

ters of Lake Superior west of Bark Point for state or tribal commercial and tribal home use fishers. All lake trout harvested by state and tribal commercial and tribal home use fishers in these waters shall be deducted from the lake trout quota established for the waters of Lake Superior east of Bark Point.

1. The total allowable commercial and home use harvest in the waters of Lake Superior east of Bark Point may not exceed 50,600 lake trout during the open season.

2. That number of lake trout to be harvested by non-Indian licensed commercial fishers from the waters of Lake Superior east of Bark Point may not exceed 13,000 lake trout, and from the waters of Lake Superior west of Bark Point may not exceed 600 lake trout, during the open season.

3. That number of lake trout to be harvested by the Red Cliff and Bad River bands, including both commercial and home use fishers, from the waters of Lake Superior east of Bark Point may not exceed 39,600 lake trout during the open season. The Red Cliff and Bad River bands shall inform the department of the extent and method of the allocation between commercial and home use fishers. If the Red Cliff and Bad River bands do not reach an agreement on the method of allocating the tribal quota between them, the department may divide the quota 50% for the Bad River band and 50% for the Red Cliff band.

4. All lake trout caught in gill nets not less than 4½ inch stretch measure set in waters less than 330 feet (55 fathoms) deep shall be kept and tagged. Lake trout caught in gill nets in waters 330 feet (55 fathoms) deep or deeper or in entrapping nets may be returned to the lake or kept and tagged, except that dead lake trout 25 inches or less in length caught in entrapping nets shall be kept and tagged. All lake trout, dead or alive, larger than 25 inches in length caught in entrapping nets shall be returned to the lake. All lake trout and siscowet harvested by commercial and home use fishers shall be tagged in accordance with sub. (3).

5. The department may recall tags furnished or authorized in accordance with sub. (3), when necessary to implement a quota reduction.

(b) *Harvest of fish from Lake Superior for home use by Lake Superior Chippewas.* Members of the Bad River and Red Cliff bands of Lake Superior Chippewas may harvest species of fish for which there is an open season during said season, under home use permits issued by their respective tribal councils.

1. Home use permits will be issued to the heads of households only, and only one permit will be issued to an individual.

2. Permittees are restricted to the use of no more than 350 feet of gill net and sale of fish pursuant to these permits is prohibited. These fishing activities shall be restricted to waters adjacent to the reservations of the Bad River and Red Cliff bands.

(2) LAKE MICHIGAN AND GREEN BAY. (a) *Chubs.* The total allowable annual commercial harvest of chubs in Wisconsin waters of Lake Michigan shall be determined by the natural resources board based on recommendations from the department.

1. The total allowable commercial harvest for any license year may not exceed 3,600,000 pounds.

2. No more than 500,000 pounds of the total allowable commercial harvest for any license year may be taken in the northern chub fishing zone.

3. No more than 3,000,000 pounds of the total allowable commercial harvest for any license year may be taken in the southern chub fishing zone.

4. The department reserves 100,000 pounds of the total allowable annual commercial harvest of chubs to be used for special assessment.

(b) *Yellow perch*. The total allowable annual commercial harvest of yellow perch in Wisconsin waters of Lake Michigan and Green Bay shall be determined by the natural resources board based on recommendations from the department.

1. The total allowable commercial harvest in zone 1 for any license year may not exceed 400,000 pounds.

2. The total allowable commercial harvest in zone 2 for any license year may not exceed 13,300 pounds.

3. The total allowable commercial harvest in zone 3 for any license year may not exceed 306,700 pounds.

(c) *Smelt*. The total allowable annual commercial harvest of smelt in Wisconsin waters of Lake Michigan and Green Bay shall be determined by the natural resources board based on recommendations from the department.

