***Analysis by the Legislative Reference Bureau***

This substitute amendment differs from 2019 Senate Bill 515 in the following respects:

1. The substitute amendment creates the Physician Assistant Affiliated Credentialing Board attached to the Medical Examining Board, instead of creating the Physician Assistant Examining Board. As with other affiliated credentialing boards attached to the Medical Examining Board, the Physician Assistant Affiliated Credentialing Board must submit any proposed permanent administrative rules to the Medical Examining Board, consider any comments from the Medical Examining Board, and include in its final rules submitted to the legislature any comments on the proposed rule submitted by the Medical Examining Board.

2. The substitute amendment adds additional requirements and stipulations for written collaborative agreements between physician assistants and physicians.

3. The substitute amendment includes an express prohibition against the Physician Assistant Affiliated Credentialing Board promulgating any rules that would permit a broader scope of practice than that which may be exercised in accordance with the other provisions in the bill and requires the Physician Assistant Affiliated Credentialing Board to revise a proposed permanent rule that the Medical Examining Board determines would do so.

4. The substitute amendment requires that a physician assistant working with a podiatrist practice under the supervision and direction of the podiatrist, as under current law, instead of under the provisions in the bill. The substitute amendment retains authority for the Podiatry Affiliated Credentialing Board to establish practice standards for physician assistants practicing under podiatrists and requirements for podiatrists supervising physician assistants and retains a limitation that a physician assistant acting under the supervision and direction of a podiatrist be limited to providing nonsurgical patient services.

5. The substitute amendment deletes references to “physician associates” and “associate physicians” for purposes of a provision restricting the use of titles.

2 appropriate with respect to his or her experience, education, and training.

3           2. For purposes of sub. (2) (a) 1. b., that the relationship with and access to a

8 than that which may be exercised in accordance with subs. (1) and (2), then the  
9 Physician Assistant Examining Board shall, prior to submitting the proposed rule  
10 to the legislative council staff under s. 227.15 (1), revise the proposed rule so that it

12 exercised in accordance with subs. (1) and (2).

13 (b) The board shall develop and recommend to the podiatry affiliated  
14 credentialing board practice standards for physician assistants practicing under  
15 podiatrists under sub. (2) (a) 2m.

16 (6) The practice permissions provided in this section are permissions granted  
17 by the state authorizing the licensed practice of physician assistants. Nothing in this  
18 section prohibits an employer, hospital, health plan, or other similar entity  
19 employing or with a relationship with a licensed physician assistant from  
20 establishing additional requirements for a licensed physician assistant as a  
21 condition of employment or relationship.

22 **448.976 Civil liability.** No physician assistant shall be liable for any civil

18 subsection, no physician assistant may practice as authorized under s. 448.975  
19 unless he or she has in effect malpractice liability insurance coverage as required  
20 under those rules, except as provided in sub. (3).

21 (3) A physician assistant who is a state, county, or municipal employee, or  
22 federal employee or contractor covered under the federal tort claims act, as amended,  
23 and who is acting within the scope of his or her employment or contractual duties is  
24 not required to maintain in effect malpractice insurance coverage.

1           (4) Except as provided in subs. (2) and (3), a physician assistant may comply  
2 with sub. (1) if the physician assistant's employer has in effect malpractice liability  
3 insurance that is at least the minimum amount specified under s. 655.23 (4) and that  
4 provides coverage for claims against the physician assistant.

5           **448.978 Professional discipline.** (1) Subject to the rules promulgated under  
6 s. 440.03 (1), the board may conduct investigations and hearings to determine
