Under the federal act, grain is defined to include “corn” for which standards are established. The standards require whole kernels of specific species of corn. ATCP 99.01 (23) then clarifies that, under the established standards, “grain” does not include the sweet corn subspecies.

ATCP 98.02 Registration certificate; application and fees. (1) **REGISTRATION CERTIFICATE REQUIRED.** No person may operate as a contractor unless that person holds an annual registration certificate from the department. A registration certificate expires on January 31 annually and is not transferable.

Note: See s. 100.03, Stats. If the operator of a food processing plant procures vegetables from producers, the operator must obtain both a food processing plant license under s. 97.29, Stats., (see ch. ATCP 70) and a registration certificate under s. 100.03, Stats. (see this chapter).

(2) **APPLICATION.** An applicant for an annual registration certificate under sub. (1) shall submit an application in writing, on a form provided by the department. The application shall include any information reasonably required by the department for registration purposes, and shall include all of the following:

- (a) The contractor’s correct legal name and any trade name used by the contractor. If the contractor is a corporation or cooperative, the statement shall identify each officer of the corporation or cooperative. If the contractor is a partnership, the statement shall identify each partner.
- (b) The contractor’s mailing address and the name of a responsible person who may be contacted at that address.
- (c) All of the fees required under sub. (3).
- (d) The sworn and notarized statement required under sub. (4).

(e) If the contractor is applying for an initial registration certificate, either a year-end financial statement or, if the contractor has not previously engaged in business, an opening balance sheet. This paragraph does not apply if the contractor is exempt from filing financial statements under s. ATCP 98.12 (2).

(f) An interim statement if required under s. ATCP 98.12 (1m).

(3) **FEES.** (a) *Registration fees.* A contractor who applies for an annual registration certificate under sub. (2) shall pay all of the following:

1. A basic fee of \$50.
2. A fee of one cent for each \$100 in total producer obligations reported under sub. (4) (a). The fee under this subdivision is not required if all graded vegetables which the contractor procures from producers are graded by the department under contract with the contractor.
3. A fee of 4.75 cents for each \$100 in total producer obligations reported under sub. (4) (a).

(b) *Surcharge for operating without a registration certificate.*

1. An applicant under sub. (2) shall pay a surcharge of \$500 if the department determines that, within 365 days prior to submitting the application, the applicant procured vegetables from producers without a registration certificate in violation of sub. (1).

2. An applicant required to pay a surcharge under subd. 1. shall also pay all fees, set forth in a statement from the department, that are still due for any registration year in which, according to the department, the applicant violated sub. (1).

3. Payment of the registration fee surcharge and past fees under subds. 1. and 2. does not relieve the applicant of any other civil or criminal liability that results from the violation of sub. (1), but does not constitute evidence of any law violation.

(c) *Registration contingent on fee payment.* The department shall not grant an application under sub. (2) unless the applicant has paid all fees and surcharges, set forth in a statement from the department, that are due and payable by the applicant under this subsection. The department shall refund a fee paid under protest if, upon review, the department determines that the fee or surcharge is not due and payable under this subsection.

(4) **SWORN AND NOTARIZED STATEMENT.** An application under sub. (2) shall include a sworn and notarized statement, signed by the contractor or an officer of the contractor, which states all of the following:

(a) The contractor’s total producer obligations, whether paid or unpaid, that accrued during the registration year immediately preceding the registration year for which application is made.

(b) The contractor’s maximum liability to producers during the registration year immediately preceding the registration year for which application is made.

(c) The contractor’s anticipated maximum liability to producers during the registration year for which application is made. If the contractor’s anticipated maximum liability is zero because the contractor plans to make cash payment on delivery under every procurement contract or the contractor plans to procure all vegetables from another contractor, the contractor shall so state. A contractor shall immediately notify the department in writing if, at any time during the registration year, the contractor has reason to believe that the contractor’s maximum liability to producers will exceed the maximum liability previously anticipated and reported to the department.

(d) Whether, on the date of application, the contractor has paid all producer obligations that became due before that date.

(dm) Whether, by the date of application, the contractor has paid all producer obligations that are due and payable during the registration year ending January 31.