1. During April 1 through June 30, 1991, the total allowable commercial harvest of smelt may not exceed 337,665 pounds in Lake Michigan and Green Bay, of which no more than 137,665 pounds may be taken from Green Bay. Thereafter, the total allowable commercial harvest of smelt in any license year may not exceed 2,358,000 pounds in Lake Michigan and Green Bay, of which no more than 830,000 pounds may be taken from Green Bay.

(d) *Menominees*. 1. The total allowable annual commercial harvest of menominees in Wisconsin waters of Lake Michigan and Green Bay shall be determined by the natural resources board based on recommendations from the department.

2. The total allowable commercial harvest of menominees in Lake Michigan and Green Bay may not exceed 75,000 pounds in any license year, with no more than 1,000 pounds to be taken from zone 1, 46,000 pounds from zone 2 and 28,000 pounds from zone 3.

(e) *Whitefish*. 1. The total allowable annual commercial harvest of whitefish in Wisconsin waters of Lake Michigan and Green Bay shall be determined by the natural resources board based on recommendations from the department.

2. The total allowable commercial harvest of whitefish in Lake Michigan and Green Bay may not exceed 1,300,000 pounds in any license year, with no more than 118,695 pounds to be taken from zone 1, 1,068,255 pounds from zone 2 and 113,050 pounds from zone 3.

(3) **TAGGING OF FISH.** All fish species or subspecies required to be tagged in accordance with this section shall be tagged with tags furnished or authorized by the department before being brought to any dock or shore when fishing in open water and before being transported when fishing with nets under ice. Such fish shall be individually tagged.

(a) Tags authorized shall be approved in writing by the secretary of the department and shall conform to the following minimum specifications:

1. Tags shall be individually, serially numbered in nonrepeating number series.

2. Tags shall be color-coded by year in a color which does not repeat in the next consecutive year.

3. Tags shall include an appropriate state or tribal identification.

4. Tags shall only be ordered in a number sufficient to limit the harvest to a biologically determined quota.

5. Issuing authorities shall maintain records of tag allotments to individual fishers by tag serial numbers. Tag records shall be open to inspection by state conservation wardens during regular office hours.

6. Tags are valid for use only for the license season.

(b) Untagged fish may not be left unattended.

(c) Untagged fish may not be transferred between watercraft.

(d) Tags shall be locked and remain attached to fish until prepared for final consumption. Tags shall remain with smoked or filleted fish until sold to final consumers. Commercial fishers of the outlying waters or licensed wholesale fish dealers shall not be considered final consumers and must be in possession of tags for smoked and filleted fish.

(e) Tags provided or authorized by the department for tagging fish may not be transferred.

(f) No person may possess or use tags furnished or authorized by the department for tagging fish which have been modified or tampered with.

(g) No treaty fisher may lift nets in Wisconsin waters while in possession of tags issued by a tribe or another state for fish taken in Michigan waters.

(4) **ALLOCATION.** The harvest quotas established shall be allocated to individual commercial fishing licensees in accordance with s. NR 25.07.

(5) **CATCH FEES.** Catch fees to be charged for commercial harvest of fish species whose populations are sustained or supplemented through stocking shall be determined and assessed as follows:

(a) The department shall determine catch fees annually for each fish species population subject to this subsection and shall provide this information upon request by February 15 of each year.

(b) The catch fee for a given fish species population shall be equivalent to the department's direct cost in providing those fish for commercial harvest.

(c) Catch fees shall be charged on a per fish harvested basis.

(d) Catch fees shall be collected through the sale of fish tags furnished or authorized by the department in accordance with sub. (3) at offices indicated on the quota applications provided under s. NR 25.07 (3). The total number of tags that may be purchased by an individual licensee shall be equivalent to that licensee's individual catch quota as determined in accordance with s. NR 25.07.

(e) Unused fish tags purchased in accordance with par. (d) shall be returned by the licensee to the department at the office where purchased within 15 days of the end of the open season for that fish species population. The department shall return the catch fees paid by that licensee for those unused fish tags.

