

**ASSEMBLY SUBSTITUTE AMENDMENT 1,
TO 2003 ASSEMBLY BILL 274**

November 10, 2003 - Offered by Representative FREESE.

1 **AN ACT to repeal** 348.27 (7m) (title); and **to renumber and amend** 348.27 (7m)
2 of the statutes; **relating to:** operating certain 3-vehicle combinations on the
3 highways.

Analysis by the Legislative Reference Bureau

Current law generally prohibits any person from driving a vehicle on a highway while towing two or more vehicles unless the driver possesses a permit issued by the Department of Transportation (DOT). DOT may issue annual or consecutive month permits for certain three-vehicle combinations that consist of the following vehicles:

1. A towing vehicle.
2. A mobile home or camping trailer.
3. A boat trailer, motorcycle trailer, personal watercraft trailer, or all-terrain vehicle trailer.

Under current law, the overall length of the combination of vehicles may not exceed 60 feet and, unless not structurally possible, the lighter of the towed vehicles must occupy the last position in the three-vehicle combination. The towed vehicles must be for the use of the driver of the towing vehicle.

This substitute amendment eliminates the permit requirement for three-vehicle combinations meeting the specified criteria and increases the maximum permissible overall length of the combination of vehicles from 60 feet to 65 feet but, with an exception, requires the middle vehicle in the three-vehicle

combination to be equipped with brakes. Under the exception, a three-vehicle combination that is not equipped with brakes on the middle vehicle may be operated if the middle vehicle is of model year 1995 or earlier and the overall length of the three-vehicle combination does not exceed 60 feet. The substitute amendment also expands the permissible towed vehicles described in item 3 to include golf trailers, horse trailers, and other trailers for vehicles for personal recreational use. The substitute amendment does not allow the operation of these three-vehicle combinations under severe or unsafe highway or weather conditions.
