ETF 20.02 Re-hired annuitants. (1) In this section, "re-hired annuitant" means a participant to whom a retirement annuity is payable under s. 40.23, Stats., who was separated from all employment meeting the qualifications for inclusion under the Wisconsin retirement system specified in s. 40.22, Stats., on the date he or she became an annuitant, and who is employed by a participating employer after becoming an annuitant.

(2) A person is deemed to become an annuitant for purposes of s. 40.22 (2) (L), Stats., on the annuity effective date.

(3) (a) The department shall include a re-hired annuitant under the provisions of the Wisconsin retirement system as a participating employe if all of the following conditions apply:

1. The re-hired annuitant is employed in a position which meets the requirements for participation specified in s. 40.22, Stats.;

2. The re-hired annuitant exceeds the earnings limit specified in s. 40.26 (1) (a), Stats., during his or her annual earnings period;

3. The re-hired annuitant files with the department a written election to be included under the provisions of the Wisconsin retirement system as a participating employe. The election shall be on a form provided by the department and shall include employer certification of the date on which the earnings limit was exceeded.

(b) A re-hired annuitant may not file an election earlier than the date on which the earnings limit was exceeded or later than 31 days after the last day of the annual earnings period in which the earnings limit was exceeded. A re-hired annuitant who does not file an election when eligible shall subsequently qualify to file an

election by meeting the requirements of par. (a) 1. and 2. in a subsequent annual earnings period.

(c) An election filed pursuant to par. (a) shall take effect on the first day of the month following its receipt by the department. The department shall terminate the annuity on the day prior to the effective date of the election, unless the department receives the re-hired annuitant's written notice revoking the election prior to the effective date of the election.

(4) The department may not consider a re-hired annuitant as a continuing participating employe for purposes of s. 40.22 (3m), Stats., unless the employe meets the requirements to become a participating employe as provided in ss. 40.22 and 40.26 (1), Stats.

ETF 20.03 Annuity computations. (1) For purposes of annuity computations, other than option conversion, an applicant's age shall be determined to the nearest month. For option conversion purposes, an applicant's age shall be determined to the nearest quarter year.

(2) For purposes of determining maximum benefits under s. 40.23 (2), Stats., and integrated benefits under s. 40.24 (4), Stats., the estimated OASDHI benefit shall be based on the following:

(a) It shall be assumed that the employe has been in a position covered under OASDHI from the year in which age 30 was attained to the year of retirement or death, except that years in which earnings are reported under s. 40.05 (1) (a) 4., Stats., shall not be counted.

(b) It shall be assumed that covered earnings increased from the year in which age 30 was attained to the year of retirement or death at a rate determined by the actuary to reflect changes in the OASDHI wage base and approximate average changes in earnings during that time.

(c) The delayed retirement credit under federal social security regulations shall be applied to each year after age 65 and up to age 72.

(d) Based upon the assumptions in pars. (a) to (c) and in accordance with the provisions of the federal social security act, the actuary shall prepare a table correlating the employe's age and final average earnings with a primary OASDHI benefit, adjusting the table as necessary to prevent, in most cases, assumed OASDHI benefits from exceeding actual OASDHI benefits.

(e) Notwithstanding pars. (a) to (d), if the applicant furnishes the official social security award certificate or a letter from the social security administration which shows that the retirement or disability benefit that is first payable from the participant's OASDHI account at the time of application for Wisconsin retirement system benefits is or will be in a different amount, the amount certified by the social security administration shall be used in the benefit computation.

(3) The actuarial factors used in computing annuities for beneficiaries shall be the same as the factors used in computing retirement annuities. For purposes of computing a beneficiary social security integrated annuity the beneficiary's estimated OASDHI benefit shall be the primary OASDHI benefit amount determined for the deceased participant pursuant to sub. (2).

ETF 20.04 Optional forms of annuity. Pursuant to s. 40.24, Stats., a participant may elect one of the optional annuity forms prescribed in this section in lieu of an option prescribed under s. 40.24, Stats.:

(1) A joint survivorship annuity with payments reduced 25% upon the death of the participant or the one beneficiary who was designated by the participant in the original application for an annuity.

(2) (a) A joint survivorship annuity payable for the life of the annuitant, with a guarantee period of at least 180 monthly payments, and after the death of the annuitant continued at 100% for the life of the one beneficiary who was designated by the participant as the joint survivor in the original application for the annuity.

