HSS 177.01 Authority and purpose. This chapter is promulgated pursuant to s. 140.05 (1), (3) and (17), Stats., in order to regulate mobile home parks for the purpose of protecting public health and safety.

History: Cr. Register, January, 1986, No. 361, eff. 2-1-86.

HSS 177.02 Scope of rules. (a) **APPLICABILITY.** The provisions of this chapter apply to all operators of mobile home parks.

(2) **APPROVED COMPARABLE COMPLIANCE.** When strict compliance with a requirement of this chapter is impractical for a particular mobile home park, the department may approve a modification in that rule for that park if the department is provided with satisfactory proof that the grant of a variance will not jeopardize the health, safety or welfare of the public.

History: Cr. Register, January, 1986, No. 361, eff. 2-1-86.

HSS 177.03 Definitions. In this chapter:

(1), (2), and (3) unless the department determines that non-compliance endangers the health or safety of occupants.

(b) Any mobile home park expansion shall be in accordance with subs. (1), (2) and (3) and other applicable parts of this chapter.

(c) Any modification of a mobile home park which existed prior to 1962 relating to the size of basic units, the separation between basic units, or

the placement of basic units on a lot in relationship to streets and other buildings shall be permitted by the department unless the department determines that the modification endangers the health or safety of occupants. HSS 177.14 Enforcement. (1) **ACCESS.** An authorized employe or agent of the department, upon presenting proper identification, shall be permitted to enter any mobile home park at any reasonable time for the purpose of inspecting the mobile home park to determine compliance with this chapter. The department's authorized employe or agent shall be permitted to examine the records of the mobile home park, including mobile home park registration records.

(2) **ENFORCEMENT POLICY.** (a) *Notification.* If upon inspection of a mobile home park the authorized employe or agent of the department finds that the mobile home park is not planned, operated or equipped as required by this chapter, the employe or agent shall, except as provided under par. (b), notify the operator in writing and shall specify the changes required to make the mobile home park conform to the standards established in this chapter and the time period within which compliance shall take place. If the order to correct violations is not carried out by the expiration of the time period stipulated in the order, or any extension of time granted for compliance, the department may issue an order suspending or revoking the permit to operate the mobile home park. The suspension or revocation order shall take effect 15 days after the date of issuance unless a request for a hearing has been received under sub. (3).

(b) *Order to deal with an immediate danger to health.* Where there is reasonable cause to believe that any construction, sanitary condition, operation or method of operation of the premises of a mobile home park or of equipment used on the premises creates an immediate danger to health, an authorized employe or agent of the department may, pursuant to s. 50.575, Stats., acting as the designee of the administrator of the department's division of health, and without advanced written notice, issue a temporary order to remove the immediate danger to health. That order shall take effect on delivery to the operator or other person in charge of the mobile home park. The order shall be limited to prohibiting the continued operation or method of operation of specific equipment, requiring the premises to cease other operations or methods of operations, or a combination of these, except that if a more limited order will not remove the immediate danger to health the order may direct that all operations authorized by the permit shall cease. If before scheduled expiration of the temporary order, the department determines that an immediate danger to health does in fact exist, the temporary order shall remain in effect. The department shall then schedule and hold the hearing required under s. 50.575 (3), Stats., unless the immediate danger to health is removed or the order is not contested and the operator and the department mutually agree that no purpose would be served by a hearing.

Note: Under s. 50.575, Stats., the temporary order is effective for 14 days and may be extended for another 14 days to permit the department to complete its examination. The order expires at the end of the 14-day or 28-day period unless it is terminated by the department by notice to the operator within that period, or is kept in effect beyond that period, pending a hearing, by department notification to the operator. The hearing is to be held by the department no later than 15 days after the notice is served on the operator unless the department and the operator agree on a later date, and the department must issue a final decision on the matter within 10 days after the hearing.

(3) **APPEAL BY THE OPERATOR.** Any operator aggrieved by an order of the department under this chapter, except for an order issued pursuant to s. 50.575, Stats., and sub. (2) (b), may request a hearing under this subsection to challenge the order. A request for a hearing under this subsection shall be submitted to the department's office of administrative hearings and shall be received by that office within 15 days after issuance of the order. Procedures for the hearing shall be in accordance with ch. 227, Stats. After the hearing, the department shall affirm, set aside or modify the order. The final decision of the department may be appealed to the circuit court as provided in ch. 227, Stats.

Note: The mailing address of the office of administrative hearings is P.O. Box 7875, Madison, Wisconsin 53707.

(4) LOCAL ENFORCEMENT. Notwithstanding subs. (2) and (3), if an agent issues permits directly under this chapter, the agent shall create enforcement and appeal procedures in accordance with ss. 50.535 (2) (g) and 66.124, Stats., which shall supersede subs. (2) and (3).
