**Note:** Chapter DFI-CCS 5 was created as an emergency rule effective 10–24–01.

**DFI-CCS 5.01 General requirements.** The filing officer shall maintain for public inspection a searchable index for all records of UCC documents that provides for the retrieval of a record by the name of the debtor and by the file number of the initial financing statement to which the record relates, and which associates with one another each initial financing statement and each filed UCC document relating to the initial financing statement.

**History:** CR 01–122; cr. Register February 2002 No. 554, eff. 3–1–02.

**DFI-CCS 5.02 Search requests.** Search requests shall contain the following information:

(1) **NAME SEARCHED.** A search request shall set forth the full correct name of a debtor or the name variant desired to be searched and specify whether the debtor is an individual or an organization. The full name of an individual shall consist of a first name, a middle name or initial, and a last name, although a search request may be submitted with no middle name or initial and, if only a single name is presented, it shall be treated as a last name. The full name of an organization shall consist of the name of the organization as stated on the articles of incorporation or other organic documents in the state or country of organization or the name variant desired to be searched. A search request shall be processed using the name in the exact form it is submitted.

**Note:** Example: The single name “Madonna” shall be treated as a last name.

(2) **REQUESTING PARTY.** The request shall include the name and address of the person to whom the search report is to be sent.

(3) **FEE.** The appropriate fee shall be enclosed, payable by a method described in s. DFI-CCS 1.10(3).

(4) **SEARCH REQUEST WITH FILING.** If a filer requests a search at the time a UCC document is filed, by checking the box on the form set forth in s. 409.521, Stats., or otherwise, the name to be searched shall be the debtor name as set forth on the form, the requesting party shall be the remitter of the UCC document, and the search request shall be deemed to request a search that would be effective to retrieve all financing statements filed on or prior to the date the UCC document is filed.

**History:** CR 01–122; cr. Register February 2002 No. 554, eff. 3–1–02.

**DFI-CCS 5.03 Optional information.** A UCC search request may contain any of the following information:

(1) A request to include in the report unexpired filings, active filings or inactive filings.

(2) A request that asks for copies of documents referred to in the report be included with the report. The request may limit the copies requested by limiting them by reference to the address of the debtor, the city of the debtor, the date of filing, or a range of filing dates, or the identity of the secured party of record on the financing statements located by the related search. The request may ask for copies of UCC documents identified on the primary search response.

(3) A request that the search of a debtor name be limited to debtors in a particular city. A report created by the filing officer in response to the request shall contain the following statement: “A search limited to a particular city may not reveal all filings

against the debtor searched and the searcher bears the risk of relying on this search.”

(4) Instructions on the mode of delivery requested, if other than by ordinary mail, which request shall be honored if the requested mode is then made available by the filing office.

**History:** CR 01–122; cr. Register February 2002 No. 554, eff. 3–1–02.

**DFI-CCS 5.04 Search requests.** Search results shall be created by applying standardized search logic to the name presented to the filing officer by the person requesting the search. For conducting searches, the following shall apply:

(1) There shall be no limit to the number of matches that may be returned in response to the search criteria.

(2) No distinction shall be made between upper and lower case letters. Only the characters of A through Z and 0 through 9 and the “&” symbol shall be considered searchable characters.

(3) Punctuation marks and accents shall be disregarded unless the department posts a notice at the UCC portion of the department’s website, [www.wdfi.org](http://www.wdfi.org), that punctuation marks and accents shall not be disregarded. The notice shall state the dates in which punctuation marks and accents are disregarded. Only the “&” symbol shall be considered a searchable character. All other characters shall be treated as punctuation.

(4) Words and abbreviations at the end of a name that indicate the existence or nature of an organization as set forth in the “ending noise words” list as promulgated and adopted by the International Association of Corporation Administrators (“IACA”), shall be disregarded.

**Note:** Example: Company, limited, incorporated, corporation, limited partnership, limited liability company or abbreviations of the foregoing.

**Note:** A copy of the list may be obtained at IACA’s website, [www.iaca.org](http://www.iaca.org).

(5) The word “the” at the beginning of the search criteria shall be disregarded.

(6) All spaces shall be disregarded.

(7) For first and middle names of individuals, initials shall be treated as the logical equivalent of all names that begin with the initials, and no middle name or initial shall be equated with all middle names and initials.

**Note:** Example: A search request for a “John A. Smith” would cause the search to retrieve all filings against all individual debtors with “John” as the first name, “Smith” as the last name, and with the initial “A” or any name beginning with “A” in the middle name field. If the search request were for “John Smith”, (first and last names with no designation in the middle name field), the search would retrieve all filings against individual debtors with “John” as the first name, “Smith” as the last name and with any name or initial or no name or initial in the middle name field.

(8) After taking the preceding procedures into account, the search shall reveal only names of debtors that exactly match the name requested, as modified, contained within the UCC information management system and as requested under s. DFI-CCS 5.03 (1).

**Note:** Human judgment does not play a role in determining the results of the search.

**History:** CR 01–122; cr. Register February 2002 No. 554, eff. 3–1–02.

**DFI-CCS 5.05 Search responses.** Reports created in response to a search request shall include all of the following:

(1) **FILING OFFICER.** Identification of the filing officer and the certification of the filing officer required by the UCC.

(2) **REPORT DATE.** The date the report was generated.