(b) The participant may name a secondary beneficiary or beneficiaries to receive the balance of payments due in the event of the death of both the participant and named joint survivor before 180 monthly payments have been made.

(c) The participant, or in the event of the death of the participant, the named joint survivor, may at any time change the designation of the secondary beneficiary.

(d) In the event of the death of the joint survivor who is receiving continued benefits after the death of the participant, but prior to payment of 180 monthly benefits, the remainder of the 180 monthly payments shall continue to the secondary beneficiary, or in the absence of a secondary beneficiary or the death of the secondary beneficiary prior to the death of the joint survivor, payment shall be made under the joint survivor's standard sequence as set forth in s. 40.02 (8) (a) 2., Stats.

(e) In the event of the death of the joint survivor prior to the death of the participant, the remainder of the 180 monthly payments shall continue to the secondary beneficiary, or in the absence of a secondary beneficiary designation or the death of the secondary beneficiary prior to the death of the participant, payment shall be made under the participant's standard sequence as set forth in s. 40.02 (8) (a) 2., Stats.

(f) In the event of the death of the secondary beneficiary after becoming entitled to receive monthly payments but before receipt of the remainder of the guaranteed 180 monthly payments, the then present value of the annuity shall be paid, in lieu of the continuation of monthly payments, pursuant to s. 40.73 (2) (b) 3., Stats., as a death benefit to the secondary beneficiary's named beneficiary, or in the absence of a beneficiary designation or the death of the secondary beneficiary's named beneficiary prior to the death of the secondary beneficiary, the then present value of the annuity shall be paid under the secondary beneficiary's standard sequence as set forth in s. 40.02 (8) (a) 2., Stats.

(g) In the event of the death of both the joint survivor and secondary beneficiary prior to being entitled to receive benefits, the remaining monthly payments shall continue pursuant to the participant's standard sequence as set forth under s. 40.02 (8) (a) 2., Stats., if the participant's death occurs before 180 monthly payments have been made.

(3) An annuity payable under sub. (1) or (2) plus a social security integrated annuity as determined under s. 40.24 (4), Stats.

ETF 20.05 Annuity options integrated with social security. (1) A participant or beneficiary shall not be eligible for the social security integrated annuity if the reduced annuity payable for life in the normal form under s. 40.24 (4), Stats., would be equal to or less than \$25.00 per month for a benefit with an effective date in calendar year 1982 or, for a benefit with an effective date in a subsequent calendar year, the monthly amount applied under this section for the previous calendar year increased by the salary index, as defined in s. 40.02 (52), Stats., ignoring fractions of the dollar.

(2) Pursuant to s. 40.03 (2) (k), Stats., the department will assume that the primary OASDHI benefit, as defined in s. 40.02 (44), Stats., for a person eligible to receive a beneficiary annuity and selecting an option payable under s. 40.24 (4), Stats., will be based on the work record of the participant from whose account the benefit is being paid.

ETF 20.055 Spouse's signature on an annuity application. Documentation of inability to obtain a spouse's signature on an annuity application as required under s. 40.24 (7) (a), Stats., shall be accepted for the following reasons only:

(1) The spouse is incompetent as defined under s. 880.01 (4), Stats., and a copy of the court order appointing the spouse's guardian is submitted to the department, except guardianship papers are not required when payment is a single sum benefit payable under s. 40.25 (1), Stats. The guardian's signature shall be required on the annuity application in lieu of the spouse's signature if the participant chooses an annuity option other than an option specified under s. 40.24 (7) (a), Stats.; or

(2) The participant certifies, on a form provided by the department, that the participant does not now know and has not known the whereabouts of the spouse for at least the 90 days immediately prior to the date the application is signed.

ETF 20.06 Early retirement reduction factors. Pursuant to s. 40.23 (2), Stats., this section applies only to participants who are not participating employees after March 9, 1984. In computing a formula annuity in the normal form beginning prior to the normal retirement date of a participant, there shall be a .5% reduction for each month the participant's age is under 65 but at least 60 and a .4% reduction for each month the participant's age is under 60.

History: Cr. Register, June, 1979, No. 282, eff. 1-1-80; renum. from ETF 7.02 (2), Register, November, 1982, No. 323, eff. 12-1-82; am. Register, March, 1986, No. 363, eff. 4-1-86.