NR 25.07 Individual licensee catch quotas. (1) LAKE SUPERIOR. The allotment of harvest quotas as established in s. NR 25.06 (1) to individual licensed commercial fishers on Lake Superior shall be by the Lake Superior commercial fishing board upon application in accordance with sub. (3), and as follows:

(a) *Lake trout.* 1. Each licensed commercial fisher shall receive an equal share of the annual lake trout harvest quota established under s. NR 25.06 (1) (a) 2.

2. Allocation of the lake trout quota to individual licensees shall be by issuance of appropriate tags by the department. The number of tags issued to each individual licensee shall be based on the average dressed weight of individual lake trout commercially harvested during the previous year.

(2) **LAKE MICHIGAN AND GREEN BAY.** The allotment of harvest quotas as established in s. NR 25.06 (2) to individual licensed commercial fishers on Lake Michigan and Green Bay shall be by the Lake Michigan commercial fishing board upon application in accordance with sub. (3), as follows:

(a) *Chubs.* 1. A chub fishing permit shall be issued under this subdivision to each applicant who selects the northern chub fishing zone under sub. (3) (d) and meets the following criteria:

a. Is a licensed commercial fisher;

Register, March, 1992, No. 435

b. Owns a boat of 35 feet in overall length or longer which shall be used by the applicant in fishing under the applicant's chub permit;

c. The boat is equipped with a powered net lifter; and

d. Held a Lake Michigan chub harvest permit for the northern chub fishing zone for the 1985-1986, 1986-1987 or 1987-1988 license year.

1m. A chub fishing permit and individual licensee catch quota shall be issued under this subdivision to each applicant who selects the southern chub fishing zone under sub. (3) (d) and meets the following criteria:

a. Is a licensed commercial fisher;

b. Owns a boat of 35 feet in overall length or longer which shall be used by the applicant in fishing under the applicant's chub permit; and

c. The boat is equipped with a powered net lifter;

2. All permittees under subd. 1. who select the northern chub fishing zone under sub. (3) (d) shall be subject to the following limitations:

a. No more than 100,000 pounds of chubs may be harvested during the quota period of July 1 through September 30; no more than 250,000 pounds of chubs may be harvested during the quota period of October 1 through January 15 except that this amount shall be adjusted to include the portion of the allowable harvest for the previous period that is not reported as harvested in that period; and no more than 100,000 pounds of chubs may be harvested during the quota period of March 1 through June 30 except that this amount shall be adjusted to include the portion of the allowable harvest for the previous period that is not reported as harvested in that period.

b. The department shall notify all permittees to cease fishing upon receipt of information that 85% of the period quotas as established in subpar. a. have been harvested except that all nets in the water shall be lifted under s. NR 25.09 (2) (a) 9., and the legal fish harvested.

3. All permittees under subd. 1m. who select the southern chub fishing zone under sub. (3) (d) shall be subject to the following limitations:

a. In the southern chub fishing zone, 90% of the harvest quota established in s. NR 25.06 (2) (a) 3. shall be allotted to 32 individual permittees as follows:

Fisher Rank	Percent of Allotted Quota
1-5	3.94
6-10	3.64
11-15	3.34
16-20	3.04
21-25	2.74
26-30	2.44
31-32	2.15

1) The fisher rank of each individual permittee shall be based on their individual authorized regular season chub harvest from April 1, 1981 through December 31, 1982. This harvest determination shall be based on the permittee's reported catch during that period adjusted to the legal

amount under subd. 1. b. 4) and 5), Register, June, 1981, No. 306. The highest resulting number shall be assigned the fisher rank of 1, and the following numbers assigned sequential ranks until the 32 individual quota allotments are all assigned. If there are any ties for a given fisher rank, a public drawing will be conducted by the department and the permittee selected will receive that fisher rank. The permittee or permittees not selected will go to the next lower fisher rank. Additional drawings will be conducted as needed to resolve all ties. Any remaining permittees not receiving individual quota allotments shall fish under the provisions of subpar. b.

