**Ag 18.02 Ingredient labeling restrictions.** (1) Collective terms may not be used to describe ingredients other than those specified under s. Ag 18.01.

(2) When a collective term is used on a feed label to describe one or more ingredients, as provided in s. Ag 18.01, individual ingredients within that group shall not be listed on the label.

(3) An ingredient used as a carrier for drugs, medications, vitamins and trace minerals in a premix shall not be listed on the label of a feed manufactured from the premix unless it makes up at least one per cent of the total ration.

(4) No reference to quality or grade of an ingredient shall appear in the ingredient statement of a feed.

**Ag 18.03 Ingredient disclosure.** Feed manufacturers shall provide the department, on request, with a listing of specific individual ingredients used in any feed and labeled by means of a collective term.
