ETF 10.01 Definitions. Words, phrases, and terms used in all ETF chapters which are not defined in this section shall have the meaning set forth in s. 40.02, Stats.:

(1g) "Active military service" and "active service," as that term is used with reference to military service, including in s. 40.02 (15) (a) (intro.) and 1, (c) (intro.), 1. and 4., and (48m) (f), Stats., mean active duty military service in the armed forces of the United States, excluding:

(a) Service reported by the military as active duty for training purposes.

(b) Service as a cadet or student at a U.S. military service academy.

Note: This definition does not apply to the term "active service" used in reference to active performance of the duties of employment with a participating employer, as for example in s. 40.63 (1) (c) and (2), Stats.

Insofar as possible, the department relies on U.S. armed forces documents, such as the DD 214, the AGO53-55 series, NAVPERS 553, and GSA 6851, to identify periods of "active duty" and "active duty for training."

(1m) "Current basic pay rate" means:

(a) Unless otherwise provided by ch. 230, Stats., contractual agreements authorized under subch. V of ch. 111, Stats., or par. (b) or (c), the hourly rate, or its equivalent, excluding any overtime or supplementary compensation, at which the employe is paid at the time of termination of employment or at the time of death. For an active employe or employe on an approved leave of absence the "current basic pay rate" means the hourly rate, or its equivalent, the employe is paid during the pay period or was paid prior to the commencement of the leave of absence. The equivalent of the hourly rate of pay shall be obtained by dividing the employe's total earnings in a typical pay period, excluding any overtime, on-call, extracurricular or supplementary compensation, by the number of hours, excluding hours, such as overtime, on-call and extracurricular hours which are incidental to the primary employment, for which the employe is paid in that pay period. If the employe has received a pay adjustment during the 12 months preceding termination, death or leave of absence, other than a permanent change that is broadly applicable to the employes of that employer, or unless that change is the result of a significant change in the nature and duties and activities of that employe, then the equivalent of the hourly rate shall be the greater of the previous current basic pay rate prior to the pay adjustment or the final average earnings divided by 174.

(b) For an annuitant who becomes a participating employe subject to s. 40.22, Stats., within 3 years of the original date of termination, the greater of the current basic pay rate as established

under par. (a) on the effective date of the original annuity or the current basic pay rate at the time of subsequent termination.

(c) For annuitants who become participating employes subject to s. 40.22, Stats., after more than 3 years from the original date of termination the current basic pay rate determined in accordance with par. (a) at the time of subsequent termination for sick leave accumulated after reemployment only. The conversion of sick leave accumulation in effect prior to reemployment shall be calculated by application of the current basic pay rate in effect prior to reemployment as determined under par. (a).

(2) "Dependent" means:

(a) For life insurance purposes, an employe's spouse and an employe's unmarried child, including natural child, stepchild, adopted child and a child in an adoptive placement under s. 48.837 (1), Stats., who is dependent upon the employe for at least 50% of support and maintenance and who is:

1. More than 14 days of age, but under the age of 19,
2. Age 19 or over but less than age 25 if a full-time student,

or

3. Age 19 or older and incapable of self-support because of a physical or mental disability which is expected to be of long-continued or indefinite duration.

(b) For health insurance purposes, an employe's spouse and an employe's unmarried child who is dependent upon the employe or the employe's former spouse for at least 50% of support and maintenance. In this paragraph, "child" includes a natural child, stepchild, adopted child, child in an adoptive placement under s. 48.837 (1), Stats., and a legal ward who became a legal ward of the employe or the employe's former spouse prior to age 19, and who is:

1. Under the age of 19,
2. Age 19 or over but less than age 25 if a full-time student,

or

3. Age 19 or older and incapable of self-support because of a physical or mental disability which is expected to be of long-continued or indefinite duration.