(e) Whether the contractor and the contractor’s affiliates and subsidiaries will collectively grow more than 10% of the acreage of any vegetable species grown or procured by the contractor during the registration year for which application is made.

Note: See s. 100.235 (3), Stats.

(f) Whether the contractor is a producer-owned cooperative or organization doing business on a cooperative pooling basis with its producer-owners and, if so, and whether the producer-owned cooperative or organization procures any vegetables from producers who are not its producer-owners.

(5) ACTION GRANTING OR DENYING APPLICATION. The department shall grant or deny an application under sub. (2) within 40 days after the department receives a complete application.

Note: See ss. ATCP 98.02 (3) (c) and 98.06 (1).

History: Cr. Register, June, 1994, No. 462, eff. 7-1-94; r. and recr. (3) (a) 3., cr. (3) (a) 4., Register, February, 1995, No. 470, eff. 3-1-95; renum. ATCP 98.04 Registration certificate; suspension or revocation. **(1) GENERAL.** The secretary may suspend or revoke a contractor's registration certificate for cause, including any violation of this chapter.

Note: See ch. ATCP 1 for procedure in suspension or revocation proceedings.

(2) SUMMARY SUSPENSION. The secretary may issue a summary order suspending a contractor's registration certificate without prior notice or hearing if the secretary determines that summary action is necessary to prevent clear and imminent harm to producers. A summary order under this subsection shall set forth the specific basis for the order.

Note: A person adversely affected by a summary suspension is entitled to a prompt informal hearing and a full evidentiary hearing upon request, as provided under s. ATCP 1.03 (3).

History: Cr. Register, June, 1994, No. 462, eff. 7-1-94.

Subchapter II — Contractor Payments to Producers

ATCP 98.06 Registration contingent on timely payment. **(1) GENERAL.** Except as provided under subs. (2) or (3), the department may not renew a contractor's registration certificate for any registration year unless, prior to February 5 of that registration year, the contractor files a sworn and notarized statement, signed by the contractor or an officer of the contractor, showing that the contractor has paid in full all producer obligations that became due and payable during the preceding registration year ending January 31.

Note: A statement made in a renewal application under s. ATCP 98.02(4)(dm) satisfies the requirement of a statement under sub. (1) if, by the renewal application date, the contractor has paid in full all of the producer obligations that become due and payable during the registration year ending January 31. If not, the contractor may submit a supplementary statement under sub. (1) at any time prior to February 5.

(2) DISPUTED OBLIGATIONS. If a contractor disputes a producer obligation which is due and payable during a registration year ending January 31, the department may renew the contractor's registration certificate for the next registration year if the contractor deposits the disputed amount in escrow with the department or a court, pending resolution of the dispute.

(3) EXEMPTION FOR PRODUCER-OWNED ORGANIZATION. This section does not apply to a producer-owned cooperative or organization when doing business on a cooperative pooling basis with its producer owners.

History: Cr. Register, June, 1994, No. 462, eff. 7-1-94; r. and recr., Register, April, 1997, No. 496, eff. 5-1-97.

ATCP 98.08 Payment deadlines. **(1) PAYMENT DATE IF NOT SPECIFIED IN WRITTEN CONTRACT.** Except as provided under s. ATCP 98.10, if a procurement contract does not specify a payment date in writing, the contractor shall pay the producer as follows:

(a) If a contractor harvests or accepts delivery of vegetables grown or delivered under the contract, the contractor shall pay the producer the full amount owed for those vegetables on or before the 15th day of the month immediately following the month in which the contractor harvests or accepts delivery of those vegetables, or by an earlier date agreed upon between the parties.

(b) If a contractor rejects vegetables tendered under the contract, or declines for any reason to harvest vegetables grown under

the contract, the contractor shall pay the producer the full amount, if any, which the contractor owes under the contract for the rejected vegetables or the unharvested acreage. Unless the parties agree on an earlier payment date, the contractor shall pay the producer by the 15th day of the month immediately following the month in which the producer tenders the vegetables, or in which the contractor notifies the producer that the acreage will not be harvested.

Note: See ch. ATCP 101 related to unharvested vegetable acreage.