2) No individual quota allotted under subpar. a. may exceed 70,000 pounds, until each individual allotted quota equals 70,000 pounds. When the quota allotted to an individual permittee reaches 70,000 pounds, any additional harvest quota shall be divided equally among the remaining individual allotted quotas not equalling 70,000 pounds. When all individual allotted quotas equal 70,000 pounds, for a total of 2,240,000 pounds, any further increases shall be divided equally among the individual quota allotments. Quota allotments shall be made in whole pound increments.

Note: If 90% of the harvest quota established in s. NR 25.06 (2) (a) 3. equaled 1,890,000 pounds, permittees in fisher rank 1-5 would have individual quotas of 74,466 pounds. The excess over 70,000 pounds for each would be totalled, being 22,306 pounds, and divided equally among the remaining 27 individual quotas, 826 pounds each.

3) Whenever a vacancy occurs in the number of permittees allotted an individual quota, those permittees ranking below the vacancy shall automatically advance in rank to fill the vacancy. Any vacancy at fisher rank 32 may be filled by the permittee fishing under the provisions of subpar. b. who has the highest total reported regular season chub harvest for the previous 2 license years.

b. In the southern chub fishing zone, 10% of the harvest quota established in s. NR 25.06 (2) (a) 3. shall be allotted to permittees who do not receive individual allotted quotas under subpar. a.

1) No more than 10% of this allotment may be taken by any one permittee during the license year.

3) Whenever the total amount of chubs allocated under subpar. b. 1) does not equal the amount provided in subpar. b., the surplus shall be divided equally among permittees under subpar. b.

d. Any permittee with an individual chub quota allotment under subpar. a. 1) and 2) may transfer up to 100% of his or her allotted chub quota to another permittee with an individual chub quota allotment under subpar. a. 1) and 2). A quota transfer under this subparagraph shall be in effect only during the current license year, and shall be subject to sub. (6).

e. Any permittee with an individual chub quota allotment under subpar. a. may temporarily transfer, for the remainder of the current license year, all or part of his or her individual chub quota allotment to a person who holds a permit under subpar. b., subject to s. NR 25.08 (intro.), (1), (4) and (5). However, a quota transfer approved under s. NR 25.08 (5) is not valid and may not be fished until either of the following occurs:

Register, March, 1992, No. 435

(f) *Whitefish in zone 3.* 1. No person may fish for whitefish with commercial gear in zone 3 unless the person has a permit for that zone issued by the department under this paragraph.

2. A whitefish fishing permit and individual licensee catch quota for zone 3 shall be issued to each applicant who:

- a. Holds a commercial fishing license issued under s. 29.33, Stats.,
- b. Effective July 1, 1990, applied for and received a whitefish fishing permit for zone 3 for the license year preceding the license year for which the permit application is being made; and
- c. Reported a commercial harvest of whitefish legally taken from zone 3 between January 1, 1984 and June 30, 1989.

3. Each permittee shall be allowed a total annual harvest or individual licensee catch quota of whitefish assigned as a percentage of the harvest limit established by s. NR 25.06 (2) (d) 2. Each individual licensee catch quota shall be determined by dividing the total whitefish commercial harvest from zone 3 during the period from January 1, 1984 to June 30, 1989 reported under that license by the total reported commercial harvest of whitefish from zone 3 during that period, and multiplying the result by 100.

4. In determining individual licensee catch quotas under subd. 3., the resulting percentages shall be rounded off to hundredths of a percent. The individual licensee catch quotas shall be allocated in whole pound increments.

(3) APPLICATION. (a) Applications for individual licensee catch quotas and fishing permits under this section shall be made annually on forms available from the department and shall be returned to the department no later than April 30 preceding the license year for which application is being made.