(2m) "Earnings" under s. 40.02 (22), Stats., except as otherwise provided by federal regulations for OASDHI purposes, does not include payments made in lieu of welfare, payments made to reimburse welfare costs, or payments made as part of a work relief, general relief or public assistance program under ch. 49, Stats., unless employment is part of a training program to improve skills or increase employability and the employment satisfies the requirements under s. 40.22 (1), Stats.

(3) "Full calendar year" as used in s. 40.08 (8) (d) and (10), Stats., means the time period beginning on a given date and ending on the same date in the next year.

(3h) "Inactive participant" means, for purposes of the teachers retirement board election under s. ETF 10.10, a participant who is neither a participating employee, as defined in s. 40.02 (46), Stats., nor an annuitant as defined in s. 40.02 (4), Stats.

(3p) "Monthly compensation" means, for purposes of s. 40.19 (4) (g), Stats.:

(a) Where the compensation is paid on a weekly basis, the amount computed by multiplying the employee's basic weekly pay rate by 4.3333.

(b) Where the compensation is paid on a biweekly basis, the amount computed by multiplying the employee's basic biweekly pay rate by 2.1666.

ETF 10.03 Creditable service. (1) For annual earnings periods beginning on or after January 1, 1985, each participating employer shall determine and report service in hours for each participating employee in the manner prescribed in this section. Earnings which are paid to a teacher, as defined in s. 40.02 (55), Stats., who has contracted to receive such payments on either a 9 or 10 month contract basis, and which are paid after the beginning of a school year, as defined in s. ETF 10.01 (4m), for services rendered in the preceding school year, are deemed to be received by the teacher on June 30 of the preceding school year for purposes of reporting service to the department.

(2) The full-time equivalent of one day of service is 8 hours. If an employer has established workdays of other than 8 hours as full-time employment for some or all of its employees, the number of hours to be reported within a reporting period is determined by the participating employer by dividing the number of hours for which earnings are paid to the employee in the reporting period by the number of hours which would have been worked in that reporting period by a regular full-time employee of that employer in the same kind of employment and multiplying the result by 40 times the number of weeks and fractions of a week in the reporting period.

(3) For purposes of s. 40.02 (17), Stats., the full-time equivalent of one year of creditable service for a teacher, as defined in s. 40.02 (55), Stats., who is not an executive participating employee, as defined in s. 40.02 (30), Stats., is 1,320 hours and for all other participating employees the full-time equivalent of one year of creditable service is 1,904 hours.

(4) When a participating employee receives earnings from the same participating employer for employment in more than one of the categories under s. 40.23 (2) (b), Stats., then the following tests shall be applied by the participating employer when service and earnings are reported:

(a) If employment in each of the categories meets the requirements of s. 40.22, Stats., by itself then the earnings and service shall be reported separately for each category.

(b) If employment in any one category meets the requirements of s. 40.22, Stats., and all other employment does not, then earnings and service shall be added to and reported under the one category which meets the eligibility requirements of s. 40.22, Stats.

(c) If employment in more than one category meets the qualifying requirements of s. 40.22, Stats., and all other employment does not, then earnings and service for employment in those categories which do not meet the qualifying requirements of s. 40.22, Stats., shall be added to and reported under:

1. That qualifying category in which the greatest number of hours is worked, or

2. The lowest numbered subd. under sub. (5) (b) if the greatest number of hours worked is equal in 2 or more qualifying categories.

(d) If employment in none of the categories meets the requirements of s. 40.22, Stats., separately, but those requirements are met when the employment is added together then earnings and service shall be added to and reported under:

1. That category in which the greatest number of hours is worked, or

2. The lowest numbered subd. under sub. (5) (b) if the greatest number of hours worked is equal in 2 or more categories.

(5) (a) Fractions of an hour shall be rounded to the nearest hour prior to crediting and if the fraction is one-half hour then the hours credited shall be rounded up to the next whole number.