(2) PAYMENT DATE SPECIFIED IN WRITTEN CONTRACT. Except as provided under s. ATCP 98.10, if a procurement contract specifies a payment date in writing, the contractor shall pay the producer by that specified date. No contract may specify a payment date that violates sub. (3).

(3) ANNUAL PAYMENT DEADLINE. (a) Except as provided under par. (b) or (c), a contractor shall pay all producer obligations by January 31 of each registration year.

(b) A written procurement contract may specify a payment date after January 31 for vegetables delivered on or before December 31 if, before the contract is offered to producers, it is approved by a vote of producers who had procurement contracts with the contractor for the same type of vegetable in the preceding registration year. To obtain advance approval of a contract under this paragraph, a contractor shall give written notice to all producers who had procurement contracts with the contractor for the same type of vegetable in the preceding registration year. The notice shall include a copy of the proposed contract and shall announce a meeting at which producers will be asked to vote on the proposed contract. The notice shall also include a mail ballot by which a producer may cast his or her vote without attending the meeting. Voting shall be by secret ballot. The proposed contract shall be approved by a majority of the producers who vote on the proposed contract. Before offering the approved contract to producers, the contractor shall file a sworn statement with the department, on a form provided by the department, certifying the results of the balloting.

(c) If a producer tenders or delivers vegetables to a contractor after December 31 of any registration year, the contractor shall pay the producer the full amount owed for those vegetables by the 15th day of the month following the month in which the vegetables were tendered or delivered, or by the 30th day after tender or delivery, which occurs later.

History: Cr. Register, June, 1994, No. 462, eff. 7-1-94; am. (1) (a), (b), (3) (b), (c), Register, April, 1997, No. 496, eff. 5-1-97; **CR 01-028: am. (1) (b) and (3) (c), Register September 2001 No. 549, eff. 10-1-01.**

ATCP 98.10 Payment on delivery. **(1) GENERAL REQUIREMENT.** A contractor shall make payment on delivery to all producers, as provided under sub. (3), if any of the following applies:

(a) The contractor does not meet the minimum financial standards under s. ATCP 98.16, and has not filed security with the department under s. ATCP 98.18.

(b) The secretary orders the contractor to make payment on delivery, pursuant to sub. (2).

(c) The contractor stated, in the sworn and notarized statement under s. ATCP 98.02 (4) (c), that the contractor would make payment on delivery to all producers.

(2) FAILURE TO FILE SECURITY; SUMMARY ORDER REQUIRING PAYMENT ON DELIVERY. If a contractor fails to file the full amount of security required by the department under s. ATCP 98.18 (5) by the deadline date which the department specifies, the secretary may, without prior notice or hearing, issue a summary order requiring the contractor to make payment on delivery under every procurement contract. The summary order shall set forth the specific basis for the order.

Note: A person adversely affected by a summary order under sub. (2) is entitled to a prompt informal hearing and a full evidentiary hearing upon request, as provided under s. ATCP 1.03 (3).

(3) PAYMENT ON DELIVERY; WHAT CONSTITUTES. If a contractor is required to make payment on delivery under sub. (1), the contractor shall pay producers as follows:

(a) If the contractor harvests or accepts delivery of vegetables grown or delivered under a procurement contract, and the vegetables will not be graded, the contractor shall make full cash payment for those vegetables when the contractor harvests or accepts delivery of those vegetables.

(b) If the contractor harvests or accepts delivery of vegetables grown or delivered under a procurement contract, and the vegetables will be graded, the contractor shall make full cash payment for those vegetables within 72 hours after the contractor harvests or accepts delivery of those vegetables.

(c) If the contractor rejects delivery of vegetables which the producer tenders under the contract, or notifies the producer that contract acreage will not be harvested for any reason, the contractor shall pay the producer the full amount, if any, which the contractor owes the producer under the contract for the rejected vegetables or the unharvested acreage. If payment is owed, the contractor shall make full cash payment when the producer tenders the vegetables or the contractor notifies the producer that the acreage will not be harvested.

Note: See ch. ATCP 101 related to unharvested vegetable acreage. If a contractor is required to make payment "on delivery" under this section, that contractor may not use any unharvested acreage pool that provides for delayed pool accounting, payment or refunds to pool contributors.

