**DOC 350.14 Use of force.** (1) Jail staff may use physical force against an inmate only if force is necessary to change the location of an inmate or to prevent death or bodily injury to the staff member, the inmate or someone else, unlawful damage to property or the escape of an inmate from the jail. Staff may use only the amount of force reasonably necessary to achieve the objective for which force is used. Corporal punishment of inmates is forbidden.

(2) Any staff member who has used force to control an inmate or inmates shall submit a written report to the sheriff, jail administrator or the staff member's immediate supervisor describing the incident. The report shall include all known relevant facts.

History: Cr. Register, February, 1990, No. 410, eff. 3-1-90; renum. from DOC 350.13, Register, November, 1990, No. 419, eff. 12-1-90.

**DOC 350.15 Discipline.** (1) **INMATE RULES OF BEHAVIOR.** Every jail shall have written rules of behavior for inmates. At the time of admission, each person shall be notified verbally of the existence of the jail's rules for inmate behavior and the potential disciplinary actions imposed for violation of the rules. Each inmate shall be provided with a copy of the jail rules or copies of the rules shall be posted in conspicuous places in the jail.

(2) **DISCIPLINE FOR A MINOR VIOLATION.** (a) In this subsection, "minor violation" means a violation of the jail's rules of behavior for which a minor penalty or penalties may be imposed if the accused inmate is found guilty. A minor penalty is a verbal or written reprimand, restriction of privileges for 24 hours or less or placement in punitive segregation for 24 hours or less.

Register, November, 1990, No. 419

(b) A staff member who observes an inmate committing a minor violation shall inform the inmate of the rule that he or she has violated, the contemplated penalty and the disciplinary procedures for minor violations under pars. (c) to (g).

(c) The staff member shall give the inmate an opportunity to make a verbal statement about the alleged violation to the staff member.

(d) The staff member may impose a minor penalty if he or she finds that a violation occurred.

(e) The staff member shall inform his or her supervisor of the incident and the penalty administered as soon as the supervisor is available. The supervisor shall review the incident and penalty administered. If the supervisor concludes that the violation constitutes a major violation, the alleged infraction shall be handled in accordance with sub. (3). If the supervisor finds that no violation has occurred, the inmate shall be notified that the charge has been dismissed.

(f) The inmate may appeal the supervisor's decision. The jail shall have a procedure for an inmate to follow if the inmate wishes to appeal that decision. The inmate shall be notified of his or her right to appeal the supervisor's decision and of the jail's procedure for making the appeal.

(g) Information about the incident, the penalty administered and the supervisor's decision shall be made part of the inmate's file and shall be entered in the jail log. If the supervisor finds that no violation occurred or if the reviewer of an appeal submitted under par. (f) finds that no violation occurred, the records of the incident shall be removed from the inmate's file.

(3) DISCIPLINE FOR A MAJOR VIOLATION. (a) In this subsection, "major violation" means a violation of the jail's rules of behavior for which a major penalty or penalties may be imposed if the accused inmate is found guilty. A major penalty is restriction of privileges for more than 24 hours, placement in solitary confinement for more than 24 hours in accordance with s. 302.40, Stats., loss of good time in accordance with s. 302.43, Stats., restrictions affecting Huber law privileges in accordance with s. 303.08, Stats., or restrictions affecting work release in accordance with s. 303.065, Stats.

(b) A staff member who observes an inmate committing a major violation shall submit a written report to his or her supervisor within 24 hours of the incident. The report shall include:

1. A formal statement of the charge or charges, including the specific rule or rules violated;
2. A detailed description of the facts concerning the incident, including the date and time of the incident;
3. Any unusual inmate behavior;
4. Staff and inmate witnesses;
5. The disposition of any physical evidence;
6. Any immediate action taken, including the use of force; and
7. The staff member's signature and the time and date of the report.

(c) The inmate shall be notified of the charges and of his or her right to a hearing under par. (d) at least 24 hours in advance of the hearing. The inmate may waive this time requirement.

(d) A due process hearing shall be held unless the inmate waives his or her right to a hearing. An inmate may waive the right to a due process hearing in writing at any time. If the inmate waives the right to a due process hearing, the violation shall be disposed of in accordance with the procedures for minor violations under sub. (2), except that a major penalty may be imposed if the relevant staff member finds a violation occurred. A waiver does not constitute an admission of the alleged violation.

(e) An impartial hearing officer or committee shall conduct the due process hearing. The hearing may not be conducted by a person who may review an appeal made under par. (j) or who has personally observed, been a part of or investigated the incident which is the subject of the hearing.

(f) The inmate has the right to be present at the hearing, to make a statement and to present relevant evidence. If the inmate refuses to attend the hearing or disrupts the hearing, the hearing may be conducted without the inmate being present. The hearing officer or committee may hear the testimony of a witness outside the presence of the accused inmate if there is a significant risk of bodily harm to the witness in testifying in front of the accused inmate. The reason for the accused inmate's absence shall be documented.

(g) The inmate has the right to present any relevant witness whose testimony is not cumulative of other evidence unless the safety of any other witness or the security of the jail would be threatened if that witness testified. The reasons for the absence of the witness shall be documented.

(h) If the inmate is illiterate or the issues are complex, the inmate has the right to a staff advocate or adequate substitute aid to assist him or her in understanding the charges and preparing a defense.

(i) The hearing officer or committee shall issue a written decision which shall state the punishment to be administered. The inmate shall receive a written copy of the decision before punishment is administered.

(j) The inmate shall be notified of his or her right to appeal the hearing officer's or committee's decision and of the jail's procedure for making an appeal.

(k) Information on the incident, the punishment administered and the hearing officer's or committee's decision shall be made part of the inmate's file and shall be entered in the jail log. If the hearing officer or committee or the reviewer under par. (j), upon appeal, finds that no violation occurred, the record of the incident shall be removed from the inmate's file.

**DOC 350.16 Exceptions.** (1) The department may grant a variance to a requirement found in this chapter, except that no variance may be granted for the conditions required to permit double ceiling under s.

Register, November, 1990, No. 419

DOC 350.07 or for any requirement specifically imposed by Wisconsin Statutes.

(2) In order to obtain a variance, the sheriff shall demonstrate in writing that strict enforcement of the rule would result in unreasonable hardship for administration of the jail and that the variance would provide equivalent or better protection for the health, safety, welfare and rights of inmates and the public.

(3) The department may impose specific conditions including reasonable time limits on a variance in order to protect the health, safety, rights or welfare of inmates or the public.

(4) Violation of any condition under which a variance is granted constitutes a violation of this chapter. Upon finding that there has been a violation of a condition of the variance, the department may revoke the variance and require strict enforcement of the rule.
