SCOPE OF URBAN BUS CERTIFICATES

PSC 41.01 Bus routes, city streets
PSC 41.02 Hearing not necessary

PSC 41.01 Bus routes, city streets. Each common motor carrier certificate which specifically authorizes local urban bus service on a specified route or routes within a municipality or municipalities shall be deemed to be amended so as to include in its scope operation on all streets and highways in said municipality or municipalities, provided, however, that no bus route therein shall be established, extended, or abandoned, without the approval or order of the commission.

PSC 41.02 Hearing not necessary. Such approval may be given upon written application by the carrier without hearing in cases where proof is submitted that the proposed route changes have been approved by the appropriate municipal council or board subject to hearing upon petition of any interested party seasonably made.