(b) To be timely, applications, if mailed, must be postmarked no later than April 30 preceding the license year for which application is being made and if submitted to the department other than by mail must be received and stamped with a date stamp of the department indicating receipt no later than April 30 preceding the license year for which application is being made. Late applications for individual licensee catch quotas and fishing permits may not be acted upon by the department but shall be returned to the applicant.

(c) The applications shall be reviewed by the department and approved or denied no later than June 15 preceding the license year for which application is being made, unless there are circumstances that may prevent the applicant from being a licensed commercial fisher on July 1 of the license year for which application is being made. In those cases, the applicant shall be notified of the approval or denial of the application in conjunction with the notice of approval or denial of the license authorizing commercial fishing on the outlying waters.

(d) Applicants for Lake Michigan chub fishing permits and individual licensee catch quotas under sub. (2) (a) 1. shall select and designate on their application either the northern chub fishing zone or the southern chub fishing zone as the zone they wish to fish chubs in.

(4) **ASSESSMENT QUOTA.** Fish harvested under contract for the department for assessment purposes may not be considered part of nor deducted from an individual licensee catch quota.

(5) **PERIOD OF VALIDITY.** Individual licensee catch quotas and fishing permits determined and issued in accordance with this section shall be issued on a license year basis. They shall be valid only during the open season for the species of fish subject to the harvest quota and only while the quota holder or permittee holds a valid license authorizing commercial fishing in the waters to which the quota applies.

(6) **REINSTATEMENT OF QUOTA RIGHTS.** If the commercial fishing license of a quota holder is revoked under s. 29.33, Stats., the right to that quota and ranking, if any, shall be reinstated upon reinstatement of the revoked license and upon proper application.

(7) **REALLOCATION OF SURPLUS TOTAL ALLOWABLE COMMERCIAL HARVEST.** If the number of eligible permittees is inadequate to utilize a total allowable commercial harvest established by s. NR 25.06 (2) (a) 3., (b), (d) or (e) and allocated under sub. (2) (a) 3. a., (b), (bg), (br), (d), (e), (f) or (g), the surplus shall be divided permanently among the remaining eligible permittees based on the percentage calculated for each permittee under sub. (2) (a) 3. a., (b), (bg), (br), (d), (e), (f) or (g), respectively.

NR 25.13 Commercial fishing reports. (1) All commercial fishing reports shall be signed by the commercial fishing licensee under whose license the fish were taken.

(2) Each person licensed pursuant to s. 29.33, Stats., to conduct commercial fishing operations on Lake Superior, or fishing as an eligible member of the Red Cliff or Bad River band of Lake Superior Chippewas, shall report for the preceding biweekly calendar period to the department in writing on forms provided for this purpose by the department such information relative to their fishing activities as may be deemed necessary by the department for management of the fishery, and to prevent depletion of the fish supply. The biweekly report shall be mailed or delivered to the department at the address provided on the form no later than the Tuesday following the biweekly reporting period.

(a) Biweekly fishing reports shall include but are not limited to all records of harvest, harvest effort, all wholesale fish sales, and all retail fish sales.

(b) Biweekly fishing reports shall be filed by each licensee regardless of whether the licensee fished during the period of time covered by the report.

(c) All department copies of biweekly report forms issued to a licensee for the license year and not previously submitted by the licensee shall be returned by the licensee to the department by the final reporting deadline for that license year.

Note: Biweekly fishing report forms are provided by the department to each licensee at the beginning of the license year. Additional forms may be obtained by writing: DNR, 110 South Neenah Avenue, Sturgeon Bay, WI 54235.

(3) Each person licensed pursuant to s. 29.33, Stats., to conduct commercial fishing operations on Lake Michigan and Green Bay shall report for the preceding biweekly calendar period to the department in writing on forms provided for this purpose by the department such information relative to their fishing activities as may be deemed necessary by the department for management of the fishery, and to prevent depletion of the fish supply. The biweekly report shall be post mailed or delivered to the department at the address provided on the form no later than the Tuesday following the biweekly reporting period.