ETF 20.15 Computation for reestablishment of creditable service forfeited. (1) For purposes of reestablishing creditable service as provided in s. 40.25 (6) (a) 3., Stats., the application received date is deemed to be the first day of the annual earnings period in which it is received. In cases where the service to be reestablished was earned in more than one employment category separate calculations shall be done for each period of service using the statutory contribution under s. 40.05 (1) (a), Stats., for each employment category.

(2) Upon making application, the amount payable shall be due as follows:

(a) If the creditable service being reestablished is 2 or less years the amount payable shall accompany the application. The application and amount payable shall be deemed to be received within the preceding annual earnings period if received within the first month after the end of an annual earnings period.

(b) If the creditable service being reestablished exceeds 2 years, the amount payable may be divided into 5 equal annual installments. The first installment shall accompany the application. Subsequent installments shall be received by the department on or before the last day of the annual earnings period, June 30 for teachers applying to reestablish creditable service on or after November 1, 1985 and December 31 for non-teachers, or 30 days from the date of the billing by the department, whichever is later. Payment received within 30 days of the date of billing, but later than the last day of the annual earnings period, shall be deemed received within the preceding annual earnings period.

(c) Interest shall be added to each installment after the first installment and shall be paid in full each year. The interest shall be calculated at the most recently established fixed effective rate as defined in s. 40.02 (23) (a), Stats., on the unpaid principal balance outstanding on the prior January 1 for non-teachers or the prior July 1 for teachers. The participant may prepay any or all installments at the time the regular annual installment payment is made. Paying more than the required installment shall reduce the amount of the last installment due. Interest at the most recently established effective rate shall be prorated monthly on the balance remaining after payments made prior to the month of December for non-teachers or the month of June for teachers.

(d) Failure to pay the installments as due shall result in notification by the department of the past due installment. If within 30 days from the date of the notification the past due amount is not received or the department is not advised in writing by the employee of eligibility under sub. (4), and eligibility under sub. (4) is subsequently certified by the employer, all amounts previously paid plus any interest credited to the amounts shall be refunded as provided in s. 40.08 (6), Stats., and the application to reestablish the forfeited service shall be canceled.

(e) If the department notifies the applicant that the payment or first installment accompanying the application is insufficient, the additional amount payable, except as provided in par. (em), shall be due no later than 30 days from the date of the department's notice.

(em) Any amount due as a result of the actual amount of repurchase being greater than the estimate provided shall be deducted from the applicant's annuity, if an annuity is being paid, when the final repurchase calculation is complete. Notification of such deduction shall be provided to the applicant and the option of withdrawal provided under sub. (4) (b) shall still be available.

(f) If a benefit application is received by the department, any unpaid balance, including prorated interest on that balance from the last regular installment date, shall be due within 30 days after the benefit application is effective. Failure to pay the amount due within 30 days after the benefit application is effective shall result in the department refunding any amounts previously received as provided in s. 40.08 (6), Stats., and the application to reestablish the forfeited service shall be canceled.

(g) If the participant dies prior to repayment of all installments due under this subsection, and the department determines that after deducting the unpaid balance the benefit available under s. 40.25 (6), Stats., would be greater if the previously forfeited creditable service had been fully reestablished than the value of the benefit without reestablishing the creditable service previously forfeited, the department shall deduct any unpaid balance due under this subsection from the benefit payable under s. 40.25 (6), Stats., prior to approval of the benefit application; otherwise the installments already received shall be refunded with the death benefit as provided in s. 40.08 (6), Stats.

(3) Application to reestablish credits under s. 40.25 (6), Stats., shall be accepted only once for a participant unless:

(a) The previous application has been canceled or withdrawn as provided in sub. (4);

(b) The participant receives a subsequent separation benefit, a retirement annuity under s. 40.23 or 40.24, Stats., or a lump sum payment under s. 40.25 (1), Stats., and reapplies under the provisions of s. 40.25 (6), Stats.; or

(c) The participant, after re-establishing forfeited service, becomes newly eligible to purchase additional forfeited service under a statute which became effective after the last application was provided by the department. However, only the newly authorized service shall be available for purchase, and the total service re-established by all purchases shall not exceed the limits specified in s. 40.25 (6) (a) 2., Stats.