History: Cr. Register, June, 1994, No. 462, eff. 7-1-94; am. (3) (a) to (c), Register, April, 1997, No. 496, eff. 5-1-97.

Subchapter III – Financial Standards and Security

ATCP 98.12 Financial statements. **(1) YEAR-END FINANCIAL STATEMENT.** (a) Except as provided under sub. (2), every contractor shall annually file with the department a year-end financial statement covering the contractor's last completed fiscal year. The contractor shall file the year-end financial statement by the 15th day of the fourth month following the close of the contractor's fiscal year. The department may, for cause, extend the filing deadline for up to 30 days.

(b) A year-end financial statement under par. (a) shall be an audited financial statement, except that if a contractor procures less than \$250,000 of vegetables from producers each year, the contractor may file a reviewed financial statement.

(1m) INTERIM STATEMENT. Except as provided under sub. (2), a contractor shall file, with the contractor's annual registration renewal application under s. ATCP 98.02, an interim statement showing the contractor's financial condition as of the end of the contractor's fiscal quarter that ends closest to November 30.

Note: An interim statement filed with the contractor's annual registration renewal application under sub. (1m) must be accompanied by a sworn and notarized statement, signed by the contractor, attesting that the financial statement is correct. The interim statement filed under this subsection may be a compiled financial statement, a reviewed financial statement, or a statement showing the contractor's financial condition prepared by the contractor.

(2) EXEMPTIONS. Subsections (1) and (1m) do not apply to any of the following:

(a) A contractor who makes payment on delivery under all procurement contracts, and who submits a sworn and notarized statement to that effect under s. ATCP 98.02 (4) (c).

(b) A contractor who files security with the department under s. ATCP 98.18, unless the contractor files security under s. ATCP 98.18 (4) (b).

(c) A producer-owned cooperative or organization that procures vegetables solely on a cooperative pooling basis from its producer-owners, and that submits a sworn and notarized statement to that effect under s. ATCP 98.02 (4) (f).

(3) ADDITIONAL FINANCIAL STATEMENTS. (a) Notwithstanding sub. (2), the department may require any contractor to do any of the following:

1. File a year-end financial statement or interim statement.

2. Supplement or clarify any financial statement filed with the department.

(b) A financial statement under par. (a) shall comply with all of the following requirements:

1. It shall contain the information specified by the department.

2. It shall contain a notarized statement, signed and sworn by the contractor or an officer of the contractor, stating that the financial statement is correct.

3. It shall be an audited or reviewed financial statement if the department so requires.

(4) FINANCIAL STATEMENTS; ACCOUNTING PRINCIPLES. Every reviewed or audited financial statement shall be prepared according to generally accepted accounting principles and this chapter.

(5) FINANCIAL STATEMENT CONTENTS; GENERAL. (a) Except as provided under par. (b), every year-end financial statement under sub. (1) shall consist of a balance sheet, income statement, equity statement, statement of cash flows, notes to those statements, and any other information required by the department.

(b) A contractor not previously engaged in business may file an initial financial statement consisting of an opening balance sheet and notes to the balance sheet. Thereafter, the contractor's year-end financial statements shall comply with par. (a).

(6) BALANCE SHEET; CLASSIFICATION OF ASSETS. In a contractor's balance sheet, assets shall be classified in the following categories, or in other categories specifically described in the balance sheet:

(a) Current assets including cash, marketable securities identified in the balance sheet, notes and accounts receivable, inventories, prepaid items and other current assets specifically identified in the balance sheet. The balance sheet shall identify receivables and inventories according to subs. (8) and (9). Marketable securities and other short-term investments shall be valued at cost or market value, whichever is lower.

(b) Long-term investments.

(c) Fixed assets, including property, plant and equipment, identified according to sub. (11).

(d) Intangible assets.

(e) Other assets specifically described in the balance sheet.

(7) BALANCE SHEET; CLASSIFICATION OF LIABILITIES. In a contractor's balance sheet, liabilities shall be classified in the following categories:

(a) Current liabilities, including producer obligations and other current liabilities, identified according to sub. (12).

(b) Long-term liabilities, identified according to sub. (14).

