**SENATE SUBSTITUTE AMENDMENT 1,  
TO SENATE BILL 324**

May 18, 2021 - Offered by Senator JACQUE.

- 1 **AN ACT to create** 30.76 and 30.77 (1) (c) of the statutes; **relating to:** free access  
2 to boat launches for veterans over 65 years of age.

---

***Analysis by the Legislative Reference Bureau***

This bill provides that the Department of Natural Resources, municipalities, public inland lake protection and rehabilitation districts, and town sanitary districts may not require a veteran over the age of 65 to pay for the use of a public boat launch.

Current law does not require a fee for the use of boat launches. Rules promulgated by DNR encourage the free use of boat launches, but authorize the charging of reasonable launch fees to operate and maintain boat access sites owned or operated by municipalities, lake management districts, and other access providers. DNR rules establish a fee schedule for determining a reasonable fee for the use of boat launches.

Under the bill, a veteran over the age of 65 may use any public boat launch in the state without paying a fee if the veteran provides copies of his or her vehicle registration and certificate of release or discharge from active duty (commonly known as form DD214). The bill provides that, in lieu of making any payment required at a boat launch, this documentation must be provided either to the boat

launch attendant or deposited into a receptacle provided for collecting payments at the boat launch.