(4) (a) If a participant fails to pay an installment, as required by sub. (2) (b) to (d), to reestablish credits under s. 40.25 (6),

Stats., the application shall not be canceled if failure to pay is due to an involuntary leave of absence or is due to a discharge or removal from the employee's covered employment and the employee exercises a right to appeal within 30 days of the discharge or removal. The involuntary leave of absence, discharge, or removal must have had a duration of at least 90 calendar days at the time the installment is first due. The past due installment plus interest shall be deferred until the following June 30 for teachers who applied to reestablish creditable service on or after November 1, 1985 or December 31 for non-teachers at which time both the deferred installment and any other installment regularly due on that date shall be payable. Failure to pay the deferred installment shall result in cancellation of the application to reestablish forfeited service and all amounts previously paid plus interest credited to the account shall be refunded as provided in s. 40.08 (6), Stats.

(b) If the actual amount due under sub. (2) (e) is greater than the estimate provided the applicant by the department, the applicant shall have the option of withdrawing the application without prejudice. If withdrawal of the application is desired, the applicant shall notify the department no later than 30 days from the date of the department's notice of the actual amount due, and any amounts previously received by the department shall be refunded as provided in s. 40.08 (6), Stats.

(5) Payment by installments for reestablished credits shall not be available to any participant whose application is actually received by the department on or after October 1, 1992, notwithstanding the deemed application receipt date specified in sub. (1). The provisions of this section regarding installment payments shall continue to apply to those repurchases for which an installment payment was made prior to October 1, 1992, until that repurchase is completed or terminated pursuant to sub. (4).

Note: Section ETF 20.15 requires a form which is available at no charge by contacting the department of employee trust funds.

ETF 20.16 Credit for service during qualifying period.

(1) If a participating employee has previously received a separation benefit, and the employee has reestablished the maximum possible forfeited creditable service under s. 40.25 (6), Stats., the employee may receive credit for service during any qualifying period if otherwise eligible under s. 40.02 (17) (b), Stats.

(2) The payment to purchase qualifying service as provided in s. 40.02 (17) (b), Stats., shall be based on the applicant's highest earnings in a single annual earnings period at the time the application is received. The earnings shall be annualized prior to calculating the amount due from an applicant who worked less than full-time as defined in s. ETF 10.03 (3) or had less than a full year of service reported. For purposes of this section, the application received date is deemed to be the first day of the annual earnings period in which it is received. In cases where the applicant has service credited in more than one employment category, the service shall be credited to the employment category in effect at the time the service originally would have been credited.

(3) The amount payable shall accompany the application and shall be deemed to be received within the preceding annual earnings period if received within the first month after the end of an annual earnings period.

(4) If the department notifies the applicant that the payment accompanying the application is insufficient, the additional amount payable, except as provided in sub. (4m), shall be due no later than 30 days from the date of the department's notice. If the actual amount due is greater than the estimate provided the applicant by the department, the applicant shall have the option of withdrawing the application without prejudice. If withdrawal of the application is desired, the applicant shall notify the department no later than 30 days from the date of the department's notice of the

actual amount due, and any amounts previously received by the department shall be refunded as provided in s. 40.08 (6), Stats.

(4m) Any amount due as a result of the actual cost being greater than the estimate provided shall be deducted from the applicant's annuity, if an annuity is being paid, when the final calculation is complete. Notification of such deduction shall be provided to the applicant and the option of the withdrawal provided under sub. (4) shall still be available.

(5) Except as provided in sub. (4), application to purchase qualifying service as provided under s. 40.02 (17) (b), Stats., shall be accepted only once from a participant.

Note: Section ETF 20.16 requires a form which is available at no charge by contacting the Department of Employee Trust Funds, P.O. Box 7930, Madison, WI 53707.

2. Evidence of the service which meets the requirements of sub. (4).

3. Payment of the cost of the other governmental service either in a lump sum or by transfer from the participant's additional contributions under s. 40.05 (1) (a) 5., Stats. Pursuant to sub. (9), the department may reject payments received after the end of the calendar year in which employment terminates, notwithstanding the 90-day time-limit in s. 40.25 (7) (a) 1., Stats.