(8) NOTES AND ACCOUNTS RECEIVABLE. (a) In a contractor's financial statement, notes and accounts receivable arising in the ordinary course of trade shall be identified separately from notes and receivables which do not arise in the ordinary course of trade. A financial statement shall describe any note or account receivable representing 15% or more of all notes or accounts receivable, respectively. The description of that note or account receivable shall indicate the name of the person from whom payment is receivable and the amount receivable.

(b) A contractor's financial statement shall specifically identify and explain the following notes and accounts receivable:

1. Notes and accounts receivable from officers, directors, partners, employees or stockholders, or from members of their families, other than trade accounts arising in the ordinary course of trade.

Inventories not in marketable or salable condition are not current assets. Financial statements shall describe the basis on which inventory values are determined.

(10) FIXED ASSETS. A contractor's financial statement shall identify fixed assets, including property, plant and equipment, according to each major class of property included. The contractor shall report all property, plant and equipment at cost less depreciation. A year-end financial statement shall identify changes in fixed asset values resulting from the acquisition, disposal or depreciation of fixed assets.

(11) PERSONAL ASSETS NOT INCLUDED. In a contractor's financial statement, the contractor may not claim as assets any personal assets that are exempt from execution or attachment by creditors.

(12) CURRENT LIABILITIES. (a) A contractor's financial statement shall show current liabilities separately from long-term liabilities. Current liabilities shall include the current portion of all long-term obligations as well as any other items of a current nature. The financial statement shall set forth current liabilities, including all notes and accounts payable, deferred income and accrued expenses, in sufficient detail that the specific nature of the liability and the amount owed can be readily determined.

(b) A contractor's financial statement shall show vegetable accounts separate from other trade accounts and shall identify amounts payable to producers and their assignees.

(c) A contractor's financial statement shall detail each trade account representing 15% or more of all trade accounts, showing for each of those accounts the name of each trade creditor and the amount owed.

(d) A contractor's financial statement shall specifically identify the current portion of all notes and mortgages payable. The financial statement shall separately identify notes and mortgages payable to officers, directors, employees or stockholders, or to members of their families, as well as to parent, subsidiary or affiliated organizations.

(g) A statement as to whether the contractor's books and records are adequate for purposes of providing dependable financial statements.

(h) Disclosure of any deceptive manipulation of accounts, including temporary funding of current liabilities to effect "window dressing."

(i) Any other facts or circumstances that may affect the reliability of the financial statement, the financial liquidity of the contractor, or the contractor's ability to pay producers.

History: Cr. Register, June, 1994, No. 462, eff. 7-1-94; am. (1), (2) (intro.), (b), (c), (4), (9), (12) (b), cr. (1m), r. and recr. (3), Register, April, 1997, No. 496, eff. 5-1-97.

ATCP 98.14 Assets excluded from financial standard calculations. The department shall exclude the following assets when it calculates whether a contractor complies with the minimum financial standards under s. ATCP 98.16:

(1) Nontrade notes and accounts receivable from officers, directors, employees, partners or stockholders, or from members of their families.

(2) Notes and accounts receivable from parent organizations, subsidiaries or affiliates unless the department finds that the current financial position of the organization, subsidiary or affiliate justifies the inclusion of these assets.

(3), whenever a contractor offers a producer a procurement contract, the contractor shall notify the producer of the basis on which the contractor is registered with the department under this chapter. "Under Wisconsin law, if a contractor procures vegetables from producers for use in processing, the contractor must be registered with the Wisconsin Department of Agriculture, Trade and Consumer Protection, and must demonstrate a reasonable degree of financial responsibility. The law does not guarantee

that contractors will pay producers for their vegetables. Every producer has some responsibility for determining the credit worthiness of the contractor for whom the producer grows vegetables. To qualify for registration, a contractor must do at least one of the following: (1) pay cash on delivery for all vegetables; (2) file financial statements with the department showing that the contractor meets certain minimum financial standards; (3) file security with the department equal to at least 75% of the contractor's anticipated maximum liability to producers.

