**Tax 8.01 Tax liability. (1) PURPOSE.** This section clarifies the tax liability on all sales of intoxicating liquor shipped into Wisconsin, including foreign country imports.

**(2) IMPOSITION.** All intoxicating liquor, including wine, shipped to a permittee located in Wisconsin shall be sold with the occupational tax imposed under s. 139.03, Stats., included in the selling price except:

(a) Shipments in bulk to a rectifier or winery. The tax liability is incurred by the permittee doing the rectifying and bottling of the distilled spirits and wine at the time of the first sale in this state.

(b) Shipments from a foreign country if the "importer of record" as recorded on U.S. customs document is a Wisconsin wholesaler permittee located in this state. However, if the "importer of record" is the holder of an out-of-state shipper's permit, the tax payment is due from the out-of-state shipper regardless if the shipment is released from U.S. customs bond within or without this state.

(c) Merchandise which is destined to be shipped outside the state of Wisconsin in interstate commerce and is properly labeled as "interstate merchandise."

(d) Shipments of merchandise to the following types of permit holders:

1. Sacramental wine permittee.
2. Wholesale alcohol permittee, but only if the alcohol shipped is at least 190 proof.
3. Medicinal alcohol permittee.
4. Industrial alcohol permittee.
5. Industrial wine permittee.

**Tax 8.02 Inventory records.** A Wisconsin rectifier, wholesaler or winery is permitted to maintain separate stocks of untaxed and taxed intoxicating liquor on the same premises. Detailed records of movement into and out of untaxed stock must be maintained. Failure to maintain these records or to properly segregate the untaxed stock from the taxed stock will make the untaxed stock immediately subject to the provisions of s. 139.06, Stats.

**History:** Cr. Register, July, 1990, No. 415, eff. 8-1-90.

**Tax 8.04 Refunds. (1) DESTRUCTION OR RETURN OF DISTILLED SPIRITS AND WINE IN WISCONSIN.** A manufacturer, rectifier or wholesaler properly authorized by this state, who possesses distilled spirits or wine in sealed containers which is spoiled or has become unfit for beverage purposes may file a request for a tax refund with the department. A refund for the amount of the tax applying to the merchandise may be made providing the claimant files a written notice to the department of intent to destroy the merchandise at least 10 days prior to destroying such distilled spirits

or wine. The department, upon receipt of the notice of intent, may inspect the merchandise prior to destruction by notifying the claimant prior to the expiration of the 10-day period. If the department does not notify the claimant of its intent to inspect before the end of the 10-day period, the claimant may destroy the distilled spirits or wine and make application for refund. The claimant shall make application for the refund on a form to be furnished by the department.

**(2) RETURNS TO AN OUT-OF-STATE PERMITTEE.** A manufacturer, rectifier or wholesaler authorized by this state, who possesses distilled spirits or wine in sealed containers which is spoiled or has become unfit for beverage purposes may file a written notice to the department of intent to return such merchandise to an out-of-state source at least 10 days prior to shipping the distilled spirits or wine. The department, upon receipt of the notice of intent, may inspect the merchandise prior to shipment by notifying the claimant prior to the expiration of the 10-day period. If the department does not notify the claimant of its intent to inspect before the end of the 10-day period, the merchandise may be returned and the out-of-state recipient may make application for refund, or take an appropriate amount of credit against taxable shipments into Wisconsin for that month. The Wisconsin customer will report the transaction as a tax-included export.

  - b. The container may not be delivered to a person who is visibly intoxicated.
- 5. The individual does not resell the wine received.

(b) A winery located in Wisconsin may ship wine to an individual in another state without payment of that state's occupational tax provided the individual does not hold a license or permit and the requirements in sub. (1) (a) 1. to 5. are met.

(2) RECIPROCAL AGREEMENTS. (a) The department of revenue may enter into agreements with other states concerning the shipping of wine by wineries outside Wisconsin to individuals in Wisconsin and the shipping of wine by wineries in Wisconsin to individuals outside Wisconsin.

(b) A reciprocal agreement may include a provision that the winery shipping the wine pay its own state's occupational tax and the individual receiving the wine to be exempt from the occupational tax on the shipment.

(3) WISCONSIN WINERIES FAILING TO MEET REQUIREMENTS. If a winery located in Wisconsin does not comply with all the requirements in sub. (1) (a) 1. to 5., the Wisconsin winery may be subject to a hearing with the department and may have its winery permit revoked.

**Note:** The definition of "controlled group of corporations" is illustrated by examples which may be derived from Internal Revenue Code Regulations 1.1563-1 (a). Some examples follow:

1. P Corporation owns stock possessing 50% of the voting power of S Corporation. S owns stock possessing 50% of the voting power of T Corporation. P is the common parent of a parent–subsidiary controlled group consisting of member corporations P, S and T. The result would be the same if P, rather than S, owned the T stock.

2. The outstanding stock of corporations P, Q, R and S is owned by the following individuals:

	Individuals		Corporations		Identical Ownership
	P	Q	R	S	
A	50%	50%	50%	100%	50%
B	25%				
C	25%	25%			
D		25%			
E			25%		
F			25%		

Corporations P, Q, R and S are members of a brother–sister controlled group.

3. Smith, an individual, owns stock possessing 50% of the voting power of corporations X and Y. Y, in turn, owns stock possessing 50% of the total combined voting power of corporation Z. Since X, Y, and Z are each members of either a parent–subsidiary or brother–sister controlled group of corporations, and Y is the common parent of a parent–subsidiary controlled group of corporations consisting of Y and Z, and also is a member of a brother–sister controlled group of corporations consisting of X and Y, X, Y, and Z are members of the same combined group.
