

vices in each of the first 2 categories listed, and by the end of the fourth year of operation, in each of 2 of the last 3 listed:

- (a) Administrative
- (b) Information and advisory service to adults
- (c) Information and advisory service to young adults
- (d) Information and advisory service to children
- (e) Organization and control of materials

(8) SERVICES. (a) Each system shall provide the following services within the first year of operation:

- 1. Interloan of library materials among all participating libraries.
- 2. Reference and reference referral services from the headquarters library.

(b) Each system shall provide the following services by the end of the second year of operation:

1. Complete library service as provided at the headquarters library or at the resource library if different from the headquarters library to any resident of the system on the same terms as such service is available to residents of the headquarters community.

2. Service agreements with all adjacent library systems.

(c) Each system shall provide the following services by the end of the third year of operation:

- 1. In-service training for library personnel within the system.
- 2. Rapid and regular delivery and communication systems.
- 3. The honoring of valid borrowers' cards of all public libraries in the system by all public libraries in the system.

(9) SHARING OF LIBRARY RESOURCES. A public library system shall by the end of the second year of its operation develop formal agreements with other types of libraries in the system area, providing for appropriate sharing of library resources to benefit the clientele of all libraries.

(10) PLANNING. Each system shall engage in continuous planning with the division on developing and maintaining the administrative code rules for personnel and services and on developing the library materials collection to meet the service needs. Such planning shall also include methods of providing service to isolated, disadvantaged, and handicapped residents, and of furthering cooperative activities among all types of libraries in the system area.

(11) PRO RATA FUNDING. Whenever the state appropriation for grants to public library systems is lower than that which is called for under the formula, then the full range of services which are called for under subs. (7) through (10) above shall not be required. Instead, the division for library services shall require a level of performance proportionate to the pro rata share of aids which is granted the system.

History: Cr. Register, June, 1972, No. 198, eff. 7-1-72.