“(Name of contractor) is currently required, as a condition of registration, to pay cash on delivery for all vegetables which we procure from producers. This also applies to any amounts owed for unharvested contract acreage. (See s. ATCP 98.10, Wis. Adm. Code.)”

(c) If a contractor is registered on the basis of the contractor's financial statement, the notice under sub. (1) shall contain the following statement in addition to the statement under par. (a):

“(Name of contractor) is currently registered on the basis of its financial statement. Our most recent year-end financial statement meets the following minimum financial standards: (1) a current ratio of at least 1.20 to 1.00 at fiscal year-end, and at least 1.0 to 1.0 at all other times; and (2) equity equal to at least 20% of total assets at fiscal year-end, and 10% at all other times.”

(d) If a contractor has filed security with the department under s. ATCP 98.18 because the contractor has not filed a financial statement under s. ATCP 98.12, the notice under sub. (1) shall contain the following statement in addition to the statement under par. (a):“(Name of contractor) has filed security with the department to secure payments to its producers instead of filing financial statements with the department. The amount of security is equal to at least 75% of the amount which we expect to owe producers at any time during the coming year.”

(e) Except as provided under par. (f), if a contractor has filed security with the department under s. ATCP 98.18 because the contractor's financial statement does not meet the minimum financial standards under s. ATCP 98.16, the notice under sub. (1) shall contain the following statement in addition to the statement under par. (a):“(Name of contractor) has filed security with the department to secure payments to its producers because our financial statement does not meet minimum standards. The amount of the security is equal to at least 75% of the maximum amount which we expect to owe producers at any time during the coming year.”

(f) If a contractor has filed security with the department under s. ATCP 98.18 (4) (b), the notice under sub. (1) shall contain, in addition to the statement under par. (a):

1. The following statement for the registration year beginning February 1, 1997:

“(Name of contractor) has filed security with the department to secure payments to its producers because, although our year-end ratio of current assets to current liabilities is at least 1.2 to 1.0 and our total assets exceed total liabilities, our financial statement does not meet new minimum financial standards created by recent law changes. The amount of security is equal to 25% of the maximum amount which we expect to owe producers at any time during the coming year.”

2. The following statement for the registration year beginning February 1, 1998:

“(Name of contractor) has filed security with the department to secure payments to its producers because, although our year-

end ratio of current assets to current liabilities is at least 1.2 to 1.0 and our total assets exceed total liabilities, our financial statement does not meet new minimum financial standards created by recent law changes. The amount of security is equal to 50% of the maximum amount which we expect to owe producers at any time during the coming year.”

(3) EXEMPTION. This section does not apply to a producer-owned cooperative or organization when that cooperative or organization procures vegetables on a cooperative pooling basis from its producer-owners.

Subchapter IV – Collecting Producer Claims

ATCP 98.24 Producer claims; default proceedings.

(1) FILING CLAIMS. If a producer claims that a contractor has failed to pay a producer obligation when due, the producer may file a written claim with the department. Upon receipt of a producer claim, or other evidence of default on the part of a contractor, the department may initiate a default proceeding under this section. Before initiating a default proceeding, the department may inspect the contractor's records under s. ATCP 98.30, and may conduct a preliminary investigation under s. 93.16, Stats.

(2) INITIATING DEFAULT PROCEEDINGS. To initiate a default proceeding, the department shall issue an order requiring all interested producers to file verified proofs of claim with the department before a specified date or be barred from participating in any recovery obtained by the department. Notice of the order shall be published as follows:

(a) By posting a copy of the order in a prominent location at each place of business in this state operated by the contractor.

(b) By mailing a copy of the order to the contractor and to the surety, if any.

(c) By publishing the contents of the order as a class 3 notice under ch. 985, Stats. The date of the last insertion of the class 3 notice under ch. 985, Stats., shall be not less than 30 days before the deadline date for filing claims.

(d) If, based on the contractor's records or other information, the department obtains the names and addresses of other producers who appear to have an unpaid claim against the contractor, by mailing a copy of the order or equivalent notice to each of those producers. In its notice, the department may indicate the amount of the producer's apparent claim and ask the producer to verify or correct the claim on or before the claim filing deadline.

(e) By any additional method which the department considers necessary.

Note: See also s. ATCP 1.08.

