(3) **RESPONSIBILITY OF THE DEPARTMENT.** The department shall evaluate the applicant, issue a license if the applicant is qualified, and supervise the licensee to ensure continued compliance with this chapter.

(4) **EXCEPTION TO RULES.** The department may make exceptions to any of the rules for licensing shelter care facilities when the department is assured that granting such exceptions is not detrimental to the health, safety and welfare of children in shelter care, except that exceptions may not be made to s. HFS 59.03 (2) (b) or to s. HFS 59.05 (2) or (3).

(5) **COMPLIANCE WITH OTHER RULES.** Persons applying for a license to operate a shelter care facility for more than 8 children shall also comply with applicable parts of the state building code, chs. Comm 50 to 64.

1. Hold-over rooms for one or 2 children;
2. Family shelter care facilities that house from one to 4 children;
3. Small group shelter care facilities that house 5 to 8 children; and
4. Large group shelter care facilities that house 9 to 20 children.

(b) Any shelter care facility licensed or approved by the department under rules for licensing child welfare institutions to house more than 20 children at the time this chapter goes into effect may continue to house the number of children for which it has been approved.

Persons operating a facility with multiple licenses shall designate particular beds within the living unit for each type of service provided.
