10 Every grantor shall develop criteria for awarding business subsidies. The criteria  
11 shall set minimum requirements that a business must meet to be eligible for a  
12 business subsidy. The criteria shall provide that, if the public purpose for the subsidy  
13 is job creation, all jobs created as a result of the subsidy must provide compensation  
14 that is equal to at least 200% of the federal poverty line, as defined under 42 USC  
15 9902 (2), for a family of 2 persons. Compensation may include health insurance  
16 premiums paid by the employer on behalf of the employee, for purposes of  
17 determining whether this requirement is met.

18           (b) No grantor may award a business subsidy until the grantor has developed  
19 the criteria required under par. (a).

20           (c) A copy of the criteria developed under par. (a) shall be submitted along with  
21 the first annual report filed by the grantor under sub. (4). A copy of any changes to  
22 the original set of criteria developed under par. (a) shall be submitted along with the  
23 first annual report that is filed by the grantor after the changes are made. If in

2 by the grantor after the deviation occurs.

7 paragraph, issuance of an order or acceptance of an agreement requiring corrective  
8 action or a stipulated fine, forfeiture, or other penalty is considered a determination

10 2. For a violation described in subd. 1. that resulted in a finding, the applicant  
11 shall describe the finding and the penalty assessed and shall specify the entity that  
12 made the finding and the location of the public records relating to the matter.

13 3. For a violation described in subd. 1. that resulted in an agreement for  
14 corrective action or a stipulated fine, forfeiture, or other penalty, the applicant shall  
15 provide a summary description of the violation that led to the agreement or  
16 stipulation and, if the agreement or stipulation is a public record, a summary

22 to conduct the project for which the subsidy will be used. The public meeting must  
23 be held at least 30 days before the final decision is made on whether to award the  
24 business subsidy to the applicant for the purpose of providing information, and  
25 receiving public comment, about the subsidy. The grantor shall give notice of the

1 meeting in a manner that is likely to give notice in the political subdivision in which  
2 the applicant proposes to conduct the project for which the subsidy will be used.

3 2. The requirement under subd. 1. does not apply if, under another process that  
4 is separate and distinct from the process under this section, at least one public  
5 hearing has been held with respect to the project for which the subsidy will be used.

8 to hold a public meeting.

14 state to another political subdivision in this state. This subdivision does not apply  
15 if the governing body of the political subdivision from which the applicant intends  
16 to move consents to the move in writing, which may be by resolution.

17 2. The business subsidy will be used to subsidize any portion of the cost of  
18 moving the applicant's business operations to this state from a state with which this

21 (f) 1. Except as provided in subd. 2., a recipient may not apply for another  
22 business subsidy, and a grantor may not award another business subsidy to a  
23 recipient, if the recipient fails to submit a report required under sub. (3) (a) within

9 the property's base of operations for at least 50% of its use will be at a location in  
10 Wisconsin for at least 5 years.

11 (b) A subsidy agreement under par. (a) shall be in writing and signed by both  
12 the recipient and the grantor. If the grantor is a local government agency that is not
