Trans 8.03 Distribution of federal aids. The governor's annual apportionment of federal section 9 funds shall be distributed as follows:

- (1) (a) Funds apportioned to the governor and available for operating assistance shall be allocated annually among eligible recipients in proportion to each recipient's share of the projected operating expenses of all eligible recipients for the project year. No recipient may receive an allocation that exceeds 50% of its operating deficit for any project year in accordance with 49 USC §1607a (k) (1); and no recipient shall receive an allocation that when combined with the state s. 85.20, Stats., operating assistance funds exceeds 70% of its projected operating expenses.
- (b) The department of transportation shall provide to each eligible recipient projections of the amount of state and federal funds for operating assistance which will be allocated to each recipient for the next project year no later than October 1. The projections will be based on the best information available at the time. Revised projections shall be provided to each eligible recipient within 10 days following publication of the urban mass transportation administration's official section 9 apportionments in the federal register.
- (2) (a) Funds apportioned to the governor and not allocated for operating assistance under sub. (1) shall be made available on an annual basis to eligible recipients to cover up to 80% of the cost of capital projects included in the final program of projects submitted by each recipient to the secretary of the United States department of transportation as required by 49 USC §1607a (e) (2). In any project year in which requests for capital assistance exceed available funds, the following rank order of priority shall be used for distribution until all funds available are committed:
- 1. Projects to replace or rehabilitate existing vehicles and maintenance and shop equipment.
- 2. Projects to improve or rehabilitate existing maintenance and storage facilities.
- 3. Projects to purchase and install passenger amenities such as shelters and bus stops.
  - 4. Projects to purchase vehicles necessary to expand transit service.
- 5. Projects to construct new maintenance and storage facilities and major passenger transfer facilities.
- (b) If funds are not sufficient to fund all applications within a given category, then the department shall, after consultation with the eligible recipients, reduce the scope or timing of proposed projects within that category to fit available funding.
- (3) Any uncommitted balances of the governor's apportionment after capital assistance needs are met under sub. (2) (a) shall be available to all eligible applicants for operating assistance beyond the 70% limitation initially imposed in sub. (1) (a), not to exceed 50% of the operating deficit or the federally-imposed operating assistance cap. Any uncommitted balances available after this additional operating assistance distribution