(a) Biweekly fishing reports shall include but are not limited to all records of harvest, harvest effort, all wholesale fish sales, and, after July 1, 1990, all retail fish sales.

(b) The biweekly fishing reports shall be carried while fishing by the licensee or by a member of the licensee's crew if the licensee is not present. The information pertaining to the licensee's name, address and license number, date, name and number of the boat fished from, fishing

location and depth, fishing effort, gear used and estimated pounds of each fish species caught for each fishing trip shall be recorded on the biweekly fishing reports immediately after completing all net lifts for each trip and before starting to bring the catch to dock or shore. The report shall accompany the fish caught to dock or shore. After a trip's information has been recorded, the report may not be transported for the rest of the day in such a way that it can be altered except to record information pertaining to additional fishing trips taken that day. Biweekly fishing reports shall be filed by each licensee regardless of whether the licensee fished during the period of time covered by the report.

(c) All department copies of biweekly report forms issued to a licensee for the license year and not previously submitted by the licensee shall be returned by the licensee to the department by the final reporting deadline for that license year.

Note: Biweekly fishing report forms are provided by the department to each licensee at the beginning of the license year. Additional forms may be obtained by writing: DNR, 107 N. 1st Place, Sturgeon Bay, WI 54235.

NR 25.16 Lake (trout tagging. (1) IMPORTING UNTAGGED LAKE TROUT. (a) No licensed wholesale fish dealer or producer of fish including treaty fishers may import untagged lake trout without the dealer or producer or his or her agent providing the department with the identity of the transporter in addition to the information required by s. 29.135 (5) (b), Stats. The information shall be given to a department office.

(b) Upon receipt of 12 or more hours notice of the date, time and location of arrival at the state line of untagged lake trout, the department shall meet the transporter at the date, time and location designated by the licensed wholesale fish dealer or producer of fish or identified transporter, Register, March, 1992, No. 435

porter. If the notice is provided less than 12 hours before the anticipated arrival, the department and the licensed wholesale fish dealer or producer of fish or identified transporter shall establish a mutually acceptable time and location where the lake trout shipment may be tagged. If the wholesale fish dealer or producer of fish or transporter has informed the department of the time and location at which untagged lake trout will be crossing the border and the quantity of untagged lake trout, and if the department's representative is not at the border to meet the transporter, then the transporter shall wait ½ hour after the designated time. The transporter may then proceed to deliver the lake trout to the wholesaler's place of business or the place of business listed on the invoice. The wholesaler shall notify the department immediately upon receipt of the lake trout from the transporter. No wholesaler may process or market the lake trout until they have been tagged with individual or package tags.

(c) Shipments of lake trout presented for tagging at the state line under s. 29.135 (5) (b), Stats., which contain boxes of lake trout destined for different locations within the state may be sealed on a box-by-box basis. Box seals may not be removed prior to delivery.

(d) Each shipment of lake trout sealed at the state line by a single seal for the entire shipment or on a box-by-box basis shall be inspected by the department at the wholesale fish dealer's or producer's place of business or place of storage. Each fish shall be tagged by the department with a foreign lake trout tag or smoked/fileted lake trout package tags shall be provided to the wholesale fish dealer or producer of fish under sub. (2) (c).

(e) Foreign lake trout tags may be attached to frozen lake trout by inserting the tag through a hole punched in the caudal fin.

(f) All foreign lake trout tags and all commercial fish tags issued or authorized by the department or by a governmental agency of another state or country, when severed from the lake trout are considered state property and may be claimed by the department within one year of the date they were severed.