4. Certification by the employer for which the service was rendered that the service will not be used to establish entitlement to, or the amount of, any other benefit from a plan regulated by ss. 401 or 403 of the internal revenue code as defined in s. 71.01 (6), Stats., to be paid by or on behalf of any federal, state, or local government entity, except for a disability or OASDHI benefit or a benefit paid for service in the national guard. If the employer's certification cannot be obtained, the department may accept the employee's affidavit.

Note: An Employer Certification Regarding Other Governmental Service, form ET-2206, is available from the Department of Employee Trust Funds at no charge.

(4) REQUIRED EVIDENCE OF SERVICE. A participant who proposes to purchase other governmental service shall provide to the department all of the following:

(a) The correct name and current or latest address, and telephone number, if any, of the employer for which the service was rendered.

(b) The dates of service for the other governmental employer, including the beginning and ending dates of each period of employment.

(c) Evidence that the employment was full-time as defined in s. ETF 10.03 (2), or, if part-time, evidence of the number of hours worked in each calendar year sufficient to establish the amount of service which the participant is eligible to purchase. The department's determination as to the sufficiency of the documentation shall be conclusive.

Note: Examples of relevant documentation include: employer payroll records, the affidavit of the employer's authorized representative, the employee's pay stubs, records of the social security administration or the internal revenue service.

(d) Evidence that the employer was a federal, state, or local governmental entity in the United States. The department may rely on the determination of the social security administration as to whether an employer is a governmental entity.

(e) Evidence that the participant was an employee, as defined in s. 40.02 (26), Stats., of the governmental entity. Employment by a private or non-profit entity which received government moneys or which was under contract to provide services to or on behalf of a governmental entity does not constitute employment by the governmental entity.

(f) Evidence that the service required, or was expected to require, at least 600 hours of employment. If the employer's expectation cannot be established, the department may accept the employee's certification.

(g) The employee's certification that the service was not of a type that would be excluded under s. 40.22 (2) (e), (g), (gm), or (L), Stats., if the employer were a participating employer.

(5) COST TO PURCHASE OTHER GOVERNMENTAL SERVICE. (a) The cost to purchase other governmental service shall be sufficient to fund the increased benefit anticipated based on the law in effect on the date the department receives a complete application.

(b) The actuary shall recommend a method for calculating the purchase cost expressed as a percentage of the participant's current earnings. The calculation shall reflect the current benefit provisions of the Wisconsin retirement system and shall use the following factors:

1. Factors determined as of the date of application:

a. The participant's current employment category as determined under s. 40.23 (2m) (b), Stats. If the participant is employed in 2 or more categories, the computation shall be based on the current employment category in which the participant has accrued the most creditable service.

b. The participant's current earnings.

c. The number of years, in hundredths of a year, of other governmental service which the participant proposes to purchase.

2. Factors determined as of the January 1 preceding the date of application:

a. The participant's attained age.

b. The participant's money-purchase balance.

c. The interest crediting for which the participant is eligible under s. 40.04 (4) (a), Stats.

d. The participant's final average earnings multiplied by 12.

e. The participant's years of creditable service accrued under the Wisconsin retirement system.

f. Economic assumptions used by the actuary to value Wisconsin retirement system liabilities.

g. Assumptions regarding rates of mortality and withdrawal used by the actuary to value Wisconsin retirement system liabilities, modified to remove distinctions based on gender and occupation within the general employee category.

3. If the participant has terminated participating employment, the date of such termination, or otherwise the participant's assumed retirement date as determined by the actuary.

(c) The calculation may not be used as a basis for purchase of other governmental service until approved by the department.

(d) The actuary may at any time recommend changes in the factors or method of calculating the price of other governmental service if warranted by changes in the benefit structure or valuation assumptions of the Wisconsin retirement system. The calculation based on the new method or factors shall be applied in the manner and at the time prescribed by the department. However, complete applications already received by the department shall not be amended to reflect the new method or factors.

(6) CREDITABLE SERVICE BASED ON PURCHASE OF OTHER GOVERNMENTAL SERVICE; LIMITATIONS. (a) The amount of other governmental service purchased through all purchases made under this section may not exceed the lesser of ten years or the amount of the participant's creditable service earned under the Wisconsin retirement system and credited as of the date of the last application.

(b) Other governmental service shall be credited in the general employment category regardless of the employee's current employment category or the nature of the service.