(b) If the total number of hours reported for an employee within an annual earnings period exceeds the applicable number speci-

fied in sub. (3) service shall be allocated and credited in the following sequence:

1. Service as a protective occupation participant not subject to Titles II and XVIII of the federal social security act whose formula rate is determined under s. 40.23 (2m) (e) 4., Stats.

2. Service as a protective occupation participant subject to Titles II and XVIII of the federal social security act whose formula rate is determined under s. 40.23 (2m) (e) 3., Stats.

3. Service as an executive participating employee whose formula rate is determined under s. 40.23 (2m) (e) 2., Stats.

4. Service as an elected official whose formula rate is determined under s. 40.23 (2m) (e) 2., Stats.

5. Service as a teacher whose formula rate is determined under s. 40.23 (2m) (e) 1., Stats.

6. Service of a type not covered under subs. 1. to 5.

(c) The earnings shall be reported and credited in full without regard to any allocation of creditable service under par. (b).

(6) (a) For local elected officials who are participating employees, but serving in positions not considered full-time by the local unit of government, the amount of service shall be determined and reported by the employer as follows:

1. For employment which is essentially ministerial in nature, the number of hours reported shall be the actual number of hours for which the employee is paid if a regular work schedule has been established. If there is no regular work schedule, the number of hours reported may not be greater than the quotient derived from dividing the compensation paid during the reporting period by 2 times the minimum hourly wage rate established by the federal fair labor standards act for non-agricultural employment.

2. For members of governing bodies or other policy-making groups, the number of hours reported shall be the number of hours in actual attendance at meetings of the governing body, the policy-making group or any sub-group thereof and a reasonable amount of time spent in preparation for such meetings, but in no event shall the number of hours determined to have been spent in preparation time exceed twice the number of hours actually spent at the meetings.

(b) In applying the standards set forth in par. (a), it is the responsibility of the local unit of government to maintain the necessary documentation to justify the reasonableness of the basis used in reporting service for local elected officials.

(c) The department may consider other factors in granting creditable service to local elected officials where circumstances warrant and when satisfactory supporting information is provided.

(7) (a) If a participating employee receives earnings for on-call, standby, extracurricular or other service which is incidental to the primary employment, earnings shall be reported and contributions paid on those earnings pursuant to s. 40.05, Stats. The number of hours determined by the employer and reported pursuant to this subsection shall be the quotient derived from dividing the compensation paid for such service during the annual earnings period by the participating employee's current basic pay rate.

(b) The employer shall maintain the necessary documentation to justify the basis upon which service is reported in applying the standards set forth in par. (a).

(c) In no event shall the number of hours under par. (a), combined with the hours under the primary employment, exceed creditable service of one year during the entire calendar year.

Note: This rule requires a new form which will replace several existing forms. These forms are routinely provided by the department at no charge to reporting officials required to use them.

ETF 10.05 Creditable service for Milwaukee teachers. Creditable service for Milwaukee teachers shall be granted for teaching services performed for governmental agencies other than

the city of Milwaukee pursuant to ss. 42.70 (2) (s), 42.78 (1) (a), 42.81 and 42.91, 1979 Stats., only if the requirements in subs. (1) to (6) are satisfied:

(1) The teacher was a member, as defined in s. 42.70 (2) (k), 1979 Stats., of the former Milwaukee teachers retirement fund on August 31, 1958, has not received a separation benefit since that date and the teaching service for which creditable service is requested was prior to September 1, 1958.

(2) The participant has 10 or more years of teaching service in the city of Milwaukee and the outside teaching credit granted, when added to the participant's separate, combined and formula teaching service in the city of Milwaukee, does not exceed 35 years for benefit computation purposes. If at the time of a benefit computation the total service exceeds 35 years, any payment made previously for outside teaching service including interest which cannot be used shall be transferred to the additional contributions of that participant.

(3) The participant applies in writing for the outside teaching credit giving pertinent details on when, where and for whom the outside teaching service was performed.

(4) The outside teaching service is verified by the school district, successor school district or public retirement plan.

