(3s) "Blind", for the purpose of goose hunting in zones established in s. NR 10.31, means any framed enclosure or pit not more than 15 feet in its greatest dimension and camouflaged to provide concealment to hunters.

(3t) "Bonus deer hunting permit" for purposes of s. 29.1075, Stats., means any additional carcass tags issued under s. NR 10.11, any antlerless deer permits issued under s. NR 10.104 (3) (a) for gun deer season zone B as described in s. NR 10.01 (3) (e), and any antlerless permits issued under s. NR 10.104 (3) (b) and (c).

(4) "Bow" means any bow, drawn and held by and through the effort of the person releasing it, but does not include crossbow.

(5) "Buck deer" means any deer with an antler not less than 3 inches in length.

(5p) "Capable of drowning" means a set designed to allow the trapped animal to travel to water of sufficient depth to cause drowning. Slide wires or poles, locking devices, slip chains, weighted traps and traps staked in deep water are commonly used in drowning sets.

(5m) "Canada goose management zones and subzones" means those established in s. NR 10.31.

(5r) "Class A permit" means a permit as defined in s. 29.09 (9) (a) 2., Stats.

Note: Subsection (9) does not remove the requirement of ss. 29.224 and 350.06, Stats., to enclose bows or crossbows in carrying cases. The rule does not apply to bows or crossbows only because the natural resources board recognizes that certain designed bow cases may allow portions of the bow, for instance the handle, to be exposed and yet still render the bow inoperable.

(9e) "Established range" means an existing facility that has target shooting with firearms as its major purpose.

(9m) For the purpose of administering the Canada goose hunting permit system, "Exterior goose management zone" or the "Exterior zone" means all that part of the state outside of the Collins, Horicon, Pine Island and Theresa goose management zones described in s. NR 10.145 Bobcat, fisher and otter. No person may hunt or trap, or attempt to hunt or trap, any bobcat, fisher or otter unless having first applied for and received from the department a permit and any associated carcass tags.

(1) **HARVEST QUOTAS.** The number of bobcat, fisher and otter permits issued annually shall be determined by the department. The department shall base its determination upon:

- (a) Population estimates and trends.
- (b) The population goals established in sub. (2).
- (c) Trends in hunter or trapper success rates.

(2) **POPULATION GOALS.** (a) *Fisher.* The overwinter population goal for each management zone listed under s. NR 10.01 (4) is one fisher per 4 square miles of fisher range.

(b) *Bobcat.* The overwinter population goal north of state highway 64 is one bobcat per 10 square miles of bobcat range.

(3) **APPLICATION AND ISSUANCE PROCEDURES.** (a) *Forms.* Applications for permits shall be made on forms provided by the department.

(b) *Deadlines.* All permit applications shall be postmarked no later than the deadline dates indicated on the form or received by the department license section no later than 4:30 p.m. on those dates to be considered for selection. The annual application deadlines may not be sooner than July 1.

Note: The department conducts extensive publicity on the application deadlines beginning several months prior to any deadline. Application deadline dates are published in news releases, license outlet handouts, and pertinent regulation pamphlets. The license section address is 101 South Webster, Box 7926, Madison, WI 53707.

(c) *Application limit.* No person may apply for more than 1 permit for each species.

(e) *Carcass tag issuance.* The department shall issue carcass tags to successful permit applicants as follows:

Register, July, 1993, No. 451

1. Oversubscribed zones. If the number of applications for permits is equal to or more than the number of permits available, each successful applicant shall be issued a carcass tag.

2. Undersubscribed zones. If the number of applications for permits is less than the number of permits available, the department may:

- a. Randomly issue successful applicants additional carcass tags; or
- b. Make available to any person the remaining permits on a first-come, first-served basis; or
- c. Use both procedures described in subpars. a and b.

(4) TAGGING REQUIREMENTS. (a) *Field tagging*. When a bobcat, fisher or otter is killed and before it is carried by hand or transported in any manner, the permittee shall immediately attach and seal the carcass tag to the animal in the manner indicated by the department. Failure to attach and seal the carcass tag invalidates the permit.

(b) *Transportation and possession*. No person may transport or possess a bobcat, fisher, otter, or a raw pelt of these species unless it has been tagged in accordance with par. (a).

(c) *Tag retention*. The carcass tag shall remain attached to the pelt until removed by a fur dresser or taxidermist at time of preparation.

(5) RECORDING OF HARVEST. (a) *Exhibition requirements*. Unless otherwise authorized by the department, each person who has killed a bobcat, fisher or otter shall exhibit the pelt to an authorized department representative in the county in which the animal was killed, or in an adjoining county, no later than 5 days after the close of the season.

(b) *Carcass collection*. The department may require each person exhibiting a bobcat, fisher or otter pelt to exhibit and provide the skinned carcass to the department.

(c) *Department tagging*. The department shall inspect the pelt, attach and lock a registration tag to the head of all lawfully taken and possessed bobcat, fisher and otter.

(d) *Mounting*. Persons who intend to have a fisher or bobcat mounted by a taxidermist may exhibit the fisher or bobcat to the department for registration in whole carcass condition without separating the pelt and need not surrender the skinned carcass to the department until after the taxidermist has separated the pelt.

(6) POSSESSION AND TRANSFER RESTRICTIONS. No person may:

(a) *Possession*. Possess raw bobcat, fisher or otter pelts after the 5th day following closure of the open season for each species and the respective opening date of the next trapping or hunting season without a registration tag attached and locked to the head of the animal.

(b) *Transfer*. Transfer, give, trade, sell or purchase any fisher or otter pelt without a registration tag being attached and locked to the head of the pelt.