(2) FILETED, PORTIONED OR SMOKED LAKE TROUT. (a) Lawfully possessed lake trout which are intended for smoking, portioning or fileting may have the tags removed immediately prior to smoking. Except as set forth in par. (b), the department shall issue to wholesale fish dealers, who are actively selling lake trout, sufficient adhesive smoked/fileted lake trout package tags necessary for no more than one month's processing. The package tags shall be used when the initial tags are removed from the lake trout for smoking, portioning or fileting, according to par. (e). Immediately after smoking, fileting or portioning and packaging, each individual package of smoked, portioned or fileted lake trout shall be tagged with smoked/fileted lake trout package tags in denominations which represent the weight of the contents of the package.

(b) In lieu of the procedure set forth in par. (a), the department, if any of the conditions in subds. 1 to 3 are met, may require that the wholesale fish dealer notify the department prior to removing the initial tag from lake trout which are intended for smoking, portioning or fileting. The initial tags shall be exchanged for adhesive smoked/fileted lake trout package tags in denominations which account for an equivalent weight of lake trout less shrinkage for the portioning, smoking or fileting process

according to par. (e). Immediately after smoking, portioning or fileting and packaging, each individual package of smoked or fileted lake trout shall be tagged with smoked/fileted lake trout package tags in denominations which represent the weight of the contents of the package. A wholesale fish dealer may be subject to this paragraph if the wholesale fish dealer either:

1. Has been convicted in Wisconsin of any violation resulting in a penalty under s. 29.99 (1) (b), Stats., within the last 2 years, has been convicted of any violation resulting in a penalty under s. 29.99 (1) (c), Stats., within the last 5 years, or has been convicted of any violation resulting in a license revocation under s. 29.99 (1) (e), Stats., within the last 5 years. Convictions prior to July 1, 1985, shall be evaluated according to the standard of s. 29.99, Stats., (1985). This section shall also be applicable to violations that have occurred in any other state or any Canadian province. Such violations shall also be evaluated according to the standard of s. 29.99, Stats., (1985);

2. Is under formal investigation for specific violations relating to the possession or sale of illegal lake trout. Verification that a formal investigation for specific violations is ongoing may be obtained from the investigating officer's supervisor. If the investigation does not result in the issuance of a citation within one year, or the filing of a criminal complaint within 2 years, then package lake trout tags shall be issued under the provisions of par. (a). The system of issuing package lake trout tags set forth in par. (a) may be withheld for a longer period of time, under extenuating circumstances, upon approval by the secretary; or

3. Has within the past 2 years mishandled the tag account system.

(c) Shipments, or boxes in a shipment, of lawfully possessed untagged lake trout which were sealed at the state line by a department representative need not be individually tagged if all the lake trout in the shipment or box are intended for smoking or fileting. The department shall promptly issue adhesive smoked/fileted lake trout package tags to the consignee in denominations which represent the weight of the shipment or box less shrinkage for the fileting or smoking process. Immediately after smoking or fileting and packaging, each individual package of smoked or fileted lake trout shall be tagged with smoked/fileted lake trout package tags in denominations which represent the weight of the contents of the package.

(d) No wholesale fish dealer or producer of fish may sell, buy, barter, trade, possess, control or transport any smoked or fileted lake trout unless each individual package of smoked or fileted lake trout is tagged with department smoked/fileted lake trout package tags in denominations which represent the weight of the contents of the package.

(e) The department shall issue adhesive smoked/fileted lake trout package tags in an amount equal to a percentage of the weight of the whole, dressed lake trout. The following percentages shall be used:

1. For fileting, portioning and smoking — 65%

2. For smoking whole — 85%

(3) USED TAGS. (a) When lawfully possessed, lake trout which were tagged with a commercial fish tag issued or authorized by the department or by a governmental agency of another state or country and im-

ported into this state are sold at retail or to a retail outlet, the wholesale fish dealer shall remove and retain the commercial fish tags. The department may reclaim such tags within one year at the wholesale fish dealer's place of business.

(b) No person may reuse any foreign lake trout tag, smoked/fileted lake trout package tag or any commercial fish tag issued or authorized by the department or by a governmental agency of another state or country.