(c) Service, including teaching service, shall be granted in hundredths of a year, at the rate of one year for 1,904 hours worked in one calendar year.

(d) A participant's total creditable service in any annual earnings period from all sources may not exceed one year.

(e) Creditable service purchased under this section shall be used solely to determine a benefit amount under ss. 40.23, 40.25, 40.63, and 40.73, Stats. The department may not consider other governmental service when determining any of the following:

1. Whether the participant has met the vesting requirement under s. 40.23 (1) (a) 3., Stats.

2. Whether the participant has met the service requirements for disability benefits under s. 40.63, Stats., or s. ETF 50.50 (2) (b).

3. Whether the participant has met the service requirements to continue insurance after termination of employment under ss. 40.02 (25) (b) 6. a., 6m. b., 6r., or 40.72 (4) (b), Stats.

4. The amount of creditable service which the participant is eligible to re-establish under s. 40.25 (6) (a) 2., Stats., or to purchase under this section.

5. The amount of creditable military service for which the participant is eligible under s. 40.02 (15) (c), Stats.

(f) If service for a Wisconsin employer which has been credited under this section is subsequently recognized as creditable prior service under s. 40.21 (6), Stats., the participant's other governmental service credits shall be reduced accordingly and the

associated contributions and interest shall be transferred to the employee's additional account.

(g) When the date of application precedes the decree date, service purchased under this section and the associated account value shall be included in account divisions pursuant to s. 40.08 (1m), Stats.

(7) APPLICATION PROCESS. (a) Upon the participant's request, the department shall issue an application to purchase a specified amount of other governmental service, including an estimate of the cost based on an estimated date of application.

(b) The participant may elect to make a payment which is greater or lesser than the amount estimated by the department.

(c) Upon receipt of a complete and timely application, the department shall grant creditable service in an amount based on the amount of the payment received and the calculation described in sub. (5), but not more than the department determines to be eligible for purchase. If otherwise eligible, the participant may subsequently apply to purchase all or any part of the eligible service which has not yet been purchased.

(d) If for any reason the department determines that the participant is ineligible to purchase other governmental service, it shall reject the application and return the payment.

(e) If the department determines that the payment is not sufficient to purchase all of the service applied for, or that some or all of the service is ineligible for purchase, it shall notify the participant. The participant may remit an additional payment or provide additional evidence of service within 30 days of the notification. At the end of this 30-day period, the department shall grant service up to the maximum which is eligible and has been paid for, and refund any balance remaining.

(f) The department may reject any application which is incomplete 6 months after the date of application, and refund any associated payment.

(g) Except as provided in sub. (8) (b), interest on refunds is limited to the amount provided under s. 40.08 (6), Stats.

(8) CREDITING OF PURCHASE PRICE. (a) The department shall deposit the payment in the participant's required contribution account under s. 40.04 (4) (a) 1., Stats. If the participant participates in the variable trust the payment shall be divided between the fixed and variable accounts in the same proportion as the participant's current contributions.

(b) The participant may request on the application form that a specific dollar amount of the payment be transferred from the participant's employee additional account under s. 40.05 (1) (a) 5., Stats. All additional contributions paid by the participant shall be applied to the payment before any interest accumulations are applied. For interest crediting purposes, the transfer shall be deemed to occur on the January 1 preceeding the date of application. If the department refunds any payment taken from additional contributions, it shall restore the refunded amount to the additional account as if the transfer had not occurred.

(c) The participant may not revoke or withdraw an application to purchase other governmental service once payment has been received by the department.

(d) The department shall notify the participant of the final disposition of the application, including the amount of the payment accepted, the amount of creditable service granted, and any portion of the purchase which was found to be ineligible. Any appeal regarding the purchase, including but not limited to the amount of service granted, the eligibility of the service proposed for purchase, the cost, or the participant's eligibility to make the purchase, must be received by the department within 90 days after the date of this notification. The fact that the purchase is less beneficial to the participant at retirement than anticipated is not grounds for appeal.

(9) LIMITATION ON CONTRIBUTIONS. Nothing in this section shall prohibit the department from refunding payments which are in excess of the limits on contributions to qualified retirement plans established under section 415 of the internal revenue code, as defined in s. 71.01 (6), Stats., and reducing the creditable service granted accordingly.