(5) The applicable public retirement plan certifies to the department that the participant is not entitled to any benefit, absolute, contingent or otherwise, from that retirement plan as a result of the teaching service.

(6) The participant makes the contributions which would have been required if the service to be credited had been subject to s. 42.80, 1979 Stats., at the time the teacher became a member, as defined in s. 42.70 (2) (k), 1979 Stats., of the former Milwaukee teachers retirement fund, or if later, at the time the teacher returned to covered Milwaukee teaching after the period of outside teaching. The amount due shall be increased with interest at the effective rate, as defined in s. 40.02 (23), Stats., as though the contributions were in the fund on September 1, 1959.

ETF 10.07 Leave of absence. (1) A person on a paid leave of absence from a position in which the person was a participating employee shall continue to qualify as a participating employee.

(2) Service shall be determined and reported by the employer in the following manner:

(a) If the compensation paid during the leave of absence is less than the earnings paid during the participant's immediately preceding service with that employer in a time period of the same length as the leave, then the service shall be computed by dividing the compensation paid during the leave by the earnings paid in that preceding period and multiplying the result by the service reported for that preceding period.

(b) If the compensation paid during the leave of absence is equal to or greater than the earnings paid during the participant's immediately preceding service with that employer in a time period of the same length as the leave, then the service reported shall be the same as in that preceding period.

(3) Compensation paid during a paid leave of absence shall be treated the same as earnings for purposes of ch. 40, Stats.

Note: This rule requires a new form which will replace several existing forms. These forms are routinely provided by the department at no charge to reporting officials required to use them.

(1m) In this section:

(a) "Annuitant" has the meaning given in s. 40.02 (4), Stats.

(b) "Election category" means the class of participating employes or annuitants who are eligible under s. 15.16 (1) (d) or 15.165 (3) (a) 1., 2., 6. or 7., Stats., to vote to elect a member to the employe trust funds board or the teachers retirement board.

(2) The secretary shall schedule an election when the term for an elective board position on the employe trust funds board or the teachers retirement board is due to expire or is vacated due to resignation, death or for any other reason. When a term is due to expire, the secretary shall schedule the election to assure that the election is completed and the new board member announced prior to the date the new term commences. If an elective board position is vacant for any reason other than the term expiring, the secretary shall schedule an election at a time determined by the secretary. The annuitant or participating employe elected in an election to fill a position vacated prior to the end of a term shall serve the remainder of the unexpired term.

(3) Annuitants or participating employes shall be eligible to vote if they are an annuitant or participating employe in the election category for which the election is being held and meet the other voting eligibility requirements set forth in this section at the time ballots are printed for distribution to employers or annuitants and the department has record of their eligibility.

(4) For a teacher employed in more than one employment location within an election category specified under s. 15.165 (3) (a) 1. or 2., Stats., the department shall send a ballot to only one location as determined by the department. For a teacher concurrently employed by both a public school and a vocational, technical and adult education district, the department shall send a ballot to both locations, and the teacher shall be eligible to vote in both categories specified under s. 15.165 (3) (a) 1. and 2., Stats.

The department shall publish notice of the election, the nomination timetable and instructions for prospective candidates in the department's newsletter. Prospective candidates may obtain nominating petition forms from the department. A candidate shall do all of the following:

(a) Submit to the department a nominating petition, which shall contain at least 25 but no more than 50 valid signatures of participating employes or annuitants eligible to vote in that election, indicating the name and address of the signer's employer, the signer's social security number and the date signed. For annuitants, the

If more than 50 signatures are submitted, the department shall review for validity only the first 50 signatures based on the earliest date signed and disregard the balance.

(b) Certify that the signers are, to the best of the candidate's knowledge, eligible to vote in the election category for which the candidate is running.

(c) Submit to the department biographical or other information containing no more than 100 words. The department shall print no more than the first 100 words of the candidate's information and send it to eligible voters with the ballots.

