Psy 4.03 Reinstatement of a lapsed license. Failure to renew a license by September 30 of odd-numbered years shall cause the license to lapse. A licensee who allows the license to lapse may apply to the board for reinstatement of the license as follows:

(1) If the licensee applies for renewal of the license less than 5 years after its expiration, the license shall be renewed upon payment of the renewal fee and fulfillment of the continuing education requirements.

(2) If the licensee applies for renewal of the license more than 5 years after its expiration, the board shall make an inquiry as it finds necessary to determine whether the applicant is competent to practice as a psychologist or private practice school psychologist in this state, and shall impose any reasonable conditions on reinstatement of the license that the board considers appropriate. An applicant under this subsection is presumed to be competent to practice as a psychologist or private practice school psychologist in this state if at the time of application the applicant is licensed by a similar examining board of another state or territory of the United States or of a foreign country or province whose standards, in the opinion of the board, are equivalent to or higher than the requirements for licensure as a psychologist under s. 455.04 (1), Stats., or as a private practice school psychologist under s. 455.04 (4), Stats. Notwithstanding any presumption of competency under this subsection, the examining board shall require each applicant under this subsection to pass the
