Adm 65.01 Authority and purpose. This chapter is promulgated pursuant to s. 16.366 (3), Stats., in order to regulate and license mobile home parks for the purpose of protecting public health and safety.

History: Cr. Register, January, 1996, No. 481, eff. 2-1-96.

Adm 65.02 Scope of rules. (1) APPLICABILITY. The provisions of this chapter shall apply to all operators of mobile home parks.

(2) APPROVED COMPARABLE COMPLIANCE. When strict compliance with a requirement of this chapter is impractical for a particular mobile home park, the department may approve a modification in the rule for that park if the department is provided with satisfactory proof that the grant of a variance will not jeopardize the health, safety or welfare of the public.

History: Cr. Register, January, 1996, No. 481, eff. 2-1-96.

In this subsection, "width" means the distance from the exterior of one side wall to the exterior of the opposite side wall where the walls enclose living or other interior space, and that distance includes expandable rooms but not bay windows, porches, walls and roof extensions, or other attachments.

(6) "Mobile home park" means any plot or plots of ground owned by a person, state government or local government upon which 3 or more mobile homes are occupied for dwelling or sleeping purposes are located, regardless of ownership and whether or not a charge is made for the accommodation, but excluding farms where the occupants of the mobile home work on the farm or are related to the farm owner or operator as father, mother, son, daughter, brother or sister.

If the application for a permit is denied, the department or its agent shall give the applicant reasons, in writing, for the denial. The department or its agent shall conduct an on-site review for new parks, park expansions or complaints. The department shall assess an inspection fee, not to exceed \$100.00 for such inspection.

History: Cr. Register, January, 1996, No. 481, eff. 2-1-96.

Adm 65.17 Enforcement. **(1) ACCESS.** An authorized employe or agent of the department, upon presenting proper identification, shall be permitted to enter any mobile home park at any reasonable time for the purpose of inspecting the mobile home park to determine compliance with this chapter. The department's authorized employe or agent shall be permitted to examine the records of the mobile home park pertinent to this chapter, including mobile home park registration records.

(2) ENFORCEMENT POLICY. **(a) Notification.** If upon inspection of a mobile home park the authorized employe or agent of the department finds that the mobile home park is not planned, operated or equipped as required by this chapter, the employe or agent shall, except as provided under par. (b), notify the operator in writing and shall specify the changes required to make the mobile home park conform to the standards established in this chapter and the time period within which compliance shall take place. If the order to correct violations is not carried out by the expiration of the time period stipulated in the order, or any extension of time granted for compliance, the department may issue an order suspending or revoking the permit to operate the mobile home park or issue a monetary forfeiture to the operator, or both. The suspension or revocation order shall take effect 15 days after the date of issuance unless a request for a hearing has been received under sub. (3).

(b) Order to deal with an immediate danger to health. Where there is reasonable cause to believe that any construction, sanitary condition, operation or method of operation of the premises of a mobile home park, or of equipment used on the premises, creates an immediate danger to health, an authorized designee of the administrator of the department's division of housing, pursuant to s. 16.366(2)(e), Stats., may without advance written notice, issue

a temporary order to remove the immediate danger to health and issue a monetary forfeiture to the operator for each day the danger is present after it has been identified. That order shall take effect on the delivery to the operator or other person in charge of the mobile home park. The order shall be limited to prohibiting the continued operation or method of operation of specific equipment, requiring the premises to cease other operations or methods of operations, or a combination of these, except that if a more limited order will not remove the immediate danger to health the order may direct that all operations authorized by the permit shall cease. If before scheduled expiration of the temporary order the department determines that an immediate danger to health does in fact exist, the temporary order shall remain in effect. The department shall then schedule and hold a hearing pursuant to sub. (3) unless the immediate danger to health is removed or the order is not contested and the operator and the department mutually agree that no purpose would be served by a hearing.

(3) HEARING. **(a)** The operator may request a hearing in writing within 15 days after issuance of the order issued under sub. (2)(a). The department shall hold a hearing no later than 30 days after the department receives the written request for a hearing, unless both parties agree to a later date. A final decision shall be issued under s. 227.47, Stats., within 15 days of the conclusion of the hearing. The decision may order changes in or cessation of any operations or method of operation of the equipment or premises, or any combination of these actions necessary to correct the violation. The decision may order the cessation of all operations authorized by the permit only if a more limited order will not remove the immediate danger to health.

(b) A proceeding under this section, or the issuance of a permit for the premises after notification of procedures under this section, does not constitute a waiver by the department of its authority to rely on a violation of s. 16.366, Stats., or this chapter as the basis for any subsequent suspension or revocation of the permit or any other enforcement action arising out of the violation.

(4) APPEAL BY THE OPERATOR. Any operator aggrieved by an order of the department under this chapter, except for an order issued pursuant to sub. (2) (b), may request a hearing under this subsection to challenge the order. A request for a hearing under this subsection shall be submitted to and reviewed by the secretary's office within 15 days after issuance of the order. Procedures for the hearing shall comply with ch. 227, Stats. After the hearing, the department shall affirm, set aside or modify the order. The final decision of the department may be appealed to the circuit court as provided in ch. 227, Stats.

(5) LOCAL ENFORCEMENT. Notwithstanding subs.(2) and (3), if an agent issues permits directly under this chapter, the agent shall create enforcement and appeal procedures in accordance with ss. 254.69(2) and 66.124, Stats., which shall supersede subs. (2) and (3).
