**Section 3r.** 229.67 of the statutes is amended to read:

**229.67 Jurisdiction.** A district's jurisdiction is any county with a population of more than 500,000 and all counties that are contiguous to that county, except for a county that contains the largest city in the counties that are contiguous to the county with a population of more than 500,000, and that are not already included in a different district. In this section, "contiguous" includes a county that touches another county only at a corner.".