(3) AUDIT; PROPOSED ORDER. If the department initiates a default proceeding, the department shall audit producer claims filed with the department and shall issue a proposed order allowing or disallowing claims. The proposed order shall be based on proposed finding of facts and conclusions of law which shall accompany the proposed order. The department shall mail a copy of the proposed order to the contractor, to the surety, if any, and to every producer who filed a timely producer claim in the proceeding.

(4) UNTIMELY CLAIMS DISALLOWED. (a) The department shall disallow a producer claim filed after the claim filing deadline specified under sub. (2) unless the department waives the claim filing deadline for good cause shown.

(b) The department shall disallow a claim for any payment that was due the producer more than 60 days before the date on which the department received the first written default notice under sub. (1).

(5) NOTICE AND HEARING. The department shall hold a public hearing on its proposed order under sub. (3). A notice of hearing

shall be issued to each person who is required to receive a copy of the proposed order under sub. (3). The notice of hearing shall comply with s. 227.44, Stats. The notice may require affected parties to file objections to the proposed order, if any, in writing before the date of hearing. The hearing examiner may hold a pre-hearing conference before the hearing and may reschedule or continue the hearing as necessary. The hearing and related proceedings shall be conducted under ch. 227, Stats., and ch. ATCP 1.

(6) FINAL ORDER AFTER HEARING. Before issuing the final decision and order, the department shall follow the procedures prescribed under s. 227.46, Stats., except that if after the hearing under sub. (5) there are no objections to the proposed order, the department may adopt the proposed order as a final decision and order of the department, without further notice or hearing.

(7) INTEREST ON CLAIMS. (a) If the department's proposed or final order allows a producer claim, the order shall require the contractor to pay interest on the claim. The interest rate shall be the rate awarded by Wisconsin courts for interest on verdicts, as provided under s. 814.04 (4), Stats.

(b) A contractor shall pay interest on the full principal amount of an allowed claim, at the rate specified under par. (a), for the period beginning with the contractor's failure to pay the producer obligation when first due and ending with the contractor's full payment of the allowed claim. If a contractor does not pay the full allowed claim including interest within the time period specified in the department's final order allowing producer claims, interest shall continue to accrue on the balance of the unpaid claim.

ATCP 98.26 Payment of secured claims. If the department issues a final order allowing producer claims under s. ATCP 98.24, the department may convert any security it holds under s. ATCP 98.18 and apply the proceeds of that security to pay the allowed claims. The department shall distribute available funds to the producer claimants according to the final order allowing claims, on a proportionate basis, according to the amount of each producer's allowed claim. If funds exceed allowed claims, the excess shall be returned to the person who filed the security with the department.

History: Cr. Register, June, 1994, No. 462, eff. 7-1-94.

ATCP 98.28 Collecting producer claims. (1) The department may, on behalf of producers, demand and receive payment of claims allowed under s. ATCP 98.24 or commence an action in court to recover allowed claims. Any amounts recovered by the department shall be distributed to represented producer claimants on a proportionate basis, according to the amount of each producer's allowed claim.

(2) The department may settle any producer claim with consent of the producer and may decline to represent a producer who does not agree to settlement recommended by the department.

Note: This subsection does not prohibit any producer from proceeding independently under s. 100.03 (12) or (20), Stats., to recover an unpaid claim.

(3) The department or any producer may demand payment of an allowed claim under s. 100.03 (12), Stats.

Note: If a contractor fails to pay an allowed claim within 30 days after the department or any producer files a demand for payment under s. 100.03 (12), Stats., the department or producer may file a copy of the department's final order allowing claims with the clerk of circuit court in any county of this state. The clerk must then docket the department's order as a judgment, and the docketed order becomes a judgment lien against the contractor's real property in that county.

Note: 2001 Wis. Act 16 repealed s. 100.03, Stats.

(4) A producer who sustains a monetary loss because of a violation of s. 100.03, Stats., including a contractor's failure to pay a producer obligation when due, may bring a court action under s. 100.03 (20) Stats., to recover the amount of the producer's proven damages, together with costs and reasonable attorney fees.

Note: 2001 Wis. Act 16 repealed s. 100.03, Stats.