(8) The department shall print ballots with the candidates' names in alphabetical order and shall include, when the ballots are distributed, instructions for marking the ballot and the deadline for its return. For elections in which participating employes may vote, the department shall send each employer one ballot individually labeled with the participating employe's name for each participating employe in the election category for which the election is being held who is employed by the employer and whose position is known to the department. A distribution list, prepared by the department and containing the names of participating employes for whom ballots are included, shall accompany the ballots. The department shall require employers to verify, by signing the distribution list, that the employer distributed the ballots within 30 days of the date they were mailed by the department. The employer shall indicate on the distribution list which ballots could not be distributed and shall return the undistributed ballots. For annuitant elections, the department shall send a ballot directly to each annuitant who is eligible to vote in that election at the last home address the department has on file.

(9) All voters shall certify their eligibility to vote in the appropriate election category by signing the ballot and returning it in an envelope.

(10) The teachers retirement board shall appoint an election committee that shall consist of the secretary of the department or the secretary's designee and 2 teachers retirement board members not running for reelection to determine the election results. (a) The signature is not the same as the name on the ballot.

(b) The ballot is not signed.

(c) Too many candidates have been voted for on the ballot.

(d) A ballot is so defective that the committee cannot determine with reasonable certainty for whom the ballot was cast.

(e) The ballot contains the name of a write-in candidate.

(12) If the number of candidates who file nomination papers is equal to or less than the number of positions to be filled within an election category, the department shall not schedule an election and the election committee shall declare all candidates to be elected.

(13) If there is more than one teachers retirement board position to be filled in an election category and an election is held, vot-

ers may vote for as many candidates, in the appropriate election category, as there are positions to be filled.

(15) Candidates receiving the largest number of votes shall be elected. The election committee shall break a tie by the drawing of lots. The counting of ballots shall be conducted under the direction of the secretary or his or her designee.

(16) For elections scheduled because a term is due to expire, the department shall notify all candidates of the results before May 1 following the close of the election. ETF 10.80 Invalid benefit applications and beneficiary designations. (1) Except as provided in sub. (2), an application for a benefit, a designation of a beneficiary or any other document which is signed by a guardian as provided in s. 40.08 (9m), Stats., but is not accompanied by a certified copy of an order of a circuit court approving the specific terms of the document is invalid and is deemed not to have been filed with the department. The department shall return any such document to the guardian as soon as administratively feasible, but failure by the department to return such a document shall not be interpreted as approval.

(2) A certified copy of an order of a circuit court approving the specific terms of the document is not required if the document:

(a) Is a benefit application subject to s. 40.08 (9), Stats., and s. ETF 10.78;

(b) Is not required by statute, administrative rule, or contract administered by the department to be signed by the person under guardianship;

(2), the date a document is received by, or filed with, the department is the date the original document is physically received at the department at its offices during regular business hours as provided under s. 230.35 (4) (f), Stats., regardless of the date the document was mailed or otherwise intended to be transmitted to the department and regardless of any mishandling or misdirection by the U.S. postal service or any other agency or person. A document which arrives at the department's offices after 4:30 p.m. or on a holiday as defined by s. 230.35 (4) (a), Stats., may not be received by the department until 7:45 a.m. on the next day on which the department's offices are regularly open for business as provided under s. 230.35 (4) (f), Stats.

(b) No department employe may affix a date stamp to a document received by the department which indicates a date received in conflict with par. (a).

Note: This paragraph does not prohibit a department employe from making a note attached to or on the document, separate from the official receipt stamp, concerning the circumstances under which the document arrived at the department, including dates or times.

(c) A document bearing the department's date stamp indicating receipt is conclusively presumed for all purposes associated with benefits under ch. 40, Stats., to have been received by the department on the date indicated by the stamp. This presumption may be rebutted only by clear and convincing evidence that the document was received by or filed with the department, as provided in par. (a), on a different date than shown by the official date stamp.

The department may correct a date stamp the secretary determines was affixed in violation of par. (b).
